**RISKS TO INVESTORS:**  
 For details, refer to section titled "Risk Factors" on page 40 of the Prospectus.

**1. Customer Concentration Risk:** Our Company is heavily dependent on few global institutions of higher education for our revenue. Our top 10 global institutions of higher education contributed 70.56%, 86.56% and 52.39% of the revenue from operations for the financial year ended March 31, 2025, March 31, 2024 and March 31, 2023 respectively based on our Proforma Consolidated Financial Information. Any loss of such global institutions of higher education may have an adverse impact on our business, results of operations and financial condition.

**2. Agent Concentration Risk:** We are heavily dependent on the service of our agents. As of March 31, 2025, we have around 10,362 Registered Agents globally who are registered on our proprietary technology platform and during Fiscal 2025, Fiscal 2024 and Fiscal 2023 we had 3,948, 2,532, and 1,819, active agents respectively (i.e. agents from whom we received applications during the relevant period). Our top 10 agents contributed 9.61%, 8.48% and 8.47% respectively of revenue from operations and our average agent conversion rate was 70.54%, 70.04%, and 65.04% respectively of our revenue from operations for the financial year ended March 31, 2025, March 31, 2024 and March 31, 2023 respectively based on our Proforma Consolidated Financial Information. Loss of any or all such agents may have an adverse impact on our business, results of operations and financial conditions.

**3. Risk on Collaboration with global institutions of higher education:** Our success depends on our continued collaboration with global institutions of higher education. Our inability to maintain our collaboration with such global institutions of higher education may have an adverse impact on our business, results of operations and financial conditions. During Fiscals 2023, 2024 and 2025, we worked with over 173 global institutions of higher education primarily in United Kingdom, Republic of Ireland, Canada and USA.

**4. Non-comparable listed peers:** Our Company does not have any comparable listed peer companies in India and International students recruitment services are a relatively new industry. Most of the global institutions of higher education, which we have listed Indiamart Intermatch Ltd. and IDP Education Limited as our peers, our international student recruitment solutions to global institutions of higher education services do not align with those of these companies; for instance (i) Indiamart Intermatch Ltd. is an online business-to-business marketplace provider for business products and services; and (ii) IDP Education Limited is a student placement service provider and oversees the administration of the IELTS test. These companies are consultancy and platform providers, and consequently, we have considered these companies as our proxy set of listed peers.
