Term	Description
Array	A group of solar panels connected together to generate a larger amount of electricity.
CAPEX	Capital Expenditure
Carbon Footprint:	The total amount of greenhouse gases produced by a solar farm, typically measured in carbon dioxide equivalents (CO ₂ e).
Concentrated Solar Power (CSP):	Systems that use mirrors or lenses to concentrate sunlight onto a small area to generate high temperatures for electricity production.
Commissioning:	The process of testing and verifying that all components of the solar farm are operating correctly before it is officially put into operation.
Capacity Factor:	The ratio of the actual output of a solar farm over a period to the maximum possible output if it operated at full capacity all the time.
Daylight Harvesting:	A lighting control strategy that adjusts artificial lighting based on the amount of natural daylight available.
Driver	An electronic component that regulates the power supplied to the LED. It ensures the LED receives a consistent current and voltage, crucial for proper operation and longevity.
Energy Transition:	The shift from fossil fuel-based energy systems to renewable and low-carbon energy sources.
Electrical Efficiency:	The measure of how efficiently the LED converts electrical power into light. It is often represented as a percentage of the input power that is converted into visible light.
Environmental Impact Assessment (EIA)	A study required to evaluate the potential environmental effects of a proposed solar farm project.
EPC	Companies that deal with the Engineering, Procurement, Construction and Commissioning of solar systems.
Inverter	A device that converts the direct current (DC) generated by solar panels into alternating current (AC) for use in homes and businesses.

Operation and Maintenance (O&M):	Comprehensive services covering both routine maintenance and ongoing operational support for solar systems.
OPEX Model	The solar Opex model, also known as the operating expenditure or RESCO model
Power Factor:	A measure of how effectively the electrical power is being used. It is the ratio of real power (watts) to apparent power (volt-amperes). A power factor close to 1 indicates efficient use of electrical power.
Peak Sun Hours:	The number of hours per day when the solar irradiance is equivalent to 1,000 watts per square meter, used to estimate solar energy production.
Power Purchase Agreement (PPA):	A financial agreement where a third party installs and maintains solar panels on a property, and the property owner buys the generated electricity at a fixed rate.
Photovoltaic (PV)	Technology that converts sunlight directly into electricity using solar panels.
Return on Investment (ROI)	A measure of the profitability and efficiency of a solar investment, calculated as the ratio of net profit to the cost of the investment.
Renewable Energy	Energy sourced from natural processes that are continuously replenished, such as solar, wind, hydro, geothermal, and biomass energy
RESCO	Renewable Energy Service Company
Solar Panel	A collection of solar cells used to capture sunlight and convert it into electrical energy.
Solar Cell:	The basic unit of a solar panel, typically made of silicon that generates electricity when exposed to sunlight.
Solar Thermal	Technology that uses sunlight to heat a fluid, which is then used to produce hot water or generate steam for power.
Sustainability:	The ability to meet current energy needs without compromising the ability of future generations to meet theirs, often associated with renewable energy practices.
Solar Irradiance:	The power per unit area received from the Sun in the form of electromagnetic radiation. It is usually measured in watts per square meter (W/m ²).

SECTION II - SUMMARY OF THE ISSUE DOCUMENT

A. SUMMARY OF OUR BUSINESS OVERVIEW

OUR COMPANY

Our Company was originally formed as Partnership firm under the Indian Partnership Act, 1932 in name and style of “M/s. GRE Electronics” pursuant to the Partnership Deed dated April 1, 1999, between Mr. Kirtikumar Kantilal Suthar, Mr. Hasmukh Dahyalal Patel and Mr. Hareshkumar Prahladbhai Patel having its principal place of business at Plot No. 423, Dediyaan, G.I.D.C., Mehsana-384002, Gujarat on the terms and conditions contained in the said partnership deed. Further various amendments made in the aforesaid partnership deed dated April 1, 2005, April 1, 2007, February 5, 2008. The partnership firm was registered on December 14, 2007 with the Registrar of Firms, Gujarat. Thereafter deed of Co-Partnership was entered on April 24, 2008, between all the partners of M/s. GRE Electronics, where all the parties hereto for the sake of smooth working and better and effective management and improvement and advancement of business, have agreed to register the said Joint Stock Company under Part IX of the Companies Act, 1956 as a Private Limited Company with the Name “GRE Electronics Private Limited”. Accordingly, partnership firm was converted into Private Limited Company in the name and style of “GRE Electronics Private Limited” on October 24, 2008 pursuant to Part IX of the Companies Act, 1956 vide certificate of incorporation issued by Registrar of Companies, Gujarat, Dadra and Nagar Haveli. Further the name of the Company was changed from “GRE Electronics Private Limited” to “GRE Renew Enertech Private Limited” pursuant to special resolution passed by the shareholders at the Extra Ordinary General Meeting of the Company held on Thursday 1st June 2023 consequently to name change a fresh Certificate of Incorporation was granted to our Company on 6th July 2023 by the Registrar of Companies, Ahmedabad. Subsequently our Company was converted into a Public Company vide special resolution passed by the Shareholders at the Extra Ordinary General Meeting held on 28th May 2024, and consequently, the name of our Company was changed from “GRE Renew Enertech Private Limited” to “GRE Renew Enertech Limited” and a Fresh Certificate of Incorporation dated 24th July, 2024 issued by the Registrar of Companies, Ahmedabad.

At present the registered office of the Company is situated at Plot No. 423, G.I.D.C.-II, Dediyaan, Mehsana-384002, Gujarat.

For further details of change in name, change in object and change in registered office of our company, please refer to section titled ‘History and Certain Corporate Matters’ beginning on page 168 of this Red Herring prospectus.

OUR BUSINESS

GRE Renew Enertech Limited is a company that specializes in providing solar energy solutions to industrial and commercial customers. We offer green energy solutions by installing on-site solar projects. Our business operations are primarily divided into two segments: Capital Expenditure (CAPEX) and Renewable Energy Service Company (RESCO). Under the CAPEX model, we offer Engineering, Procurement, construction, and operation of solar projects. In this model, customer invests in the Capital Expenditure at their own and our Company does Engineering, Procurement, Construction, and Operation on behalf of the client. Under the RESCO model, agreement is entered into with roof-top owners. The rooftop owners may consume the electricity generated, for which they have to pay a pre-decided tariff to us as RESCO developer for the tenure of the agreement. In this model the assets (solar panels and installations) belong to Our Company. Under RESCO model, we may also develop ground mount project, in which case land for the project is owned by our Company, either on freehold or leasehold, as developer of the RESCO Project. Our Company in the past has not developed any major ground-mount project under RESCO model. However, under the RESCO Model, we have been planning to implement a 7.20 MW (AC) / 9.99 MW (DC) ground mounted solar power project.

Our Company is also an Indian manufacturer of Light Emitting Diode (“LED”) lighting solutions. However, since last few years the prime focus of our Company is in the Solar Energy segment only. The turnover from lighting business is less than 5% of the total turnover of our Company as per the last audited financial statements for the

period ended September 30, 2025 and Financial Year ended March 31, 2025.

For detailed information on the business of our Company please refer to “Our Business” beginning on page numbers 130 of this Red Herring prospectus.

SUMMARY OF OUR INDUSTRY

India's energy demand is expected to increase more than that of any other country in the coming decades due to its sheer size and enormous potential for growth and development. Therefore, most of this new energy demand must be met by low-carbon, renewable sources. India's announcement India that it intends to achieve net zero carbon emissions by 2070 and to meet 50% of its electricity needs from renewable sources by 2030 marks a historic point in the global effort to combat climate change.

India was ranked fourth in wind power capacity and solar power capacity, and fourth in renewable energy installed capacity, as of 2023. Installed renewable power generation capacity has increased at a fast pace over the past few years, posting a CAGR of 15.4% between FY16 and FY23. India has 125.15 GW of renewable energy capacity in FY23. India is the market with the fastest growth in renewable electricity, and by 2026, new capacity additions are expected to double.

With the increased support of the Government and improved economics, the sector has become attractive from an investor's perspective. As India looks to meet its energy demand on its own, which is expected to reach 15,820 TWh by 2040, renewable energy is set to play an important role.

For detailed information on the industry please refer to “Our Industry” beginning on page numbers 115 of this Red Herring prospectus.

B. PROMOTERS

The promoters of our Company are Mr. Kamleshkumar Dahyalal Patel, Mr. Kirtikumar Kantilal Suthar, and Mr. Mukeshkumar Prahladbhai Trivedi.

O. DETAILS OF PRE-ISSUE PLACEMENT

Our Company does not contemplate any issuance or placement of Equity Shares from the date of this Red Herring prospectus until the listing of the Equity Shares.

P. ISSUE OF EQUITY SHARES FOR CONSIDERATION OTHER THAN CASH IN THE LAST ONE YEAR

Our Company has not issued any equity shares as bonus issue during a period of one year preceding the date of this Red Herring prospectus.

For more details, refer chapter “Capital Structure” on page number 70 of this Red Herring prospectus.

Q. SPLIT/ CONSOLIDATION OF EQUITY SHARES IN THE LAST ONE YEAR

Our Company has not Split/Consolidated any equity share of the Company during a period of one year preceding the date of this Red Herring prospectus

For more details, refer chapter “Capital Structure” on page number 70 of this Red Herring prospectus.

R. EXEMPTION FROM COMPLYING SECURITIES LAWS

Our Company has not taken any exemption from complying with any provisions of the Securities Law from SEBI as on the date of filing of this Red Herring prospectus.

WITHDRAWAL OF DRAFT RED HERRING PROSPECTUS

Our company initially filed a Draft Draft Red Herring prospectus with the exchange on September 28, 2024, in connection with the proposed public issue of its securities. However, subsequent to the filing, the Draft Red Herring prospectus was withdrawn pursuant to a letter dated March 24, 2025.

SECTION III- RISK FACTOR

An investment in Equity Shares involves a high degree of risk. You should carefully consider all the information disclosed in this Red Herring prospectus, including the risks and uncertainties described below, before making an investment decision in our Equity Shares. If anyone or a combination of the following risks actually occur, our business, prospects, financial condition and results of operations could suffer and the trading price of our Equity Shares could decline and you may lose all or part of your investment. The risks described below are not the only ones relevant to us or our Equity Shares or the industry and regions in which we operate. Additional risks and uncertainties, not presently known to us or that we currently deem immaterial may arise or may become material in the future and may also impair our business, results of operations and financial condition. To obtain a more detailed understanding of our Company, prospective investors should read this section in conjunction with the sections titled "Our Industry" "Our Business" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" on pages 115, 130 and 212 respectively, as well as the other financial and statistical information contained in this Red Herring prospectus. In making an investment decision, prospective investors must rely on their own examination of our Company and the terms of the Issue including the merits and risks involved. Potential investors should consult their tax, financial and legal advisors about the particular consequences to them of an investment in this Issue. Potential investors should pay particular attention to the fact that our Company is incorporated under the laws of India and is subject to legal and regulatory environment which may differ in certain respects from that of other countries.

This Red Herring prospectus also contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Red Herring prospectus. Please see "Forward-Looking Statements" on page 17.

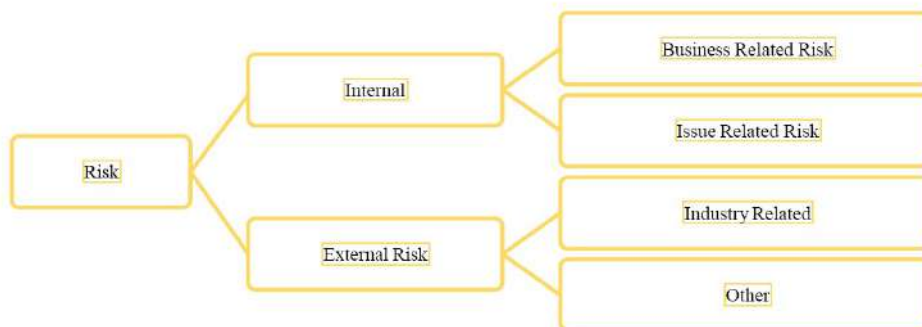

Unless specified or quantified in the relevant risks factors below, we are not in a position to quantify the financial or other implication of any of the risks described in this section. Unless otherwise stated, the financial information of our Company used in this section has been derived from the Restated Financial Statements.

Materiality

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

1. Some events may not be material individually but may be material when considered collectively.
2. Some events may have an impact which is qualitative though not quantitative.
3. Some events may not be material at present but may have a material impact in the future.

Classification of Risk Factors

Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implications of any of the risks described in this section. Unless the context requires otherwise, the financial information of our Company has been derived from the Restated Financial Information. The risk factors are classified as under for the sake of better clarity and increased understanding.

INTERNAL RISK FACTORS

Risk Relating to Our Business and Our Industry:

- 1. We may be unable to accurately estimate costs under fixed-price EPC contracts, fail to maintain the quality and performance guarantees under our EPC contracts, we may experience delays in completing the construction of solar power projects, which may increase our construction costs and working capital requirements and thus may have a material adverse effect on our financial condition, cash flow and results of operations.***

We enter into many fixed-price EPC contracts with most of our customers. We estimate essential costs, such as the cost of construction materials and direct project costs, at the time we enter into an EPC contract for a particular project and these are reflected in the overall fixed-price that we charge our customers for the solar power project. However, these cost estimates are preliminary and at the time we submit bids for a project or enter into EPC contracts, we may not have finalized these costs in our related contracts with subcontractors, suppliers and other parties involved in the solar power project. Our EPC contracts may include provisions allowing for changes by our customers to the scope of work. Such provisions generally allow us to reprice the EPC contract and charge our customer for any additional work. As a result, any failure to accurately estimate costs could result in our actual costs exceeding our estimated costs, thereby causing an increase in our construction costs and working capital requirements and as a result, we may incur losses.

- 2. We operate in a competitive industry and as such we may not be successful in bidding for and winning bids for solar power projects to grow our business at national level, which may have a material adverse effect our business, financial condition, results of operations and prospects.***

Our business depends on our ability to continually win bids for solar power projects and our current business strategy focuses on increasing the number of solar power projects to which we provide EPC services and expanding our operations into new geographies. Presently our most of our operations are concentrated in the state of Gujarat only. We bid for solar power projects and compete with other EPC solutions providers based on, among other things, pricing, technical and design and engineering expertise, financing capabilities, past experience, amount and type of guarantees given and track-record. The bidding and selection process is also affected by a number of factors, including factors which may be beyond our control, such as market conditions or government incentive programs. In addition, our competitors may choose to enter into strategic alliances or form affiliates with other competitors to our detriment. Suppliers or subcontractors may merge with our competitors which may limit the choice of subcontractors we have available to us which may limit the flexibility of our overall service capabilities. There can be no assurance that our current or potential competitors will not issue the services we provide comparable or superior to those that we issue at the same or lower prices; adapt more quickly to industry challenges; or expand their operations at a faster pace than we do. Increased competition may result in price reductions, reduced profit margins and loss of market share, thereby causing a material adverse effect on our operations, prospects and financial condition.

- 3. We have projects mainly concentrated in one state – Gujarat. Any geographical disturbance in Gujarat can heavily adversely affect our business.***

Our operations are concentrated in the state of Gujarat. The geographical revenue share of our company (Consolidated basis) is as below:

State	September 30, 2025	March 31, 2025	March 31, 2024	March 31, 2023
-------	--------------------	----------------	----------------	----------------

	Amount (₹ in Lakhs)	%	Amount (₹ in Lakhs)	%	Amount (₹ in Lakhs)	%	Amount (₹ in Lakhs)	%
Gujarat	4071.74	92.95%	7868.92	93.99%	6716.91	88.87%	3243.09	95.46%
Other Locations	308.7	7.05%	502.81	6.01%	2317.10	11.13%	1978.81	4.54%
Total	4380.44	100	8371.73	100	9034.01	100	5221.90	100

Any geographical disturbance in Gujarat can heavily adversely affect our business.

4. *Our business operations rely on consistent solar weather conditions and unfavourable solar weather conditions could have a material adverse effect on our business, financial condition and results of operations.*

Solar power is highly dependent on weather conditions and the profitability of our operations depends not only on observed solar conditions at the project site but also on the consistency of those solar conditions. Unfavourable weather conditions might make solar power projects less effective, lower their output below their rated capacity, force the shutdown of vital equipment, make solar power projects more difficult to operate and have a materially negative impact on our projected revenues and cash flows. The installation of solar power projects could be unexpectedly delayed by persistently unfavourable weather, which could postpone project completion and have a materially negative impact on our business, financial situation, and operational results.

5. *We, inter-alia, bid for projects funded by the Central and State Governments and derive our revenues from the work orders awarded to us. Any reduction in budgetary allocation to our industry sector may affect the number of projects that the government authorities/bodies may plan to develop in a particular period.*

Our business is directly and significantly dependent on projects awarded by them. Projects awarded under

(i) Solar System & Allied Services,

(ii) Electrical contracting services

Any reduction in the budgetary allocation or support by the Central and/or the State Governments may have a significant impact on the number of projects for which tenders may be issued by government authorities/bodies resulting in slowdown or downturn in our business prospects. Our business is directly and significantly dependent on projects awarded by them. Further, there can be no assurance that the state governments or local bodies will continue to place emphasis on the (i) Solar sector, Electrification of roads or Water Supply sector. In the event of any adverse change in budgetary allocations for such projects or a downturn in available work in this sector resulting from any change in government policies or priorities, our business prospects and our financial performance, may be adversely affected. The contracts with government entities may be subject to extensive internal processes, policy changes, government or external budgetary allocation, insufficiency of funds and political pressure, which may lead to lower number of contracts available for bidding or increase in the time gap between invitation for bids and award of the contract which may lead to a delay in our business operations. With reference to projects where our bids have been successful, there may be delays in award of the projects and/or notification of appointed dates, which may result in us having to retain resources which remain unallocated, thereby adversely affecting our financial condition and results of operations. Any adverse changes in the government authorities/bodies policies may lead to our contracts being foreclosed or terminated which could have an adverse effect on our business, prospects, and results of operations, cash flows and financial condition.

6. *We rely on our in-house designing and engineering team for project execution.*

Loss of employee(s) may have an adverse effect on the execution of our projects. We have an in-house team for designing and engineering which makes us self-reliant on all aspects of our business.

We have a team that comprises of engineers and professionals to ensure compliance and quality standards laid down by the industry and government agencies & departments. The scope of our services typically includes design and engineering of the Projects, procurement of raw materials, execution at site with overall project management up to the commissioning of Projects. Post commissioning, operations and maintenance of these projects for a certain period of time is generally a part of the award in recent times. The accuracy of the pre-bidding studies is dependent on the key elements like: preparing a project road map-based investigation of the project site, undertaking engineering surveys and preliminary designs which broadly include carrying out inventory and detailed condition surveys, carrying out preliminary investigations, availability of raw materials and implementing design in accordance with environmental and social concerns; and Preparation of bills of quantities covering all the items required in the work. Any deterrence or deviation in the estimation and calculation of the key elements may hamper the quality of the pre-bid engineering study, on which we rely before submitting any tenders for the relevant project. Any deviation during the implementation and operation of the project as compared to our pre-bid estimates could have a material adverse effect on our cash flows, results of operations and financial condition. We believe that our ability to effectively execute and manage projects is crucial to our continued success. We understand that maintaining quality, minimising costs and ensuring timely completion of our projects depends largely on the skill and workmanship of our employees. As competition for qualified personnel increases among engineering and construction companies, it is difficult to retain highly skilled and trained employee by any organisation. Replacement of such employees is difficult and may require time to find and employ a suitable replacement. Loss of skilled employees from our designing, engineering and construction teams may affect our ability and capability to execute projects and may also affect our growth prospects.

7. *Our Order Book may not be representative of our future results and our actual income may be significantly less than the estimates reflected in our Order Book, which could adversely affect our results of operations.*

Our Order Book as of 30/11/2025 ₹7,753.17 Lakhs has been calculated on the basis of the aggregate contract value of our ongoing projects as of such date reduced by the value of work executed by us until such date, and estimated contract value of new projects awarded to us. For the purposes of calculating the Order Book value, we do not take into account any escalation or change in work scope of our ongoing projects as of the relevant date. The manner in which we calculate and present our Order Book is therefore not comparable to the manner in which our revenue from operations is accounted, which takes into account revenue from work relating to escalation or changes in scope of work of our projects. The manner in which we calculate and present our Order Book information may vary from the manner in which such information is calculated and presented by other companies, including our competitors. The Order Book information included in this RHP is not audited and does not necessarily indicate our future earnings. Our Order Book should not be considered as a substitute for performance measures.

We may not be able to achieve our expected margins or may even suffer losses on one or more of these contracts or we may not be able to realise the revenues which we anticipated in such projects. In addition, there can be no assurance that we will be awarded the projects that we currently expect or that we will be able to execute agreements for these anticipated projects on terms that are favourable to us or at all. Some of our completed projects also include those projects for which we are yet to be issued the completion certificates by the relevant authority but are operational. We may encounter problems executing the Projects as ordered, or executing it on a timely basis. Moreover, factors beyond our control may postpone a project or cause its cancellation, including delays or failure to obtain necessary permits, authorizations, permissions, and other types of difficulties or obstructions. Delays in the completion of a project can lead to clients delaying or refusing to pay the amount,

in part or full, that we expect to be paid in respect of such project. Even relatively short delays or surmountable difficulties in the execution of a project could result in our failure to receive, on a timely basis or at all, all payments otherwise due to us on a project. These payments often represent an important portion of the margin we expect to earn on a project. In addition, even where a project proceeds as scheduled, it is possible that the contracting parties may default or otherwise fail to pay amounts owed. Any delay, reduction in scope, cancellation, execution difficulty, payment postponement or payment default in regard to our Order Book projects or any other uncompleted projects, or disputes with clients in respect of any of the foregoing, could materially harm our cash flow position, revenues and earnings. Accordingly, the realization of our Order Book and the effect on our results of operations may vary significantly from reporting period to reporting period depending on the nature of such contracts, actual performance of such contracts, as well as the stage of completion of such contracts as of the relevant reporting date.

8. *Delays in the completion of current and future projects could lead to termination of engineering, procurement and construction (“EPC”) agreements or cost overruns, which could have an adverse effect on our cash flows, business, results of operations and financial condition.*

Due to our business operations in multiple jurisdictions, there may be delays in the completion of current and future projects which could lead to termination of engineering, procurement and construction (“EPC”) agreements or cost overruns, which could have an adverse effect on our cash flows, business, results of operations and financial condition. We have experienced such delays for our past projects due to reasons like: failure to obtain necessary permits, authorizations, permissions, and other types of difficulties or obstructions, change in the scope of work, execution difficulty, payment postponement by government authorities, pandemic like: COVID 19, natural or manmade calamities etc. However, as of now we have not defaulted in completion of any of the projects. Our projects are typically subject to a completion schedule. We are also required to provide security deposit or bank guarantees to customers to complete projects on schedule. Any failures to adhere to a contractually agreed schedule for reasons other than the agreed force majeure events could result in us being required to pay liquidated damages, which would usually be a certain percentage of the total project cost, or lead to forfeiture of security deposits or invocation of performance guarantees. We monitor various business functions including project management, materials management, inventory management, procurement planning, quality management, project maintenance, finance and controlling, environment health and safety, and human resources. We consistently make efforts to maintain and upgrade our systems to suit our business requirements and improving efficiency in our operations. Any future failures to complete projects on schedule could have a material adverse effect on our results of operations and financial condition.

9. *The Objects of the Issue for which funds are being raised, are based on our management estimates and any bank or financial institution or any independent agency has not appraised the same.*

The Objects of the Issue for which funds are being raised, are based on our management estimates and any bank or financial institution or any independent agency has not appraised the same. The Objects of the Issue and the proposed deployment of funds is based on the Detailed Project Report (“DPR”) Dated September 24, 2025 prepared by Er. Rajul Garg, Garg & Associates, Government Approved Valuers, Chartered Engineers and Industry Consultants.

The deployment of funds in the project is entirely at our discretion, based on the parameters as mentioned in the chapter titles “Objects of the Issue”. The fund requirement and deployment, as mentioned in the “Objects of the Issue” on page 87. of this Red Herring prospectus is based on the estimates of our management and the DPR referred above, and has not been appraised by any bank or financial institution or any other independent agency. These fund requirements are based on our current business plan. We cannot assure that the current business plan will be implemented in its entirety or at all. In view of the highly competitive and dynamic nature of our business, we may have to revise our business plan from time to time and consequently these fund requirements. The deployment of the funds as stated under chapter “Objects of the Issue” is at the discretion of

our Board of Directors and is not subject to monitoring by any external independent agency. Further, we cannot assure that the actual costs or schedule of implementation as stated under chapter “Objects of the Issue” will not vary from the estimated costs or schedule of implementation. Any such variance may be on account of one or more factors, some of which may be beyond our control. Occurrence of any such event may delay our business plans and/or may have an adverse bearing on our expected revenues and earnings.

10. We have experienced negative operating cash flows in the past. Any operating losses or negative cash flows in the future could adversely affect our results of operations and financial conditions.

The detailed break up of cash flows based on Restated Consolidated Financial Statements is summarized in below table and our Company has reported negative cash flow from operating activity for the year 2022-23 and Company has reported negative cash from Investing activity during the financial period ended on September 30, 2025 and during the financial year ended 2023-24 and 2024-25, and Company has reported negative cash flow from Financing activity in the for the during the financial period ended on September 30, 2025 and during the financial year ended 2022-23 and 2024-25, 2023-24 as detailed below:

Particulars	For the period ended 30 th September, 2025	For the year ended March 31, 2025	For the year ended March 31, 2024	For the year ended March 31, 2023
Net cash from Operating Activities	27.77	1,065.51	581.02	-286.80
Net cash from Investing Activities	-118.39	-1,022.12	-63.33	596.96
Net cash from Financing Activities	-38.68	-4.50	-57.52	-334.21

Cash flow of a company is a key indicator to show the extent of cash generated to meet capital expenditure, pay dividends, repay loans and make new investments without raising finance from external resources. Any operating losses or negative cash flows could adversely affect our results of operations and financial conditions. If we are not able to generate sufficient cash flows, it may adversely affect our business and financial operations

11. Increase in the prices of raw materials and labour could have an adverse effect on our business, results of operations and financial condition.

We undertake Projects by bidding for tenders issued by various government authorities/bodies across the Globe. A significant part of the execution of any project is Planning, Designing, Procurement, Execution, Testing and Commissioning, Monitoring and Controlling, Operations & Maintenance This activity requires significant raw materials, stores and spares and labour and therefore forms a major cost for our operations. We are vulnerable to the risk of rising and fluctuating prices of raw materials which are determined by demand and supply conditions in the global and Indian markets. Any unexpected price fluctuations after placement of orders, shortage, delay in delivery, quality defects, or any factors beyond our control may result in an interruption in the supply of such materials and adversely affect our business, financial performance and cash flows. We may suffer significant cost overruns or even losses in these projects due to unanticipated cost increases resulted from a number of factors such as changes in assumptions underlying our contracts, unavailability or unanticipated increases in the cost of raw materials, fuel, labour and stores and spares, changes in applicable taxation structures or the scope of work, delays in obtaining requisite statutory clearances and approvals, delays in possession of project site by the client, disruptions of the supply of raw materials due to factors beyond our control, unforeseen design or engineering challenges, inaccurate drawings or technical information provided by clients, severe weather conditions or force majeure events. Despite the escalation clauses in some of our EPC contracts, we may experience difficulties in enforcing such clauses to recover the costs we incurred in relation to the additional work performed at the clients’ requests or due to the change of scope of work. If any of these risks materialize, they could adversely affect our profitability, which may in turn have an adverse effect on our overall results of operation.

12. Additionally, we do not have long-term contracts with suppliers of Solar PV module and all other raw materials and therefore, are susceptible to potential unavailability of raw materials.

The availability of solar PV module and various raw materials, essential for manufacturing solar PV modules is purchased from raw material suppliers with whom we do not have long term supply agreements. We purchase all these raw materials on a need basis primarily through the spot market purchase mechanism and seek to source such raw materials from diverse suppliers. In the past few years, there has been a growing demand for solar power products necessitating continuing expansion of the full solar value chain industry. This growing demand and global supply chains to meet such demand, however, has been negatively impacted by the unforeseeable factors like: COVID-19 pandemic. In the future, there may be industry-wide fluctuations in the supply of raw materials due to the growing demand for solar PV modules. We may, from time to time, experience late delivery from suppliers and may have to purchase raw materials at a higher price or with lower conversion efficiencies/ specifications, which in turn may result in reduced revenues per solar PV module. There can be no assurance that the current procurement efforts will be successful in ensuring an adequate supply of raw materials at viable prices to meet our solar PV module production requirements. If we are unable to meet customer demand for our products or if our products are only available at a higher price because of a shortage of raw materials, we could lose customers, market share and revenue. Further, many of our competitors, that also purchase raw materials from our suppliers, may have stronger relationships as well as greater bargaining power with the suppliers. This may materially and adversely affect our business, financial condition, results of operations and cash flow.

13. Our actual cost in executing Projects may vary substantially from the assumptions underlying our bid or estimates. We may be unable to recover all or some of the additional costs and expenses, which may have a material adverse effect on our results of operations, cash flows and financial condition.

Under the terms and conditions of agreements with government authorities/bodies for the work orders awarded to our company, we generally receive an agreed sum of money, subject to contract variations covering changes in the client's project requirements. Our actual expenditure in executing such projects may vary substantially from the assumptions underlying our bid and estimates for various reasons, including, unanticipated increases in the cost of raw materials, fuel, labour or other inputs or delay in obtaining certain approvals or delay caused by local weather conditions and suppliers' failures to perform. Our ability to pass on increases in the purchase price or cost of raw materials, labour and other inputs may be limited in the case of contracts with limited or no price escalation provisions, and we cannot assure you that these variations in cost will not lead to financial losses to us in future. Further, other risks generally inherent to our industry may result in our profits from a project being less than as originally estimated or may result in us experiencing losses due to cost and time overruns, which could have a material adverse effect on our cash flows, business, financial condition and results of operations. It is confirmed that there has been no such aforesaid instance in our Company in the past.

14. Our business is operating under various laws which require us to obtain approvals from the concerned statutory/regulatory authorities in the ordinary course of business and our inability to obtain, maintain or renew requisite statutory and regulatory permits and approvals for our business operations could materially and adversely affect our business, prospects, results of operations and financial condition.

Our business requires us to obtain and renew from time to time, certain approvals, licenses, registrations and permits, some of which have expired and for which we have either made or are in the process of making an application for obtaining the approval or its renewal. In particular, we require certain approvals, licenses, registrations and permissions under various regulations, guidelines, circulars and statutes regulated by various authorities for operating our business activities that by us may contain conditions, some of which could be onerous. There can be no assurance that the relevant authorities will issue these approvals or licenses in a timely manner, or at all. In the event of any unanticipated delay in receipt of such approvals, it will have an adverse impact on our business operations. Failure by us to renew, maintain or obtain the required permits or approvals at the requisite time may result in the interruption of our operations and may have an adverse effect on our

business, financial condition and results of operations. Further, we cannot assure that the approvals, licenses, registrations and permits issued to us would not be suspended or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. Any failure to renew the approvals that have expired or apply for and obtain the required approvals, licenses, registrations or permits, or any suspension or revocation of any of the approvals, licenses, registrations and permits that have been or may be issued to us, may impede our operations. For further details, see “Government and Other Approvals” on page no 231 of this Red Herring prospectus. In the event that we are unable to obtain such approvals in a timely manner or at all, our business operations may be adversely affected. We may be impleaded in any environmental legal proceedings in the course of our business due to non-compliances with terms and conditions of regulatory approvals or authorizations. An inability to complete our Ongoing Projects by their respective expected completion dates or at all could have a material adverse effect on our business, results of operations and financial condition. Our ability to complete our projects within the expected completion dates or at all is subject to a number of risks and unforeseen events. As of November 30, 2025, we have Ground Mounted and Rooftop ongoing Projects, with total order book of ₹ 7753.17 lakhs approx. Whilst there have been any delays in any of our Completed and Ongoing Projects or approvals required for any of our Ongoing Projects due to reasons not attributable to the company, we cannot assure you that we will not experience any delays in any of our projects going forward. The company faces potential penalties such as liquidation damages, deductions from bills, revocation of bank guarantees and blacklisting due to missed deadlines. While in past instances the company has not been blacklisted or the bank guarantees have not been forfeited by any authority, there is no assurance that we may not face any such penalties or damages in the future.

15. Our contracts with government authorities/bodies usually contain terms that favour them and they may terminate our contracts prematurely under various circumstances beyond our control and as such, we have limited ability to negotiate terms of these contracts and may have to accept restrictive or onerous provisions.

Our inability to negotiate terms that are favourable to us may have a material adverse impact on our financial condition and results of operations. For instance, the terms laying out our obligations, as well as quotations for our projects (as applicable) are determined by the government entities and we are not permitted to amend such terms. The contractual terms may present risks to our business, including:

- risks we have to assume and lack of recourse to the government authorities/bodies;
- liability for defects arising after the termination of the agreement;
- clients’ discretion to grant time extensions, which may result in project delays and/or cost overruns;
- our liability as a contractor for consequential or economic loss to our clients;
- commitment of the government authorities/bodies to secure encumbrance free land, utility shifting and delay in obtaining approvals; and
- the right of the government authorities/bodies to terminate our contracts after providing us with the required written notice within the specified notice period.

It is confirmed that there has been no such aforesaid instance in our Company in the past.

16. Our business is exposed to various implementation risk and other uncertainties which may adversely affect our business, results of operations and financial condition.

Our operations are subject to project management, materials management, inventory management, procurement planning, quality management, project maintenance, finance and controlling, environment health and safety, and human resources. The development of these projects involves various implementation risks including delays or disruption in supply of raw materials, unanticipated cost increases, force majeure events, cost overruns. We may be further subject to risks such as:

- unforeseen technical problems, disputes with works and labour contractor, force majeure events and unanticipated costs due to defective plans and specifications;

- not being able to obtain adequate capital or other financing at affordable costs or obtain any financing at all to complete any of our projects;
- not being able to provide the required guarantees under project agreements or enter into financing arrangements;
- experiencing shortages of, and price increases in, materials and skilled and unskilled labour, and inflation in key supply markets;
- the relevant authorities may not be able to fulfil their obligation prior to construction of a project, in accordance with the relevant contracts resulting in unanticipated delays;
- spread of infectious diseases at our project sites, resulting in temporary shutdown of operations at such sites until such sites are successfully decontaminated and the relevant persons are quarantined;
- delays in completion and commercial operation could increase the financing costs associated with the project execution and cause our forecast budget to be exceeded;
- risk of equipment failure that may cause injury and loss of life, and severe damage to and destruction of property and equipment; and
- other unanticipated circumstances or cost increases.

Our Projects with long gestation period and require substantial capital infusion at periodic intervals before our invoice is certified by the government authorities/bodies. There cannot be any assurance that these projects will be completed in the time expected. If any or all of these risks materialise, we may suffer significant cost overruns or even losses in these projects due to unanticipated increase in costs as a result of which our business, profits and results of operations will be materially and adversely affected.

17. We may not be able to grow our portfolio of renewable energy power projects as we rely on highly competitive renewable energy power project auctions.

Our strategy to grow our business includes expanding and diversifying our renewable energy portfolio to include Resco and hybrid model projects for which we have to participate in bids and bid against other renewable energy players. We compete for project awards based on, among other things, pricing, technical and engineering expertise, financing capabilities, past experience and track record. The bidding and selection process is also affected by a number of factors, including those beyond our control, such as market conditions or government incentive programs. We only submit bids for those renewable energy auctions where we are comfortable with the policies, incentives, credit history of the off-taker, and evacuation infrastructure availability, transmission systems, water, roads and communications networks and other ancillary infrastructure, competitive intensity, capacity on Issue and restrictions on maximum/minimum bid quantity. However, it is difficult to predict whether and when we will be awarded a new renewable power project.

In addition, the government conducted tender processes may be subject to change in qualification criteria, unexpected delays and uncertainties. There can be no assurance that the projects for which we bid will be tendered within a reasonable time, or at all. In the event that new projects which have been announced and which we plan to bid for are not put up for tender within the announced timeframe, or qualification criteria are modified such that we are unable to qualify, our business, prospects, financial condition, cash flows and results of operations could be materially and adversely affected.

The success percentage in winning the auction/ tenders by our Company in the past is as below:

Year	No. of auctions / tenders participated	Cumulative Capacity of the projects under the auctions/ tender participated	No. of tenders successfully awarded	% of tenders successfully awarded	Cumulative capacity of the projects under the auctions/tender successfully awarded	% of the capacity of the projects under the auctions/tender successfully awarded

18. We are dependent on our Power Purchase Agreements (“PPA”) to sell power and generate our revenue from operations. Further, the terms of our PPAs may expose us to certain risks that may affect our future results of operations and cash flows.

As an industry practice, we typically enter into long term PPAs for a period of 25 years and sell power generated from our power projects to central and state government entities and government-backed corporations at pre-determined tariffs. Under our PPAs, we are required to furnish and maintain a performance bank guarantee from the date of signing the PPA to the date as specified in the PPA. In the event there are any delays in commissioning of our projects, it may result in liquidation of performance bank guarantees and on complete liquidation, the non-commissioned capacity is likely to be terminated by the offtaker. While there have been no such instances where our performance bank guarantees have been invoked in the last three Fiscals, we cannot assure you that such instances will not happen in future. Further, in the event we seek an extension of the term of a PPA, we are not likely to be able to renegotiate the terms of the PPA to include a higher tariff rate. Further, in the event there is excess generation of electricity above the stipulated capacity, the offtaker is only obliged to accept the partial additional generation at reduced tariffs, which may result in loss of additional revenue from operation for sale of power. Typically, once we have won a bid, we are awarded a letter of award, subsequent to which we sign the PPAs. In the event there are delays in the execution of PPAs, we may not be able to develop the projects on time which may impact our operational capacity as well as result in loss of revenue from operations from sale of power.

19. Exceptional growth rates in our business could indicate volatility, and our high dependence on the solar segment may expose us to potential risks.

Our business has recently experienced significant growth in revenue and profitability, and there can be no assurance that such growth will be sustained in the future. In F.Y. 2022–23, our Company diversified into the solar segment. During the initial year of operations in this segment, projects were executed at lower margins and relatively smaller volumes. With the experience gained, in F.Y. 2023–24, our solar business witnessed substantial growth driven by increased project execution, improved margins, and favorable business conditions, resulting in revenue from operations increasing by approximately 73%.

While this growth reflects our strengthened market position and improved operating efficiency, such exceptional growth rates may not be indicative of future performance. Our business is subject to various factors, including industry dynamics, availability of projects, government policies, competition, input costs, and overall economic conditions. Any inability to sustain similar project volumes, profitability levels, or favorable market conditions could materially and adversely affect our business, financial condition, and results of operations. Further, our high dependence on the solar business segment increases the volatility of our financial performance.

20. Our Company has in the past entered into related party transactions and may continue to do so in the future. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our Company's financial condition and results of operations.

As on September 30, 2025, we have entered into related party transactions with our Promoter, Directors and Group Companies. Whilst these related party transactions have been disclosed in our financial statements as per AS-18, and we believe that all such transactions have been conducted on an arms-length basis, we cannot assure you that we may not have achieved more favorable terms had such transactions been entered into with unrelated parties. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our business, prospects, results of operations and financial condition, including because of potential conflicts of interest or otherwise. For further details kindly refer to the chapter titled 'Financial Statements' beginning on page 209 of this RHP.

21. There have been instances of delays in filings of certain forms which were required to be filed as per the reporting requirements under the Companies Act, 2013 to RoC.

In the past, there have been certain instances of delays in filing of certain statutory forms which have been subsequently filed by payment of an additional fee as specified by ROC. No show cause notice in respect to the above has been received by our Company till date and no penalty or fine has been imposed by any regulatory authority in respect to the same. It cannot be assured, that there will not be such instances in the future or our Company will not commit any further delays in relation to its reporting requirements, or any penalty or fine will not be imposed by any regulatory authority in respect to the same. The happening of such event may cause a material effect on our results of operations and financial position. There have been instances where the filing of forms has been delayed, as outlined below:

Our Company has taken various measures to mitigate such instances, inter-alia the followings:

- The company has already appointed a full-time company secretary and compliance officer with effect from February 20, 2024, who the role and responsibility to ensure timely compliances;
- We have strengthened our internal controls procedures for timely filings of documents with the MCA;
- We have also implemented the mechanism of compliance calendar outlining filing deadlines for various documents and forms with MCA.

22. Our Company, in the past has delayed in payment of statutory dues. Any Penalty or demand raised by statutory authorities in future will affect our financial position of the Company.

The Company experienced minor delays in filing of EPF, ESIC returns during the financial years 22-23, 23-24 due to administrative gaps during the relevant period. To ensure timely and accurate filing of all statutory returns, including Provident Fund (PF) and Employees' State Insurance (ESI), the Company has significantly strengthened its Human Resource (HR) compliance framework through a structured approach and key appointments. PAL Associates, a professional HR and statutory compliance consultant, was appointed in April 2024 to oversee and guide all statutory compliance activities related to HR. Further, a dedicated Assistant Manager – HR was appointed in January 2025 to manage HR operations and statutory filings on a day-to-day basis, ensuring proper data maintenance, documentation, and timely submission of returns. To reinforce governance and accountability, the Company also engaged a Virtual CHRO from July 2025, who is responsible for establishing robust systems, monthly tracking mechanisms, and an internal review process for all HR compliances. Looking ahead, potential technical issues, internal reconciliation challenges, staffing shortages, or unforeseen circumstances could lead to future delays in return filings, potentially resulting in fines and penalties that may affect the company's financial position.

The Detail of delay has been mentioned as given in table below:

Particular	Month	Due Date	Return Filing Date	No. of Days Delayed	Reason for Delay

Our Company has inadvertently delayed in the payment of the ESIC, PF. While our Company has paid the interest, as applicable on delays in payment of these statutory dues and no such dues are outstanding as on date of this Draft Red Herring Prospectus, we are in the process of improving the administration. As a result, it may be noted that there was no delay Since May 2024 by our Company. In addition, while no actions have been initiated against our Company in relation to the abovementioned delay, our Company cannot assure you that any statutory action will not be initiated against our Company in future.”

23. *If we are unable to establish and maintain an effective system of internal controls and compliances, our business and reputation could be adversely affected*

We manage our internal compliance by monitoring and evaluating internal controls and ensuring all relevant statutory and regulatory compliances. However, there can be no assurance that deficiencies in our internal controls will not arise or that we will be able to implement and continue to maintain adequate measures to rectify or mitigate any such deficiencies in our internal controls, in a timely manner or at all. If we are unable to establish and maintain an effective system of internal controls and compliances, our business and reputation could be adversely affected.

24. *We may be unable to sufficiently obtain, maintain, protect, or enforce our intellectual property and other proprietary rights.*

As on date of this Red Herring prospectus, we have following trademarks under the registration process:

S.NO	Original Trademark Name	Registration No.	Class	Current Status
1.		-	9, 11	Registration Under Process

For further details, see “Government and Other Approvals” on page 231. The said trademarks are not registered and the same is under process. We may receive objections against our trademarks filed with the registering authority. Further, after registration the trademarks are required to be renewed from time to time. Any failure to get registration or renew registration of our registered trademark may affect our right to use such trademark in future. Further, our efforts to protect our intellectual property in India and abroad may not be adequate and any third-party claim on any of our unprotected intellectual property may lead to erosion of our business value and our reputation, which could adversely affect our operations. Third parties may also infringe or copy our registered brand name in India and abroad which has been registered by us in India. We may not be able to detect any unauthorized use or take appropriate and timely steps to enforce or protect our trademarks in India and abroad. Further, if do not maintain our brand name and identity, which we believe is one of the factors that differentiates us from our competitors, we may not be able to maintain our competitive edge. If we are unable to compete successfully, we could lose our customers, which would negatively affect our financial performance and profitability. Moreover, our ability to protect, enforce or utilize our tradename is subject to risks, including general litigation risks. Furthermore, we cannot assure you that such tradename will not be adversely affected in the future by actions that are beyond our control, including customer complaints or adverse publicity from any other source. Any damage to our tradename, if not immediately and sufficiently remedied, could have an adverse effect on our business and competitive position.

25. *We may not be able to grow our portfolio of solar power projects as we rely on highly competitive central and state government solar power project auctions.*

Our current business strategy includes plans to further grow our Resco/IPP assets. Competition to acquire new solar power projects occurs at the bidding and tendering stage as we bid against other solar power IPPs for long term PPAs in central and state government solar power auctions. We compete for project awards based on, among other things, pricing, technical and engineering expertise, financing capabilities, past experience and track record. The bidding and selection process is also affected by a number of factors, including factors which may be beyond our control, such as market conditions or government incentive programs. It is difficult to predict whether and when we will be awarded a new solar power project.

Our competitors may have greater financial resources, a more effective or established localized business presence or a greater willingness or ability to operate with little or no operating margins for sustained periods of time. Any increase in competition during the bidding process or decline in our competitive capabilities could have an adverse impact on our market share and on the margins we generate from our solar power projects. The solar power industry has witnessed continuously falling tariffs in recent times. Tariff rates have declined significantly from Rs 7.49 per kWh, the lowest tariff in 2011, to less than Rs 3 per kWh in 2017. There can be no assurance that we will be able to match our competitors' bids going forward. If we miscalculate our proposed tariff rates or if we misjudge our costs when we submit competitive bids, we may not win the rights to develop new solar power projects or may win auctions that are not as profitable for us as we intend. In addition, after we win a state auction and prior to signing a PPA, the tariff must be adopted by the relevant state regulatory commission. However, there have been instances where such approval has not been obtained.

In addition, the rules of the auction process may change. Each state in India has its own regulatory framework and several states have their own renewable energy policies. The rules governing the various regional power markets may change from time to time and they may be contrary to our interests and adverse to our financial returns. For example, most national auctions currently use the reverse auction structure, in which several bidders take part in the same project. There can be no assurance that the central and state governments will continue to allow us to utilize such bidding structures and any shift away from the current structures could increase the competition and benefit other bidders more than us adversely affecting our business, results of operations and cash flows.

There can be no assurance that we will be successful in winning any of the bids we have submitted or that we will be able to grow our IPP assets. We also incur certain costs relating to technical and other assessments when we submit bids. If we do not win the bid, we will not be able to recoup such costs at all, which will have an adverse effect on our results of operations.

26. *We have not independently verified certain data in this Red Herring prospectus.*

We have not independently verified data from the Industry and related data contained in this Red Herring prospectus and although we believe the sources mentioned in the report to be reliable, we cannot assure you that they are complete or reliable. Such data may also be produced on a different basis from comparable information compiled with regards to other countries. Therefore, discussions of matters relating to India, its economy or the industries in which we operate that is included herein are subject to the caveat that the statistical and other data upon which such discussions are based have not been verified by us and may be incomplete, inaccurate or unreliable. Due to incorrect or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, we cannot assure you that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

27. Implementing our growth strategy requires significant capital expenditure and will depend to a significant extent on our ability to obtain the necessary funding and on acceptable terms.

We require significant capital for the installation and construction of our solar power projects and other aspects of our operations. There can be no assurance that going forward we will be able to finance our projects with a combination of equity and debt as we have done in the past or that the terms of available financing will remain attractive. Any changes to our growth strategy could affect our ability to grow our portfolio of projects and also force us to be more conservative with our growth strategy.

We expect to repay a portion of our existing debt with the Net Proceeds from this Issue and maintain sufficient reserves for future expansion of our business. However, we give no assurance that we will be successful in obtaining additional financing in the time periods required or at all, or on terms or at costs that we find attractive or acceptable. Any such failures may render it impossible for us to fully execute our growth plan. In addition, rising interest rates could adversely affect our ability to secure financing on favorable terms and our cost of capital could, as a result, increase significantly.

Our ability to obtain external financing is subject to a number of uncertainties, including:

- our future financial condition, results of operations and cash flows;
- the general condition of global equity and debt capital markets;
- regulatory and government support in the form of tax credit incentives, and other incentives;
- the continued confidence of banks and other financial institutions in us and the solar power industry;
- economic, political and other conditions in India; and
- our ability to comply with any financial covenants under our debt financing.

Any additional equity financing by our Company may be dilutive to our shareholders and any debt financing may contain restrictive covenants that limit our flexibility going forward. Our Project SPVs' credit ratings may be downgraded, which would adversely affect our ability to refinance debt and increase our cost of borrowing. Failure to manage discretionary spending and raise additional capital or debt financing as required may adversely affect our ability to achieve our intended business objectives.

28. We operate in a competitive industry and as such we may not be successful in bidding for and winning bids for solar power projects to grow our business globally, which may have a material adverse effect on our business, financial condition, results of operations and prospects.

Our business depends on our ability to continually win bids for solar power projects and our current business strategy focuses on increasing the number of solar power projects to which we provide EPC services and expanding our operations into new geographies. We bid for solar power projects and compete with other EPC solutions providers based on, among other things, pricing, technical and design and engineering expertise, financing capabilities, past experience, amount and type of guarantees given and track-record. The bidding and selection process is also affected by a number of factors, including factors which may be beyond our control, such as market conditions or government incentive programs.

In addition, our competitors may choose to enter into strategic alliances or form affiliates with other competitors to our detriment. Suppliers or subcontractors may merge with our competitors which may limit the choice of subcontractors we have available to us which may limit the flexibility of our overall service capabilities. There can be no assurance that our current or potential competitors will not offer the services we provide comparable or superior to those that we offer at the same or lower prices; adapt more quickly to industry challenges; or expand their operations at a faster pace than we do. Increased competition may result in price reductions,

reduced profit margins and loss of market share, thereby causing a material adverse effect on our operations, prospects and financial condition.

29. Orders in our order book may be delayed, modified or cancelled and letters of intent may be withdrawn or may not translate to confirmed orders, which may have a material adverse effect on our business, results of operations and financial condition.

Due to changes in project scope and schedule, we cannot predict with certainty when, or if the solar power projects in our order book will be performed. In addition, when a project proceeds as scheduled, it is possible that our customers may default and fail to pay amounts due. We cannot guarantee that the income anticipated in our order book will be realized on time, or at all. Any project cancellations or scope adjustments, which may occur from time to time, could reduce the amount of our order book and the income and profits that we ultimately earn from the contracts. Any delay, cancellation or payment default could have a material adverse effect on our business, results of operations and financial condition.

For some of the contracts in our order book, our customers are obliged to perform or take certain actions, such as acquiring land, securing rights of way, clearing forests, supplying owner-supplied material, securing required licenses, authorizations or permits, making advance payments or procuring financing, approving designs, approving supply chain vendors and shifting existing utilities. If customers do not perform these and other actions in a timely manner or at all, and the possibility of such failure is not provided for in the EPC contract, our projects could be delayed, modified or cancelled and as a result, our business, results of operations and financial condition could be materially and adversely affected. It is confirmed that there has been no such aforesaid instance in our Company in the past.

30. Our business operations rely on consistent solar weather conditions and unfavorable solar weather conditions could have a material adverse effect on our business, financial condition and results of operations.

Solar power is highly dependent on weather conditions and the profitability of our operations depends not only on observed solar conditions at the project site but also on the consistency of those solar conditions. Unfavorable weather conditions might make solar power projects less effective, lower their output below their rated capacity, force the shutdown of vital equipment, make solar power projects more difficult to operate and have a materially negative impact on our projected revenues and cash flows. The installation of solar power projects could be unexpectedly delayed by persistently unfavorable weather, which could postpone project completion and have a materially negative impact on our business, financial situation, and operational results. It is confirmed that there has been no such aforesaid instance in our Company in the past.

31. The average cost of acquisition of Equity Shares by our Promoters could be lower than the issue price.

Our Promoters' average cost of acquisition of Equity Shares in our Company can be lower than the Issue Price of the shares proposed to be issued through this Red Herring prospectus. For further details regarding average cost of acquisition of Equity Shares by our Promoters in our Company, please refer to page 199. of this Red Herring prospectus.

32. Our Promoters and members of the Promoter Group will continue jointly to retain majority control over our Company even after the Issue which will allow them to determine the outcome of matters submitted to shareholders for approval.

Post this Issue, our Promoters and Promoter Group will collectively own 69.99 % of our post issue equity share capital. As a result, our Promoters, together with the members of the Promoter Group, will continue to exercise a significant degree of influence over the Company and will be able to control the outcome of any proposal that can be approved by a majority shareholder vote, including, the election of members to our Board, in accordance with the Companies Act, 2013 and our Articles of Association. Such a concentration of ownership may also

have the effect of delaying, preventing or deterring a change in control of our Company. In addition, our Promoters will continue to have the ability to cause us to take actions that are not in, or may conflict with, our interests or the interests of some or all of our creditors or other shareholders and we cannot assure you that such actions will not have an adverse effect on our future financial performance or the price of our Equity Shares.

33. There may be potential conflicts of interest if our Promoters or Directors get involved in any business activities that compete with or are in the same line of activity as our business operations.

At present none of our Promoter are engaged in any other business having object similar to the line of business of our Company. However, there can be no assurance that our Promoter or members of the Promoter Group will not compete with our existing business or any future business that we may undertake or that their interests will not conflict with ours. Any such future conflicts could have a material adverse effect on our reputation, business, results of operations and financial condition which may adversely affect our profitability and results of operations.

34. Several of our key raw materials and components are sourced from a limited group of third-party suppliers giving rise to supplier concentration risks. Any restrictions in supply or defects in quality could cause delays in project construction or implementation and impair our ability to provide our services to customers at a price that is profitable to us, which could have a material adverse effect on our business, financial condition and results of operations.

Our failure to obtain raw materials and components that meet our quality, quantity and cost requirements in a timely manner could interrupt or impair our ability to provide our services or increase our operating costs. We depend on a limited number of suppliers for our key raw materials. As a result, any failure of any of our suppliers to perform could disrupt our global supply chain and materially and adversely affect our operations.

In addition, we engage with local and global suppliers for raw materials for our projects and any adverse regulations for engaging local suppliers; import and export restrictions; transportation and related infrastructure failures; or deterioration in diplomatic relationships and bilateral trade disputes could increase supply costs, which could have a material adverse effect on our operations and financial condition. For instance, anti-dumping and countervailing or anti-subsidy duties imposed on solar PV cells imported from certain countries, such as China, may restrict our choice of suppliers, which may result in increased supply costs for our projects, materially and adversely affecting our profitability, financial condition and results of our operations.

35. Our success will depend on our ability to attract and retain our key managerial personnel, our design and engineering team and other key personnel. Failure to do so may have a material adverse effect on our business, financial condition and results of operations.

Our success heavily depends upon the continued services of our Key Managerial Personnel, along with support of our Promoters. We also depend significantly on our Key Managerial Personnel for executing our day-to-day activities. The loss of any of our Promoters and Key Management Personnel, or failure to recruit suitable or comparable replacements, could have an adverse effect on us. The loss of service of the Promoters and other senior management could seriously impair the ability to continue to manage and expand the business efficiently. If we are unable to retain qualified employees at a reasonable cost, we may be unable to execute our growth strategy. For further details of our Directors and Key Managerial Personnel, please refer to chapter — “Our Management” beginning on page 180.

36. Change in technology, evolving customer requirements and emerging industry trends may affect our business, may render our current technologies obsolete and may require us to make substantial capital investments.

Our ability to respond to technological advances, evolving customer requirements, and emerging industry standards and practices in a cost-effective and timely manner is critical to our future success. The development

and implementation of such technology entails significant technical and business risk, as well as significant implementation costs. We cannot guarantee that new technologies will be successfully implemented or that our processing systems will be able to adapt to changing customer requirements or emerging industry standards. Technological advancements may make newer solutions more competitive than ours, or they may necessitate additional capital expenditures to upgrade our facilities and technology. If we are unable, for technical, legal, financial or other reasons, to adapt in a timely manner to changing market conditions, evolving customer requirements or technological changes, our business, financial condition and results of operations could be materially and adversely affected.

37. Our insurance coverage may not be adequate to protect us against certain operating hazards and this may have a material adverse effect on our business.

At present, our company has taken insurance policy for employees, assets including properties, equipment. Any risk of damage may be controlled, but not eliminated. We cannot assure you that there will not be any incidents which may result in liability claims or negative publicity. As a result, it may adversely affect our results of operations and financial Conditions.

38. An inability to protect our intellectual property rights, or any exposure to misappropriation and infringement claims by third parties, could have an adverse effect on our business, reputation, financial condition and results.

We rely on our branding and intellectual property rights for the success of our business and in order to protect our intellectual property, we obtain appropriate statutory registrations. As on date of this Red Herring prospectus, we have 2 (Two) trademarks (registration under process) under the Trademarks Act, 1999. For further details in relation to our intellectual property approvals, see “*Our Business – Intellectual Property*” on page 130. of Red Herring prospectus

Our failure to register or protect our intellectual property rights may undermine our brand and hinder the growth of our business. If any of our confidential or proprietary information were to be disclosed or misappropriated, or if a competitor independently developed any such information, our competitive position could be harmed.

Successful infringement claims against us could result in significant monetary liability. Our defense of any such claim, regardless of its merit, could also be time consuming and divert management resources. In addition, resolution of claims may require us to cease using those rights altogether. In addition, there is no assurance that steps taken by us to protect our intellectual property rights will be adequate to stop infringement by others, including imitation and misappropriation of our brand.

39. Our operations may cause injury to people or property and therefore could subject us to significant disruptions in our business, legal and regulatory actions, costs and liabilities which could materially and adversely affect our business, financial condition and results of operations.

Our operations necessitate that our employees and other workers work in potentially hazardous conditions. Our operations may result in mechanical and electrical failures as a result of improper component and power cable installation, accidents or malfunctions at project sites, including port facility malfunctions, rail and road connectivity to project sites, corrosion of equipment, and weather-related or other risks related to structural integrity post-commissioning. The operation of equipment and machinery can be hazardous, resulting in significant personal injury to our employees or other individuals, severe damage to and destruction of property, plant, and equipment, and contamination or damage to the environment.

40. Our business, financial condition and results of operations could be materially and adversely affected by strikes, work stoppages and/or increased wage demands by our employees or any other kind of dispute with our employees and other workers.

As on September 30, 2025 we have 48 full-time employees. We have no employees who belong to labour unions, and we have had no instances of strikes or labour unrest since we began operations. However, we cannot guarantee that our employees will not join labour unions in the future, and as a result, we may experience operational disruptions due to labour disputes or other issues with our workforce. Attempts by our employees to change their pay and other terms of employment may also divert management's attention, increase operating expenses, or cause delays in the execution of our solar power projects, which may result in penalties under our EPC contracts. The occurrence of such events could have a materially negative impact on our business, financial condition, and results of operations.

41. In addition to normal remuneration, other benefits and reimbursement of expenses some of our Promoters who are directors as well, hold Equity Shares in our Company and may be interested in our Company to the extent of interest received on loan given, their shareholding and dividend entitlement in our Company

Our Promoters who are directors as well are interested in our Company to the extent of interest received on the loan given to the company and their shareholding and dividend entitlement in our Company, in addition to regular remuneration or benefits and reimbursement of expenses. We cannot assure you that our Promoters will exercise their rights as shareholders to the benefit and best interest of our Company. Our Promoters will continue to exercise significant control over us, including being able to control the composition of our Board of Directors and determine decisions requiring simple or special majority voting of shareholders, and our other shareholders may be unable to affect the outcome of such voting. Our Promoters may take actions with respect to our business which may conflict with the best interests of our Company or that of minority shareholders. For details on the interest of our Promoters and Directors of our Company, other than reimbursement of expenses incurred or normal remuneration or benefits, see the sections titled “Our Management” and “Our Promoters and Promoter Group” on pages 199 respectively of this Red Herring prospectus.

42. We have not made any dividend payments in the past and our ability to pay dividends in the future will depend upon future earnings, financial condition, cash flows, working capital requirements, capital expenditures and restrictive covenants in our financing arrangements.

In the past, we have not made dividend payments to the shareholders of our Company. The amount of our future dividend payments, if any, will depend upon various factors including our future earnings, financial condition, cash flows and requirement to fund operations and expansion of the business. There can be no assurance that we will be able to declare dividends. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors. For further details, please refer “Dividend Policy” on page 208 of this Red Herring prospectus. Additionally, we may not be permitted to declare any dividends under the loan financing arrangement that our Company has entered presently and may enter into future, if there is a default under such loan agreements or unless our Company has paid all the dues to the lender up to the date on which the dividend is declared or paid or has made satisfactory provisions thereof.

Accordingly, realization of a gain on shareholders’ investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details regarding our dividend policy, please see “Dividend Policy” on page no 208 of this Red Herring prospectus.

43. The Issue price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue and the market price of our Equity Shares may decline below the issue price and you may not be able to sell your Equity Shares at or above the Issue Price.

The issue price of the equity shares have been based on many factor and may not be indicative of the market price of our Equity Shares after the Issue. For further information please refer the section titled “Basis for Issue Price” beginning on page 103. The market price of our Equity Shares could be subject to significant fluctuations after the Issue, and may decline below the Issue Price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue Price.

44. Lockdown and suspension of commercial operations will affect the growth of our business and cash flows.

We are operating in an industry which is highly competitive in nature. Further, for execution of our projects, we require highly skilled labour. Further, the installation or setup can be done only at the location/site of the client. Thus, lockdown and suspension of commercial operations due to any reason, including pandemic, will affect the growth of our business and results of our operations.

45. Our growth will depend on our ability to build our brand and failure to do so will negatively impact our ability to effectively compete in this industry.

Building a strong brand is a critical factor for any business to succeed in today's competitive marketplace. Your brand is how your customers perceive your company and what sets you apart from your competitors. A strong brand can create customer loyalty, increase brand awareness, and ultimately drive revenue growth.

We believe that we need to continue to build our brand,  which will be critical for achieving wide spread recognition of our services. Promoting and positioning our brand will depend largely on the success of our marketing efforts and our ability to provide high quality services. The brand promotion activities that we may undertake may not yield increased revenues, and even if they do, any increased revenues may not offset the expenses we incur in building our brand. If we are unable to promote and maintain our brand, our business, financial condition and results of operations could be adversely affected.

46. Our Subsidiary are involved in a business which is of same line of business/unit as that of our Company.

Our Company's subsidiary, namely GRE Green Energy Private Limited, is engaged in the same line of business as our Company. As such, there exists a possibility of actual or perceived conflicts of interest arising from such overlapping business activities, which may adversely impact our Company's operations, strategic decision-making, and overall financial performance.

The interests and business objectives of our Subsidiary may not always align with those of our Company or its shareholders. This parallel engagement in similar business verticals could lead to competition for key resources, market opportunities, personnel, or customers. Consequently, this may hinder the ability of the Subsidiaries to allocate adequate focus, effort, or capital toward the growth and development of our Company.

Furthermore, decisions taken independently by the Subsidiary in the course of their business operations may not necessarily be in the best interests of our Company, and could result in strategic or operational divergences that materially and adversely affect our business, financial condition, and results of operations.

As on the date of this Red Herring prospectus, our Company has not entered into any non-compete agreement or similar contractual arrangement with the aforementioned Subsidiaries. Accordingly, there can be no assurance that our Subsidiaries will not engage in business activities that directly compete with those of our Company in the future.

47. You may be subject to Indian taxes arising out of capital gains on sale of Equity Shares.

Under current Indian tax laws and regulations, capital gains arising from the sale of Equity Shares in an Indian Company is generally taxable in India. Any gain realized on the sale of listed Equity Shares on a stock exchange held for more than 12 months shall be subject to capital gains tax in India at 12.5% of such capital gain exceeding Rs. 1.25 lakh if Securities Transaction Tax (STT) has been paid on both acquisition and transfer of such shares. STT will be levied on and collected by a domestic stock exchange on which the Equity Shares are sold. Any gain realized on the sale of Equity Shares held for more than 12 months to an Indian resident, which are sold other than on a recognized stock exchange and on which no STT has been paid, will be subject to long

term capital gains tax in India. However, any gain realized on the sale of listed Equity Shares held for a period of 12 months or less will be subject to short term capital gains tax in India. Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less which are sold other than on a recognized stock exchange and on which no STT has been paid, will be subject to short term capital gains tax at a relatively higher rate as compared to the transaction where STT has been paid in India. For more details, please refer to “Statement of Possible Tax Benefits” beginning on page 112.

48. *The price of our Equity Shares may be volatile, or an active trading market for our Equity Shares may not develop.*

Prior to this Issue, there has been no public market for our Equity Shares. Share India Capital Services Private Limited is acting as Market Maker for the Equity Shares of our Company. However, the trading price of our Equity Shares may fluctuate after this Issue due to a variety of factors, including our results of operations and the performance of our business, competitive conditions, general economic, political and social factors, the performance of the Indian and global economy and significant developments in India’s fiscal regime, volatility in the Indian and global securities market, performance of our competitors, the Indian Capital Markets, changes in the estimates of our performance or recommendations by financial analysts and announcements by us or others regarding contracts, acquisitions, strategic partnerships, joint ventures, or capital commitments. In addition, if the stock markets experience a loss of investor confidence, the trading price of our Equity Shares could decline for reasons unrelated to our business, financial condition or operating results. The trading price of our Equity Shares might also decline in reaction to events that affect other companies in our industry even if these events do not directly affect us. Each of these factors, among others, could materially affect the price of our Equity Shares. Any instance of disinvestments of equity shares by our Promoters or by other significant shareholder(s) may significantly affect the trading price of our Equity Shares. Further, our market price may also be adversely affected even if there is a perception or belief that such sales of Equity Shares might occur. There can be no assurance that an active trading market for our Equity Shares will develop or be sustained after this Issue, or that the price at which our Equity Shares are initially issued will correspond to the prices at which they will trade in the market subsequent to this Issue. For further details of the obligations and limitations of Market Maker, please refer to the section V titled “General Information” for this Issue beginning on page 60.

- a. Volatility in the Indian and global capital market;
- b. Company’s results of operations and financial performance;
- c. Performance of Company’s competitors,
- d. Adverse media reports on Company or pertaining to our Industry;
- e. Changes in our estimates of performance or recommendations by financial analysts;
- f. Significant developments in India’s economic and fiscal policies; and
- g. Significant developments in India’s environmental regulations.

49. *If we are unable to attract new clients or our existing clients do not renew their contract, the growth of our business and cash flows will be adversely affected.*

Our top 10 (Top) clients contributed approximately 78.78% and 62.42 % of our revenue from operations based on Restated Financial Statements for the period ended September 30, 2025 and for the year ended March 31, 2025. To increase our revenue and cash flows, we must regularly add new clients. If we are unable to generate sufficient sales leads through our marketing programs, or if our existing or new clients do not perceive our services to be of sufficiently high value and quality, we may not be able to increase sales and our operating results would be adversely affected. In addition, our existing clients have no obligation to repeat contracts / award new projects to us due to various factors including clients’ satisfaction with our services, collection of data and information as desired by our clients, our prices and the prices of competing service providers. If we fail to achieve repetitive projects from existing clients or to add new clients, our operating results will suffer, and our revenue growth, cash flows and profitability may be materially and adversely affected. For further details of our clients, please refer to section titled ‘Our Business’ beginning on page 130.

- 50. *The Objects of the Issue for which funds are being raised, are based on our management estimates and any bank or financial institution or any independent agency has not appraised the same. The deployment of funds in the project is entirely at our discretion, based on the parameters as mentioned in the chapter titles “Objects of the Issue”.***

The fund requirement and deployment, as mentioned in the “Objects of the Issue” on page 87 of this Red Herring prospectus is based on the estimates of our management and has not been appraised by any bank or financial institution or any other independent agency. These fund requirements are based on our current business plan. We cannot assure that the current business plan will be implemented in its entirety or at all. In view of the highly competitive and dynamic nature of our business, we may have to revise our business plan from time to time and consequently these fund requirements. The deployment of the funds as stated under chapter “Objects of the Issue” is at the discretion of our Board of Directors and is not subject to monitoring by any external independent agency. Further, we cannot assure that the actual costs or schedule of implementation as stated under chapter “Objects of the Issue” will not vary from the estimated costs or schedule of implementation. Any such variance may be on account of one or more factors, some of which may be beyond our control. Occurrence of any such event may delay our business plans and/or may have an adverse bearing on our expected revenues and earnings.

ISSUE RELATED RISK

- 1. *We cannot assure you that our equity shares will be listed on the SME platform of BSE in a timely manner or at all, which may restrict your ability to dispose of the equity shares.***

Though we shall make best of our efforts to comply with all applicable regulatory, financial and operational requirements for getting the equity shares proposed to be Issued through this Red Herring prospectus listed on BSE in a time bound manner, yet on account of any change in applicable laws, economic conditions and/or any other reason/s beyond our control, the said shares may not get listed on the BSE in a timely manner or at all, which may restrict your ability to dispose of the equity shares. However, even in such circumstances, the company shall stay fully committed to pay such interest and/or refund the full application amount, as may be required in accordance with the applicable regulatory directives.

- 2. *Sale of Equity Shares by our Promoters or other significant shareholder(s) may adversely affect the trading price of the Equity Shares.***

Any instance of disinvestment of equity shares by our Promoters or by other significant shareholder(s) may significantly affect the trading price of our Equity Shares. Further, our market price may also be adversely affected even if there is a perception or belief that such sales of Equity Shares might occur.

- 3. *After this Issue, the price of the Equity Shares may be highly volatile, or an active trading market for the Equity Shares may not develop.***

The price of the Equity Shares on the Stock Exchange may fluctuate as a result of the factors, including Current valuations may not be sustainable in the future and may also not be reflective of future valuations for our industry and our Company. There has been no public market for the Equity Shares and the prices of the Equity Shares may fluctuate after this Issue. There can be no assurance that an active trading market for the Equity Shares will develop or be sustained after this Issue or that the price at which the Equity Shares are initially traded will correspond to the price at which the Equity Shares will trade in the market subsequent to this Issue.

- 4. *In case of any inability arise to source business opportunities effectively, we may not achieve our financial objectives.***

Our ability to achieve our financial objectives will depend on our ability to identify, evaluate and accomplish business opportunities. To grow our business, we will need to hire, train, supervise and manage new employees,

expand our sales channel and to implement systems capable of effectively accommodating our growth. However, we cannot assure that any such employees or marketing agents will contribute to the success of our business or that we will implement such systems effectively. Our failure to source business opportunities effectively could have a material adverse effect on our business, financial condition and results of operations. It is also possible that the strategies used by us in the future may be different from those presently in use. No assurance can be given that our analysis of market conditions and other data or the strategies that we may use in future to use will be successful under various market conditions.

EXTERNAL RISK FACTORS

1. Changes in government regulations or their implementation could disrupt our operations and adversely affect our business and results of operations.

Our business and industry are regulated by different laws, rules and regulations framed by the Central and State Governments. These regulations can be amended/ changed on a short notice at the discretion of the Government. If we fail to comply with all applicable regulations or if the regulations governing our business or their implementation change adversely, we may incur increased costs or be subject to penalties, which could disrupt our operations and adversely affect our business and results of operations.

2. Taxes and other levies imposed by the Government of India or other State Governments, as well as other financial policies and regulations, may have a material adverse effect on our business, financial condition and results of operations.

Taxes and other levies imposed by the Central or State Governments in India that affect our industry include

- Custom duties on imports of raw materials and components;
- Goods and Service

These taxes and levies affect the cost and prices of our products and therefore demand for our product. An increase in any of these taxes or levies, or the imposition of new taxes or levies in the future, may have a material adverse effect on our business, profitability and financial condition.

3. Political instability or a change in economic liberalization and deregulation policies could seriously harm business and economic conditions in India generally and our business in particular.

The Government of India has traditionally exercised and continues to exercise influence over many aspects of the economy. Our business and the market price and liquidity of our Equity Shares may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. The rate of economic liberalization could change, and specific laws and policies affecting the information technology sector, foreign investment and other matters affecting investment in our securities could change as well. Any significant change in such liberalization and deregulation policies could adversely affect business and economic conditions in India, generally, and our business, prospects, financial condition and results of operations, in particular.

4. We cannot guarantee the accuracy or completeness of facts and other statistics with respect to India, the Indian economy and industry in which we operate contained in the Red Herring prospectus.

While facts and other statistics in the Red Herring prospectus relating to India, the Indian economy and the industry in which we operate has been based on various website data and IBEF that we believe are reliable, we cannot guarantee the quality or reliability of such materials. While we have taken reasonable care in the reproduction of such information, industry facts and other statistics have not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore we make no representation as to their accuracy or completeness. These facts and other statistics include titled ***“Our Industry”*** beginning on page 115 of this Red Herring prospectus. Due to possibly flawed or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate

or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

5. *Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.*

Global economic and political factors that are beyond our control, influence forecasts and directly affect performance. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, consumer credit availability, fluctuations in commodities markets, consumer debt levels, unemployment trends and other matters that influence consumer confidence, spending and tourism. Increasing volatility in financial markets may cause these factors to change with a greater degree of frequency and magnitude, which may negatively affect our stock prices.

6. *Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.*

Under the foreign exchange regulations currently in force in India, transfer of shares between non- residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI or any other government agency can be obtained on any particular terms or at all.

7. *The extent and reliability of Indian infrastructure could adversely affect our Company's results of operations and financial condition.*

India's physical infrastructure is in developing phase compared to that of many developed nations. Any congestion or disruption in its port, rail and road networks, electricity grid, communication systems or any other public facility could disrupt our Company's normal business activity. Any deterioration of India's physical infrastructure would harm the national economy, disrupt the transportation of goods and supplies, and add costs to doing business in India. These problems could interrupt our Company's business operations, which could have an adverse effect on its results of operations and financial condition.

8. *Any downgrading of India's sovereign rating by an independent agency may harm our ability to raise financing.*

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing may be available. This could have an adverse effect on our business and future financial performance, our ability to obtain financing for capital expenditures and the trading price of our Equity Shares.

9. *Natural calamities could have a negative impact on the Indian economy and cause our Company's business to suffer.*

India has experienced natural calamities such as earthquakes, tsunami, floods etc. in recent years. The extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely

affect our business, prospects, financial condition and results of operations as well as the price of the Equity Shares.

10. Terrorist attacks, civil unrests and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition and the price of our Equity Shares.

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India's economy and our business. Incidents such as the terrorist attacks in India, other incidents such as those in US, Russia, Ukraine, Indonesia, Madrid, London and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade as well the global equity markets generally. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company's business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

Our Company in consultation with the Lead Manager, reserves the right not to proceed with the Issue at any time after the Issue Opening Date but before the Board meeting for Allotment. In such an event, our Company would issue a public notice in the newspapers, in which the pre-Issue advertisements were published, within two (2) days of the Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue. The Lead Manager, through the Registrar to the Issue, shall notify the SCSBs to unblock the bank accounts of the ASBA Applicants within one (1) day of receipt of such notification. Our Company shall also promptly inform SME Platform of BSE (BSE SME) on which the Equity Shares were proposed to be listed. Notwithstanding the foregoing, the Issue is also subject to obtaining the final listing and trading approvals from SME Platform of, which our Company shall apply for after Allotment. If our Company withdraws the Issue after the Issue Closing Date and thereafter determines that it will proceed with an IPO, our Company shall be required to file a fresh Prospectus.

DETAILS OF THE MARKET MAKING ARRANGEMENT FOR THIS ISSUE

Our Company and the BRLMs have entered into a tripartite agreement dated May 10, 2025 with –the Market Maker for this Issue, duly registered with BSE SME to fulfill the obligations of Market Making:

Name:	Share India Securities Limited
Correspondence Address:	Unit no. 615 and 616, 6th Floor, X-Change Plaza, Dalal Street Commercial Cooperative Society Limited, Road 5E, Block 53, Zone 5, Gift City, Gandhi Nagar, Gujarat, India, 382355
Tel No.:	0120-4910000
E-mail:	Vikas_cs@shareindia.com
Website:	www.shareindia.com
Contact Person:	Mr. Vikas Aggarwal
SEBI Registration No.:	INZ000178336

The Market Maker shall comply with the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, 2018 and the circulars issued by the BSE and SEBI in this regard from time to time.

In accordance with Regulation 261 of the SEBI (ICDR) Regulations, we will enter into an agreement with the Book Running Lead Manager and the Market Maker (duly registered with BSE to fulfil the obligations of Market Making) dated May 10, 2025 to ensure compulsory Market Making for a minimum period of three years from the date of listing of equity shares issued in this Issue

Share India Securities Limited, registered with SME Platform of BSE “SME Platform” will act as the Market Maker and has agreed to receive or deliver of the specified securities in the market making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified by any amendment to SEBI (ICDR) Regulations.

The Market Maker shall fulfill the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, and its amendments from time to time and the circulars issued by the BSE and SEBI regarding this matter from time to time. Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being issued by the Market Maker.
2. The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of SME platform of BSE (BSE SME) and SEBI from time to time.
3. The minimum depth of the quote shall be ₹1,00,000. However, the investors with holdings of value less than ₹1,00,000 shall be allowed to Issue their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
4. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
5. There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
6. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.
7. The Marker maker may also be present in the opening call auction, but there is no obligation on him to do so.
8. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.

In case of termination of the agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of BRLMs to arrange another Market Maker in replacement during the term of the notice period being served by the current Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations, 2018. In such a case, revised agreement like this one shall have to be entered into and this too shall be the responsibility of BRLMs. However, certain terms and conditions may be modified on mutual consent of the Issuer Company and the Book Running Lead Managers, subject to such modifications being legal and allowed under the applicable laws, rules and regulations.

The Market Making Agreement is available for inspection at our registered office from 11.00 a.m. to 5.00 p.m. on working days.

- 9. Risk containment measures and monitoring for Market Makers:** SME Platform of BSE will have all margins which are applicable on the BSE Main Board viz., Mark-to-Market, Value- At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. BSE can impose any other margins as deemed necessary from time-to-time.
- 10. Punitive Action in case of default by Market Maker:** SME Platform of BSE will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non- compliances. Penalties / fines may be imposed by the Exchange on the Market Makers, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties/ fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker(s) in case he is not present in the market (issuing two way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.

The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties/ fines/ suspension for any type of misconduct/ manipulation/ other irregularities by the Market Makers from time to time.

- 11. Price Band and Spreads** SEBI Circular bearing reference no: CIR/MRD/DP/02/2012 dated January 20, 2012, has laid down that for Issue size up to ₹ 250 crores, the applicable price bands for the first day shall be:

6. There are no Equity Shares purchased/acquired or sold by our Promoters, Promoters Group and/or by our Directors and their immediate relatives within six months immediately preceding the date of filing of the Red Herring prospectus.

7. Details of Promoter's Contribution locked in for three years

As per Sub-Regulation (1) of Regulation 236 of the SEBI (ICDR) Regulations, 2018, an aggregate of 20.00% of the post- issue Capital shall be considered as Promoters' Contribution.

Our Promoters have granted consent to include such number of Equity Shares held by them as may constitute 20.00% of the post-issue Equity Share Capital of our Company as Promoters 'Contribution and have agreed not to sell or transfer or pledge or otherwise dispose of in any manner, the Promoters' Contribution from the date of filing of this Red Herring Prospectus until the completion of the lock-in period specified above.

In terms of clause (a) of Regulation 238 of the SEBI (ICDR) Regulations, 2018, Minimum Promoters' Contribution as mentioned above shall be locked-in for a period of three years from the date of commencement of commercial production or date of allotment in the Initial Public Offer, whichever is later.

Explanation: The expression "date of commencement of commercial production" means the last date of the month in which commercial production of the project in respect of which the funds raised are proposed to be utilised as stated in the offer document, is expected to commence.

In terms of clause (b) of Regulation 238 of the SEBI (ICDR) Regulations, 2018, promoters' holding in excess of minimum promoters' contribution shall be locked-in as follows

(i) fifty percent. of promoters' holding in excess of minimum promoters' contribution shall be locked in for a period of two years from the date of allotment in the initial public offer.

(ii) remaining fifty percent of promoters' holding in excess of minimum promoters' contribution shall be locked in for a period of one year from the date of allotment in the initial public offer.

We further confirm that Minimum Promoters' Contribution of 20.00% of the post issue paid-up Equity Shares Capital does not include any contribution from Alternative Investment Fund.

The Minimum Promoter's Contribution has been brought into to the extent of not less than the specified minimum lot and has been contributed by the persons defined as Promoters under the SEBI (ICDR) Regulations, 2018.

The lock-in of the Minimum Promoter's Contribution will be created as per applicable regulations and procedure and details of the same shall also be provided to the Stock Exchange before listing of the Equity Shares.

As on date of this Red Herring Prospectus there are no equity shares held by our Promoter and Promoter Group which are under lock in.

The details of the Equity Shares held by our Promoter, which are locked in for a period of three years from the date of Allotment in the issue are given below:

3.	Mukeshkumar Prahasbhai Trivedi	1,72,800	3 Years
	Total	28,59,600	3 Years

The Equity Shares that are being locked in are not ineligible for computation of Promoters contribution in terms of Regulation 237 of the SEBI ICDR Regulations. Equity Shares offered by the Promoters for the minimum Promoters contribution are not subject to pledge. Lock-in period shall commence from the date of allotment of Equity Shares in the Public Offer.

We confirm that the minimum Promoters contribution of 20.00% which is subject to lock-in for 3 years does not consist of:

- Equity Shares acquired during the preceding three years for consideration other than cash and revaluation of assets or capitalization of intangible assets;
- Equity Shares acquired during the preceding three years resulting from a bonus issue by utilization of revaluation reserves or Unrealised profits of the issuer or from bonus issue against equity shares which are ineligible for minimum Promoters contribution;
- Equity Shares acquired by Promoters during the preceding one year at a price lower than the Offer Price;
- The Equity Shares held by the Promoters and offered for minimum 20% Promoters Contribution are not subject to any pledge.
- Equity Shares for which specific written consent has not been obtained from the shareholders for inclusion of their subscription in the minimum Promoters Contribution subject to lock-in.

In our case, the promoters did not acquire any specified securities in the preceding three years, which would not be eligible for the computation of the promoters' contribution.

As our promoters only acquired shares in last three years via Bonus issue which is made on 06 September, 2024. The Company issues Bonus Shares by capitalising securities premium reserve account.

In terms of Regulation 241 of the SEBI (ICDR) Regulations, 2018, our Company confirms that Equity Shares which are subject to lock in shall contain the inscription “Non-Transferable” and specify the lock-in period and in case such equity shares are dematerialized, the Company shall ensure that the lock in is recorded by the Depository.

In case of any increase in the actual utilization of funds earmarked for the Objects, such additional funds for a particular activity will be met by way of means available to our Company, including from internal accruals. If the actual utilization towards any of the Objects is lower than the proposed deployment such balance will be used for future growth opportunities including funding existing objects, if required or towards General Corporate Purposes, subject to applicable Rules and Regulations. In case of delays in raising funds from the Issue, our Company may deploy certain amounts towards any of the above-mentioned Objects through a combination of Internal Accruals or borrowings (Bridge Financing) and in such case the Funds raised shall be utilized towards repayment of such borrowings or recouping of Internal Accruals. However, we confirm that no bridge financing has been availed as on date, which is subject to being repaid from the Issue Proceeds. `

We further confirm that no part proceed of the Issue shall be utilized for repayment of any Part of unsecured loan outstanding as on date of Red Herring prospectus. As operate in competitive environment, our Company may have to revise its business plan from time to time and consequently our fund requirements may also change. Our Company’s historical expenditure may not be reflective of our future expenditure plans. Our Company may have to revise its estimated costs, fund allocation and fund requirements owing to various factors such as economic and business conditions, increased competition and other external factors which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of the Company’s management.

For further details on the risks involved in our business plans and executing our business strategies, refer the Section titled “Risk Factors” beginning on page no. 30 of this Red Herring prospectus.

DETAILS OF USE OF ISSUE PROCEEDS

1. Setting up of 7.20 MW (AC) / 9.99 MW (DC) Ground Mounted Solar Power Plant

The Net Proceeds of the Issue are proposed to be utilized towards financing for setting up a ground-mounted solar power project having an aggregate capacity of 7.20 MW (AC) / 9.99 MW (DC), comprising Project A of 3.90 MW (AC) / 5.41

MW (DC) and Project B of 3.30 MW (AC) / 4.58 MW (DC), at Village Gadha and Vaktapur, Taluka Himmatnagar, District Sabarkantha, Gujarat, Ground Mounted Solar Power Plant.

The project will be executed on a RESCO model, wherein the electricity generated will be supplied to third-party consumers. The scope of work includes development, design, engineering, procurement, supply, construction, erection, testing and commissioning, along with comprehensive operation and maintenance for a period of 25 years. For power evacuation, the project will be connected to the grid at 11 kV Grid connectivity, with a 66 kV substation located within 3 km of the project site, thereby facilitating reliable transmission of generated power.

The plant will utilize advanced TOPCon bifacial photovoltaic (PV) modules mounted on auto tracker-based 1P HSAT (Horizontal Single-Axis Tracker) structures, enabling higher efficiency and improved yield. The total estimated electricity generation from the project is approximately 200 lakh kWh (20 million units) per annum, contributing to sustainable energy supply.

The Details of the Project are as follows.

Particular	Details
Project name	Development , Design, Engineering, Procurement & Supply, Construction & Erection, Testing & Commissioning and Comprehensive Operation & Maintenance for 25 Years of 7.20 MW (AC) / 9.99 MW (DC) [{ Project A : 3.90 MW (AC) / 5.41 MW (DC)} + { Project B : 3.30 MW (AC) / 4.58 MW (DC)}] Ground Mounted Solar Power Plant along with 11 KV grid connecting equipment including Open Access related works and associated Electrical & Civil Works on Cost-to-cost basis at leased vacant land of GRE Renew Enertech Limited.
Plant capacity	7.20 MW (AC) / 9.99 MW (DC) [{ Project A : 3.90 MW (AC) / 5.41 MW (DC)} + { Project B : 3.30 MW (AC) / 4.58 MW (DC)}]
Location	Village: Gadha & Vaktapur, Ta: Himmatnagar, Dist.: Sabarkantha, Gujarat
Location details	23°41'36.0"N 72°55'59.9"E
Project life	25 years
Power evacuation	11kV Grid connectivity, 66 kV substation is available within 3 km from the site
Mounting structure	Auto tracker based 1P HSAT (Horizontal Single-Axis Tracker)
Proposed date of commissioning	within 7 months from date of project initiation
Business model	RESCO model - sale of power to third party
Total required land area	33 Acre approx.
Source of water required	Bore wells & storage tanks
PV technology	TOPCon - bifacial modules
Total energy generation	~ 2,00,00,000 kWh/year

Technical Specifications:

The following are the major components with technical specifications for the Project:

Auto Tracker Base Ground Mounted Solar Power Plant		
Sr. No.	Product Name	Specification
1.	Solar PV module	600Wp and Above, TOPCon - bifacial
2.	Solar string inverter	300 kw and above at 50°C
3.	Module mounting tracker structure	1P HSAT
4.	All BOS material	As per requirement
5.	Installation & Commissioning	As per requirement
6.	Solar panel dry cleaning robot	As per requirement
7.	Plumbing Material	UPVC
8.	LT panel	ACDB [800V AC] [outdoor]
9.	Inverter duty transformer	11/0.800 KV Inverter Duty Transformer Copper wounded, oil cooled with Off Load Tap Changing Switch, & with Standard fitting & accessories & first filling of oil.
10.	Auxiliary transformer	800 /415V Auxiliary Transformers
11.	HTMC panel	11 KV 800 Amp VCB – draw out unit suitable for control supply, closing coil 110 V DC, Tripping coil 110 V DC, manual spring charging motor 240V AC, CT 150-300/5 Amp for protection - Over Current & Earth Fault Relay arrangement to include CTPT Unit & HT Metering Unit
12.	CTPT (Plant Side)	11 KV CTPT
13.	ABT meter with modem, meter box and SIM card	110V, 0.2s class
14.	VCB panel (SS Side)	12KV, 1250A, 25KA/3Sec Indoor Feeder VCB Panel,E2, C2, M2 ARC 0.1 Sec as per GETCO Spe. Without Adapter as per GETCO Approved Drawing - GETCO/435/06/2025
15.	Civil work on turnkey basis	As per requirement
16.	RTU monitoring system	As per requirement
17.	Weather monitoring system	As per requirement
18.	Transmission line work	11KV, underground up to 3 Km

* Project A consists of the complete development, engineering, procurement, construction, installation, testing and commissioning of a 3.90 MWAC grid-connected Solar Power Plant using photovoltaic (PV) technology. The project scope covers detailed site survey, design of module layout, installation of module mounting structures, supply and erection of solar PV modules, inverters, transformers, HT switchgear, SCADA-based remote monitoring systems, DC/AC cabling, earthing, civil foundations, and associated infrastructure including internal roads and boundary works. It also includes grid-evacuation arrangements up to the interconnection point, compliance with CEA/DISCOM norms, statutory approvals, safety protocols, and performance ratio testing to ensure reliable and efficient energy generation. The plant is designed for long-term operational performance under the applicable PPA framework.

*Project B comprises the design, engineering, procurement, construction, installation, testing and commissioning of a 3.30 MWAC grid-connected Solar Power Plant employing PV technology. The scope includes site assessment, preparation of plant layout, supply and installation of solar modules, MMS structures, string inverters/central inverters, transformers, HT panels, data acquisition systems, SCADA monitoring, complete DC and AC electrical works, civil groundwork, fencing, and other auxiliary infrastructure. The project also involves development of transmission and evacuation facilities up to the designated grid interconnection point, adherence to all CEA and state regulatory guidelines, statutory approvals, safety compliance, and conducting performance verification and synchronization procedures. The plant is optimized for maximum generation efficiency and The plant is designed for long-term operational performance under the applicable PPA framework.

This is to confirm that the aforesaid land would be sufficient for the purpose of development of RESCO Project on the same.

STATEMENT OF POSSIBLE TAX BENEFITS

To,
The Board of Directors
GRE Renew Enertech Limited
Plot No. 423, G.I.D.C-II, Dediyaan,
Mehsana-384002, Gujarat

Dear Sirs,

Sub: Statement of possible Special tax benefit ('the Statement') available to GRE Renew Enertech Limited and its shareholders prepared in accordance with the requirements under Schedule VI-Clause 9L of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 as amended (the 'Regulations')

We hereby confirm that the enclosed annexure, prepared by **GRE Renew Enertech Limited** ('the Company') states the possible special tax benefits available to the Company and the shareholders of the Company under the Income – tax Act, 1961 ('Act') as amended time to time, presently in force in India. Several of these benefits are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant provisions of the Act. Hence, the ability of the Company or its shareholders to derive the tax benefits is dependent upon fulfilling such conditions, which based on the business imperatives, the company may or may not choose to fulfil.

The benefits discussed in the enclosed Annexure cover only special tax benefits available to the Company and its Shareholders and do not cover any general tax benefits. Further, these benefits are neither exhaustive nor conclusive and the preparation of the contents stated is the responsibility of the Company's management. We are informed that this statement is only intended to provide general information to the investors and hence is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences, the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the issue. We are neither suggesting nor are we advising the investor to invest money or not to invest money based on this statement.

Our views are based on the existing provisions of the Act and its interpretations, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions. Any such change, which could also be retroactive, could have an effect on the validity of our views stated herein. We assume no obligation to update this statement on any events subsequent to its issue, which may have a material effect on the discussions herein.

We do not express any opinion or provide any assurance as to whether:

- the Company or its Shareholders will continue to obtain these benefits in future; or
- the conditions prescribed for availing the benefits, where applicable have been/would be met.

The contents of this annexure are based on information, explanations and representations obtained from the Company and on the basis of our understanding of the business activities and operations of the Company and the provisions of the tax laws.

No assurance is given that the revenue authorities / courts will concur with the views expressed herein. The views are based on the existing provisions of law and its interpretation, which are subject to change from time to time. We would not assume responsibility to update the view, consequence to such change.

We shall not be liable to Company for any claims, liabilities or expenses relating to this assignment except to the extent of fees relating to this assignment, as finally judicially determined to have resulted primarily from bad faith of intentional misconduct. The enclosed Annexure is intended solely for your information and for inclusion in the Draft Red Herring prospectus/Red Herring Prospectus/Prospectus or any other issue related material in connection with the proposed issue of equity shares and is not to be used, referred to or distributed for any other purpose without our prior written consent. Signed in terms of our separate report of even date.

Yours faithfully,

Annexure to the statement of possible Tax Benefits

Outlined below are the possible Special tax benefits available to the Company and its shareholders under the Income Tax Act, 1961 presently forced in India. It is not exhaustive or comprehensive and is not intended to be a substitute for professional advice. Investors are advised to consult their own tax consultant with respect to the tax implications of an investment in the Equity Shares particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have different interpretation on the benefits, which an investor can avail.

1. Special Tax Benefits available to the Company under the Act:

The Company is not entitled to any Special tax benefits under the Act.

2. Special Tax Benefits available to the shareholders of the Company

The Shareholders of the company are not entitled to any Special tax benefits under the Act.

Notes:

1. All the above benefits are as per the current tax laws and will be available only to the sole / first name holder where the shares are held by joint holders.
2. The above statement covers only certain relevant direct tax law benefits and does not cover any indirect tax law benefits or benefit under any other law.

No assurance is given that the revenue authorities/courts will concur with the views expressed herein. Our views are based on the existing provisions of law and its interpretation, which are subject to changes from time to time. We do not assume responsibility to update the views consequent to such changes. We do not assume responsibility to update the views consequent to such changes. We shall not be liable to any claims, liabilities or expenses relating to this assignment except to the extent of fees relating to this assignment, as finally judicially determined to have resulted primarily from bad faith or intentional misconduct. We will not be liable to any other person in respect of this statement.

GLOBAL OUTLOOK

Global growth is projected at 3.0 percent for 2025 and 3.1 percent in 2026. The forecast for 2025 is 0.2 percentage point higher than that in the reference forecast of the April 2025 World Economic Outlook (WEO) and 0.1 percentage point higher for 2026. This reflects stronger-than-expected front-loading in anticipation of higher tariffs; lower average effective US tariff rates than announced in April; an improvement in financial conditions, including due to a weaker US dollar; and fiscal expansion in some major jurisdictions. Global headline inflation is expected to fall to 4.2 percent in 2025 and 3.6 percent in 2026, a path similar to the one projected in April. The overall picture hides notable cross-country differences, with forecasts predicting inflation will remain above target in the United States and be more subdued in other large economies.

Risks to the outlook are tilted to the downside, as they were in the April 2025 WEO. A rebound in effective tariff rates could lead to weaker growth. Elevated uncertainty could start weighing more heavily on activity, also as deadlines for additional tariffs expire without progress on substantial, permanent agreements. Geopolitical tensions could disrupt global supply chains and push commodity prices up. Larger fiscal deficits or increased risk aversion could raise long-term interest rates and tighten global financial conditions. Combined with fragmentation concerns, this could reignite volatility in financial markets. On the upside, global growth could be lifted if trade negotiations lead to a predictable framework and to a decline in tariffs. Policies need to bring confidence, predictability, and sustainability by calming tensions, preserving price and financial stability, restoring fiscal buffers, and implementing much-needed structural reforms.

Since the April 2025 WEO, uncertainty has remained elevated even as effective tariff rates have come down (Figure 1). Most notably, China and the United States on May 12 agreed to lower for 90 days (until August 12) tariffs that had resulted from post-April 2 escalation. The US pause on higher tariffs for most of its trading partners is now set to expire on August 1, pushing back the original deadline of July 9. Letters issued by the US administration in July to some trading partners threaten to impose tariffs even higher than those announced on April 2. Legal proceedings are currently underway in the United States concerning the use of the International Emergency Economic Powers Act as a legal basis for the imposition of tariffs. Although the passage of the One Big Beautiful Bill Act (OBBBA) in July brought clarity to the near-term path of US fiscal policy, it has added to uncertainty about longer-term fiscal sustainability

Global financial conditions have eased (Box 1). US equity markets have largely rebounded, erasing losses from the April 2 tariff fallout and reaching new heights. Other global equity markets have also rallied, swayed by tariff-related announcements and releases of macroeconomic data that turned out to be better than expected. Notably, *the US dollar* has depreciated further, defying expectations that tariffs and larger fiscal deficits would cause the currency to appreciate. Implied paths for policy rates have flattened for advanced economies, while continued dollar weakness has provided some monetary policy space for emerging market and developing economies. Yield curves have steepened in the context of fiscal concerns, although the steepening thus far is not unusual by historical standards despite very high debt and deficit levels in many countries.

With these forces in place, the global economy has continued to hold steady, but the composition of activity points to distortions from tariffs, rather than underlying robustness. *Global growth* in the first quarter of 2025 was 0.3 percentage point above that predicted in the April WEO. International trade and investment drove activity, while private consumption was more subdued across major jurisdictions. Real GDP decreased in the United States, at an annualized rate of 0.5 percent, marking the first quarterly contraction in three years. Consumer spending rose only by 0.5 percent, but this came after remarkably fast growth of 4.0 percent in the fourth quarter of 2024. Imports and business investment surged—especially in information processing equipment. Taken together, these patterns were consistent with aggressive front-loading by US firms and households ahead of expected higher prices induced by tariffs. In the euro area, GDP accelerated to 2.5 percent, driven by investment and net exports, even as private consumption lost steam. Ireland largely led the spurt, with growth shrinking to 1.4 percent when Ireland is excluded. China’s real GDP growth, at an annualized rate of 6.0 percent, exceeded expectations. This was mainly driven by exports, propped up by a depreciating renminbi closely tracking the dollar and with declining sales to the United States more than offset by strong sales to the rest of the world (Figure 2), and, to a smaller extent, by consumption, supported by fiscal measures. Japan’s economy contracted by an annualized 0.2 percent, as soft private consumption and weak net exports weighed on growth while strong private investment helped cushion the decline. *Global trade* grew robustly in the first quarter, but high-frequency indicators point to an unwinding of front-loading in the second quarter.

Global inflation is showing mixed signs. The global median of sequential headline inflation has increased a notch, but core inflation has eased considerably and is now below 2 percent. Several economies, including the euro area, have seen downside surprises. In the United States, inflation has ticked up, with tentative signs of pass-through from tariffs and a weaker dollar to consumer prices in some import-sensitive categories, and intermediate goods costs for producers have risen.

Growth Forecast for Advanced Economies

In *other advanced economies*, growth is projected to decelerate to 1.6 percent in 2025 and pick up to 2.1 percent in 2026. In some cases, currency appreciation offsets the favorable effects of more accommodative financial conditions, while the effective tariff rates are the same or slightly higher than in the April WEO reference forecast because of new tariffs imposed on imports of vehicle parts in May and a doubling of tariffs on steel and aluminum in June.

In *emerging market and developing economies*, growth is expected to be 4.1 percent in 2025 and 4.0 percent in 2026. Relative to the forecast in April, growth in 2025 for *China* is revised upward by 0.8 percentage point to 4.8 percent. This revision reflects stronger-than-expected activity in the first half of 2025 and the significant reduction in US–China tariffs. The GDP outturn in the first quarter of 2025 alone implies a mechanical upgrade to the growth rate for the year of 0.6 percentage point. A recovery in inventory accumulation is expected to partly offset payback from front-loading in the second half of 2025. Growth in 2026 is also revised upward by 0.2 percentage point to 4.2 percent, again reflecting the lower effective tariff rates. In *India*, growth is projected to be 6.4 percent in 2025 and 2026, with both numbers revised slightly upward, reflecting a more benign external environment than assumed in the April reference forecast.

World trade volume is revised upward by 0.9 percentage point for 2025 and downward by 0.6 percentage point for 2026. The near-term offset provided by front-loading of some trade flows in view of elevated trade policy uncertainty and in anticipation of tighter trade restrictions is expected to fade in the second half of 2025, with the associated payback expected to materialize through 2026. A weaker dollar amplifies the tariff shock instead of absorbing it, leading to a positive impact of tariffs on the US current account balance, which the expansionary fiscal stance more than offsets. Over the medium term, expansionary fiscal packages in economies with current account surpluses are expected to contribute to declining *global imbalances*.

Global inflation is expected to continue to decline, with headline inflation falling to 4.2 percent in 2025 and 3.6 percent in 2026. This is virtually unchanged from the April WEO, with trends of cooling demand and falling energy prices remaining in place. The overall picture hides cross-country variation in forecasts, however. The tariffs, acting as a supply shock, are expected to pass through to US consumer prices gradually and hit inflation in the second half of 2025. Elsewhere, the tariffs constitute a negative demand shock, lowering inflationary pressures. Inflation is projected to remain above the 2 percent target through 2026 in the United States, whereas in the euro area inflationary dynamics are expected to be more subdued, in part on account of currency appreciation and one-off fiscal measures. Although headline inflation in China is projected to remain broadly unchanged from the forecast in April because domestic energy prices have been lower than forecast then, core inflation is revised upward slightly to 0.5 percent in 2025 and to 0.8 percent in 2026. These revisions reflect recent higher-than-expected readings and the reduced tariffs.

Introduction

India's economic journey over the past few years has been marked by remarkable growth and a steady rise in its position on the global stage. After overtaking the United Kingdom (UK) to become the fifth largest economy in Q1 FY23, India has continued this upward trajectory to surpass Japan in June 2025 to become the fourth largest economy in the world. With a nominal Gross Domestic Product (GDP) of Rs. 3,31,03,000 crore (US\$ 3.78 trillion), India's growth reflects a combination of strong domestic demand and policy reforms positioning the country as a key destination for global capital.

Further, India is projected to reach a GDP of Rs. 4,26,45,000 crore (US\$ 5 trillion) by 2027 and is on course to surpass Germany by 2028. Rising employment and increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

Market Overview

India's economy shows robust expansion, with real GDP for FY25 estimated at Rs. 1,87,97,000 crore (US\$ 2.20 trillion), from Rs. 1,76,51,000 crore (US\$ 2.06 trillion) in FY24 with a growth rate of 6.5%. This growth is driven by rising employment and stronger private consumption, supported by improving consumer sentiment, which is expected to keep the momentum going in the near future.

Trade remains a critical pillar of India's growth story with exports reaching Rs. 37,31,000 crore (US\$ 436.6 billion) in FY25, led by Engineering Goods (26.88%), Petroleum Products (13.86%) and Electronic Goods (8.89%). These exports helped the economy stay resilient during the pandemic when other sectors slowed. Union Minister of Commerce and Industry, Mr. Piyush Goyal projects exports to reach Rs. 85,44,000 crore (US\$ 1 trillion) by 2030.

India's ability to attract Foreign Direct Investment (FDI) has also strengthened. The country received record FDI inflows amounting to Rs. 4,21,929 crore (US\$ 49.3 billion) in FY25 a 15% increase over FY24, supported by a stable policy environment, a large domestic market and steady economic growth positioning the country as a key destination for global capital. This capital inflow also complements government plans for increased investment in infrastructure and asset-building projects to further boost economic growth.

India's external economic position is improving. The current account deficit narrowed to Rs. 1,98,726 crore (US\$ 23.30 billion), or 0.6% of GDP, in FY25 from Rs. 2,21,754 crore (US\$ 26.00 billion), or 0.7% of GDP, in FY24. This improvement was due to higher net receipts from services and secondary income, according to the Reserve Bank of India (RBI).

Recent Developments

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With India's economy showing resilient growth, supported by strong domestic demand, policy reforms, and a healthy investment pipeline, several new projects and developments are underway across key sectors. This positive development across key sectors is evident from following key economic data points.

- According to the Department for Promotion of Industry and Internal Trade (DPIIT), India's cumulative FDI inflow stood at Rs. 91,45,988 crore (US\$ 1.07 trillion) between April 2000-March 2025 with major share coming from Mauritius at Rs. 15,36,849 crore (US\$ 180.19 billion) with a total share of 25%, followed by Singapore at 24% with Rs. 14,91,603 crore (US\$ 174.88 billion), the United States (US) at 10% with Rs. 6,02,574 crore (US\$ 70.65 billion), the Netherlands at 7% with Rs. 4,54,613 crore (US\$ 53.3 billion), and Japan at 6% with Rs. 3,78,653 crore (US\$ 44.39 billion).
- As of July 4, 2025, India's foreign exchange reserves stood at Rs. 59,68,048 crore (US\$ 699.74 billion).
- In May 2025, private equity (PE) and venture capital (VC) investments reached Rs. 20,470 crore (US\$ 2.4 billion) across 97 deals.
- Foreign Institutional Investors (FII) outflows in FY25 were close to Rs. 1,27,000 crore (US\$ 14.89 billion), while Domestic Institutional Investors (DII) bought in Rs. 6,00,000 crore (US\$ 70.34 billion) in the same period.
- The HSBC India Manufacturing Purchasing Managers' Index (PMI) rose to a 14-month high of 58.4 in June 2025 from 57.6 in May, indicating a strong improvement in manufacturing conditions. Robust domestic and international demand drove sharp increases in output and new orders, while employment saw a record rise as firms expanded their workforce to meet rising workloads. New export orders surged, marking the third-fastest growth since the survey began in 2005. Although input cost inflation eased, producer prices increased as companies passed on higher freight and labour costs to customers.
- India saw a robust 10.35% growth in passengers carried by domestic airlines at 431.98 lakh in FY25, from 391.46 lakh in FY24, according to the Directorate General of Civil Aviation (DGCA).
- India secured 39th position out of 133 economies in the Global Innovation Index 2024. India rose from 81st position in 2015 to 39th position in 2024. India ranks third position in the global number of scientific publications.
- In FY25, the Goods and Services Tax (GST) recorded its highest-ever gross collection at Rs. 22,08,000 crore (US\$ 258 billion), registering a YoY growth of 9.4%. The average monthly collection stood at Rs. 1,84,000 crore (US\$ 21.57 billion).
- In May 2025, the overall Index of Industrial Production (IIP) stood at 156.6 (base 2011–12 = 100), reflecting a YoY growth of 1.2%. The mining, manufacturing and electricity sectors stood at 136.6, 154.3 and 216, respectively.
- According to data released by the Ministry of Statistics & Programme Implementation (MoSPI), India's Consumer Price Index (CPI) - Combined inflation was 3.34% in March 2025 against 4.85% in March 2024.
- India's wheat procurement for FY26 has reached 29.7 million tonnes as of May 22, 2025, the highest in four years and up 13.5% YoY. Strong production of 115.43 million tonnes, favourable weather, and bonuses above the Minimum Support Price (MSP) in key states have driven this growth. The Food Corporation of India expects procurement to hit 32.5 million tonnes by season end, raising stocks to 44 million tonnes, well above the 18.4 million tonnes needed for the Public Distribution System.

Government Initiatives

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, several

of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, is aimed at creating immense opportunities in India. In this regard, some of the initiatives taken by the government to improve the economic condition of the country are mentioned below:

- India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With India's economy showing resilient growth, supported by strong domestic demand, policy reforms, and a healthy investment pipeline, several new projects and developments are underway across key sectors. Road Ahead

India's economy grew by 6.5% in FY25. With a 7.4% growth rate in Q4 FY25, with RBI projecting a growth rate of 6.5% in FY26 as well. India's comparatively strong position in the external sector reflects the country's positive outlook for economic growth and rising employment rates. In 2024, India rose to 15th place globally in FDI rankings and retained its position as South Asia's top recipient.

In H1 FY25, India's growth-focused approach was underscored by the government's capital expenditure outlay of Rs. 15,02,000 crore (US\$ 176 billion), reinforcing its commitment to infrastructure-led development.

In the Union Budget of FY26, capital expenditure took lead by steeply increasing the capital expenditure outlay by 10% to Rs. 11,21,000 crore (US\$ 131 billion) over Rs. 10,18,000 crore (US\$ 119 billion) in FY25. Stronger revenue generation because of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels.

India's total goods and service exports surged by 76% over the past decade, touching Rs. 70,36,425 crore (US\$ 825 billion) in FY25, driven by strong performance in engineering goods, electronics, and pharmaceuticals. With a reduction in port congestion, supply networks are being restored.

With a proactive set of administrative actions by the government, flexible monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall.

RENEWABLE ENERGY SECTOR

India's energy demand is expected to increase more than that of any other country in the coming decades due to its sheer size and enormous potential for growth and development. Therefore, most of this new energy demand must be met by low-carbon, renewable sources. India's announcement India that it intends to achieve net zero

carbon emissions by 2070 and to meet 50% of its electricity needs from renewable sources by 2030 marks a historic point in the global effort to combat climate change.

India was ranked fourth in wind power capacity and solar power capacity, and fourth in renewable energy installed capacity, as of 2023. Installed renewable power generation capacity has increased at a fast pace over the past few years, posting a CAGR of 15.4% between FY16 and FY23. India has 125.15 GW of renewable energy capacity in FY23. India is the market with the fastest growth in renewable electricity, and by 2026, new capacity additions are expected to double.

With the increased support of the Government and improved economics, the sector has become attractive from an investor's perspective. As India looks to meet its energy demand on its own, which is expected to reach 15,820 TWh by 2040, renewable energy is set to play an important role.

Immense growth potential

India is surpassing climate targets with 100 Gigawatts of solar, 47% non-fossil fuel power, and a 36% reduction in emissions intensity. The country has immense growth potential in renewable energy, especially in solar and wind power, as it aims to achieve 500 gigawatts of renewable energy capacity by 2030.

As of July 2024, Renewable energy sources, including biomass, waste to power and waste to energy, have a combined installed capacity of 150.27 GW.

India will drive 35% of global energy demand growth over the next two decades, focusing on balancing energy availability, affordability, and sustainability. It is advancing its green energy transition through investing in natural gas, LNG, and hydrogen to support decarbonisation while meeting energy needs.

India's installed renewable energy capacity is expected to increase to about 170 GW by March 2025 from the level of 135 GW as of December 2023, according to research agency ICRA.

Ambitious targets

India has set a target to reduce the carbon intensity of the nation's economy by less than 45% by the end of the decade, achieve 50% cumulative electric power installed by 2030 from renewables, and achieve net-zero carbon emissions by 2070.

India's renewable energy capacity is set to reach 250 GW by 2026, driven by a strong project pipeline.

India aims to become a global wind power hub, with policy support driving local manufacturing and a target of capturing 10% of global wind energy demand by 2030.

Increasing investment

The Union Budget 2025-26 allocates Rs. 20,000 crore (US\$ 2.30 billion) each for nuclear energy and the PM Surya Ghar Muft Bijli Yojana to expand rooftop solar. It also introduces legislative reforms to enhance energy security.

BPCL plans to invest US\$ 1.19 billion (Rs. 10,029 crore) for green energy, targeting 2 GW by 2025, 10 GW by 2035, and 7,000 EV chargers in five years.

India is set to significantly boost its renewable energy investments, with a projected increase of 83% to approximately US\$ 16.5 billion in 2024, as part of its strategy to transition to cleaner energy sources and reduce carbon emissions.

Advantage India

Robust Demand

Ministry of New and Renewable Energy targets 500 GW non-fossil-based electricity generation by 2030, as per the Prime Minister's COP26 announcement, with an added installation of 13.5 GW renewable energy capacity in 2023, corresponding to an investment of around Rs.74,000 crores (US\$ 8.90 billion).

India's US\$ 109.50 billion (Rs. 9,22,866 crore) plan aims to expand power infrastructure, meet 458 GW demand by 2032, enhance transmission, integrate renewable energy, and boost energy security, unlocking vast untapped potential.

Competitive Advantage

India was ranked fourth in wind power capacity and solar power capacity, and fourth in renewable energy installed capacity, as of 2024.

Power generation from solar and wind projects are likely to be cost-competitive relative to thermal power generation in India in 2025-2030.

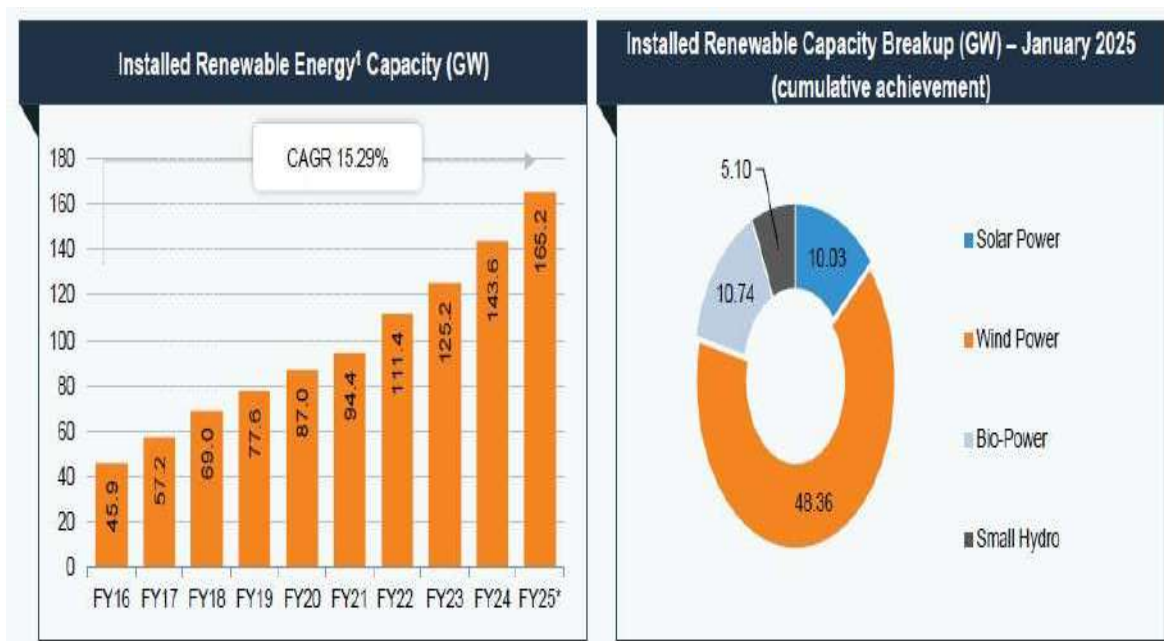

India surpasses the global average in setting and reducing carbon emission targets, ranking among the top three countries worldwide for emission reporting and reduction efforts.

Increasing Investment

Indian conglomerates plan to invest US\$ 800 billion (Rs. 67,42,400 crore) in green hydrogen, clean energy, semiconductors, and EVs.

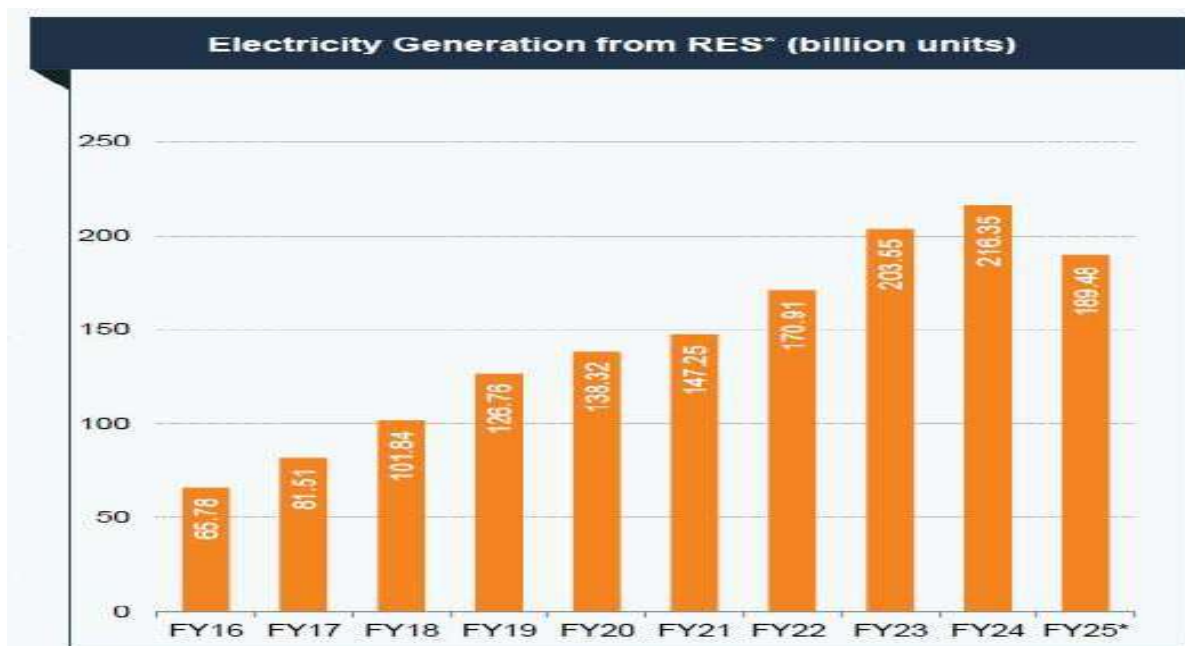

Government plans to invest Rs. 9,12,000 crore (US\$ 107.89 billion) in power transmission infrastructure by 2032 to boost capacity and support growing electricity demand.

Generation capacity has increased at a healthy pace

- The International Energy Agency's World Energy Outlook projects a growth of renewable energy supply to 4,550 GW in 2040 on a global basis.

- Installed renewable power generation capacity has increased at a fast pace over the past few years, posting a CAGR of 15.29% between FY16 and FY25 (as of January 2025). India has 165.2 GW of renewable energy capacity in FY25 (as of January 2025).
- As of January 2025, 45.5% of the total power installed capacity is from non-fossil-based.
- The country plans to reach 450 GW of installed renewable energy capacity by 2030, with 280 GW (over 60%) expected from solar power. This ambitious target will also provide investment opportunities worth US\$ 221 billion by 2030.
- Ministry of New and Renewable Energy targets 500 GW non-fossil-based electricity generation by 2030, as per the Prime Minister's COP26 announcement, with an added installation of 13.5 GW renewable energy capacity in 2023, corresponding to an investment of around Rs. 74,000 crores(US\$ 8.90 billion).
- Karnataka aims to add approximately 38 GW of renewable energy capacity by FY35. Nearly half of this target is expected by FY30.
- Power generation from renewable energy sources (excluding hydro) stood at 19.77 billion units (BU) in December 2024, up from 16.76 BU in December 2023.
- Power generation from renewable energy sources stood at 189.48 billion units (BU) between April-December 2024, up from 172.48 BU in the same period in the previous year.
- The country ranks fourth worldwide in terms of the total installed wind power capacity.

- India's National Electricity Plan (Transmission) aims to boost interregional capacity to 168 GW by 2031-32, adding 191,474 circuit km of transmission lines and 1,274 GVA of transformation capacity. It includes 33.25 GW of HVDC links, cross-border interconnections, and increased private sector participation to enhance grid efficiency.

- According to Mercom Capital, India added 16.4 gigawatts (GW) of solar capacity during January-September 2024, marking a 167% YoY increase. The Q3 FY24 saw solar installations rise by 78%, reaching 3.5 GW, up from 2 GW in Q3 FY23.
- As of September 2024, India's cumulative installed solar capacity stood at 89.1 GW, with utility-scale projects comprising over 86% and rooftop solar accounting for nearly 14%. Solar power now constitutes approximately 20% of India's total installed power capacity and over 44% of its renewable energy capacity.
- According to Moody's, India will require US\$ 190 billion-US\$ 215 billion of investment over the next seven years to achieve the target of 500 GW of renewable energy capacity by 2030, and another US\$ 150 billion-US\$ 170 billion for electricity transmission, distribution, and energy storage.

SOLAR POWER GENERATION GROWTH LIKELY TO OUTWEIGH OTHER SOURCES

Due to its favourable location in the solar belt (400 S to 400 N), India is one of the best recipients of solar energy with abundant availability.

- The installed solar energy capacity has increased by 26 times in the last 9 years and stands at 73.32 GW as of December 2023.
- India added a record 10 GW of solar capacity in Q1 2024, a nearly 400% year-over-year increase, driven by the commissioning of delayed projects as module prices fell and the ALMM order was suspended, as well as improved grid connectivity to projects previously stalled.
- Solar power accounted for 16.9% of the total installed power capacity and 40.1% of the total installed renewable capacity at the end of December 2023. Solar power's share increased by 0.3% from the last quarter when it accounted for 39.5% of the total renewable capacity.
- Maharashtra accelerates its solar energy growth, approving 20,000 MW of projects in 2.5 years and boosting solar pump storage to 55,000 MW. With rising renewable capacities, the state is on track to meet its 2030 goals.
- As of January 2, 2024, the Government of India is implementing the Production Linked Incentive (PLI) Scheme for the National Programme on High Efficiency Solar PV Modules, aimed at achieving gigawatt scale manufacturing capacity. Under Tranche-II, with a budget allocation of Rs. 19,500 crore (US\$ 2.35 billion), Letters of Award were issued in April 2023 for the establishment of 39,600 MW of fully or partially integrated solar PV module manufacturing units.
- Shirdi is set to become Maharashtra's first solar-powered town, with plans for a solar plant to meet the energy needs of the temple and the entire community, aiming for sustainable power generation and a zero energy bill for local facilities. India's renewable energy sector is undergoing a remarkable transformation, driven by its ambitious goal of achieving 500 GW of renewable energy capacity. Solar power has been the primary catalyst, with record-breaking growth in 2024, including 24.5 GW of solar capacity and a 47% share of the rooftop solar (RTS) sector.

Strategies adopted

GREEN CITIES

In December 2020, the Prime Minister unveiled a plan to create at least one 'green' city in each state that will be powered by renewable energy sources, primarily solar energy.

- The houses in these 'green' cities will have roof-top solar energy panels and solar streetlamps. Additionally, wasteto- energy plants will be set up to generate renewable energy.

- Union Budget 2023-24 envisions to create sustainable cities of tomorrow. To translate this, states and cities will be encouraged to undertake urban planning reforms and actions to transform our cities into 'sustainable cities of tomorrow'.

DEVELOPING RENEWABLE ENERGY HYBRID PROJECTS

- Hybrid energy projects combine two or more renewable power sources, such as solar and wind power, to reduce inconsistencies and provide stable power supply.
- Radiance Renewables, an Indian renewable energy developer, and the UK's Private Infrastructure Development Group have formed a joint venture called Radiance InfraCo Renewables to develop greenfield solar and wind-solar hybrid projects for commercial and industrial clients in India, leveraging their expertise to support the country's transition towards its net-zero emissions target by 2070.
- Wind-solar hybrid projects with capacities of 1,440 MW are under implementation in Rajasthan and Tamil Nadu.

ENSURING ROUND-THE-CLOCK POWER (RTC) SUPPLY

- Renewable resources such as solar and wind are time-bound and can only produce power when there is sufficient sunshine and wind.
- Round-the-clock (RTC) supply mechanism can overcome these natural limitations by bundling power from other sources, such as thermal power, with renewable power sources. Simply put, conventional and non-conventional resources can complement each other to provide a sustainable and stable power grid.
- Such bundled power is supplied to distribution companies (DISCOMs), eliminating the need for DISCOMs to balance power.

DRAFT ELECTRICITY RULES, 2021

- On 23rd February 2024, the Government of India approved amendments to the Electricity (Rights of Consumers) Rules, 2020, aimed at empowering consumers and streamlining processes. Notable changes include faster installation of rooftop solar systems, separate connections for electric vehicle charging, etc.
- The rules were part of the government's measures to encourage large-scale energy consumers, including industries, to leverage renewable energy sources for regular operations.
- Uniform Renewable Purchase Obligations (RPO) have been introduced, requiring all electricity distribution licensees to purchase or produce a specified minimum quantity of their total requirements from renewable energy sources.

DECENTRALISED SOLAR POWER

- Selco Solar Pvt Ltd started installing solar panels in slums which were not connected to the grid as a pilot project in 2008, and has since expanded into other states as well. They have also used standardised financial packages to get the slum people to move away from kerosene to solar power.
- The implementation of decentralized solar plants under the government's Pradhan Mantri Kisan Urja Suraksha evam Utthan Mahabhiyan (PM-KUSUM) program can boost farmer incomes, help India reach

50% of non-fossil power capacity by 2030, and improve the financial viability of distribution companies (DISCOMs)

- Off-grid solar power is growing at a fast pace in India, with sales of 392,000 offgrid solar products in the first half of 2021.

SHIFT TOWARDS NONCONVENTIONAL ENERGY

- India's leading conventional energy producers are shifting towards nonconventional energy resources to achieve their sustainability goals and contribute towards generating clean energy.
- Tripura is planning to shift to nonconventional power sources, like solar, to meet the 50% non-fossil electricity target by 2030, leveraging the state's solar potential and modern technology to increase generation and save costs.
- A rapid shift from fossil fuels to clean renewable energy could lead to the creation of 1.5 crore new jobs in India by 2025 and increase savings on electricity bills.

Renewable energy growth drivers

- Prime Minister Mr. Narendra Modi initially set the target of installing 175 GW of renewable energy capacity by 2030 but has now increased it to 450 GW.
- US\$ 2.4 billion National Hydrogen Mission for production of 5 MMT by 2030 and US\$ 36 million additional in budget.
- The Indian government's commitment to reaching net-zero emissions by 2070 and increasing its renewable energy target to 500 GW by 2030 at the COP26 summit has provided great support to the industry and spurred unprecedented growth.
- On February 13, 2024, Prime Minister Mr. Narendra Modi launched PM Surya Ghar Muft Bijli Yojana, offering free rooftop solar electricity to 1 crore households, backed by subsidies and concessional loans.
- On December 12, 2023, the Union Minister for New & Renewable Energy and Power reported the installation of 140 MW solar power plants and 2.73 lakh standalone solar pumps under PM-KUSUM, aimed at farmer welfare and environmental sustainability.
- The Pradhan Mantri Jaiv Indhan - Vatavaran Anukool Fasal Awashesh Nivaran (PM JI-VAN) Yojana, amended in 2024, aims to provide financial support for advanced bioethanol projects using renewable feedstocks. Over US\$ 106.7 million (Rs. 908 crore) has been approved for 2G bioethanol projects, including commercial-scale initiatives in Panipat, Haryana.

Government Policies

1. Repowering policy

Promotes optimum utilisation of wind energy resources by creating facilitative framework for repowering. Providing interest rate rebate of 0.25% over and above the existing interest rate rebate ed to new wind energy projects.

All fiscal and financial benefits offered to new wind power projects will be extended to repowering projects.

2. Government Schemes

As of January 2, 2024, the Government of India is implementing the Production Linked Incentive (PLI) Scheme for the National Programme on High Efficiency Solar PV Modules, aimed at achieving gigawatt-scale manufacturing capacity. Under Tranche-II, with a budget allocation of Rs 19,500 crore (US\$ 2.35 billion), Letters of Award were issued in April 2023 for the establishment of 39,600 MW of fully or partially integrated solar PV module manufacturing units.

3. Developing solar parks and ultra mega solar power projects

The Solar Energy Corporation of India (SECI) implemented large-scale central auctions for solar parks and has awarded contracts for 47 parks with over 25 GW of combined capacity

Road Ahead

India has set a target to reduce the carbon intensity of the nation's economy by less than 45% by the end of the decade, achieve 50% cumulative electric power installed by 2030 from renewables, and achieve net-zero carbon emissions by 2070. Low-carbon technologies could create a market worth up to US\$ 80 billion in India by 2030.

India's target is to produce five million tonnes of green hydrogen by 2030. The Green Hydrogen target is set at India's electrolyser manufacturing capacity is projected to reach 8 GW per year by 2025. The cumulative value of the green hydrogen market in India could reach \$8 Bn by 2030 and India will require at least 50 gigawatts (GW) of electrolysers or more to ramp up hydrogen production.

India's ambitious renewable energy goals are transforming its power sector. The rising population and widespread electrification in rural homes are fueling the demand for energy to power homes, businesses and communities. Clean energy will reduce pollution levels as villages become self-sustainable with their use of clean energy. The non-conventional energy space in India has become highly attractive for investors and received an FDI inflow of Rs. 1,43,692 crore (US\$ 19.98 billion) between April 2000-September 2024.

It is expected that by 2040, around 49% of the total electricity will be generated by renewable energy as more efficient batteries will be used to store electricity, which will further cut the solar energy cost by 66% as compared to the current cost. The use of renewables in place of coal will save India Rs. 54,000 crore (US\$ 8.43 billion) annually. Around 15,000 MW of wind-solar hybrid capacity is expected to be added between 2020-25.

As per the Central Electricity Authority (CEA) estimates, by 2029-30, the share of renewable energy generation would increase from 18% to 44%, while that of thermal is expected to reduce from 78% to 52%. The CEA also estimates India's power requirement to grow to reach 817 GW by 2030.

Company’s Background

Our Company was originally formed as a Partnership firm under the Indian Partnership Act, 1932 in name and style of “M/s. GRE Electronics” pursuant to the Partnership Deed dated April 1, 1999, between Mr. Kirtikumar Kantilal Suthar, Mr. Hasmukh Dahyalal Patel and Mr. Hareshkumar Prahladbhai Patel having it principle place of business at Plot No. 423, Dediyaan, G.I.D.C., Mehsana-384002, Gujarat on the terms and condition contained in the said partnership deed. Further various amendment made in the aforesaid partnership deed dated April 1, 2005, April 1, 2007, February 5, 2008. The partnership firm was registered on December 14, 2007 with the Registrar of Firms, Gujarat. Thereafter deed of Co-Partnery was entered on April 24, 2008, between all the partners of M/s. GRE Electronics, where all the parties hereto for the sake of smooth working and better and effective management and improvement and advancement of business, have agreed to register the said Joint Stock Company under Part IX of the Companies Act, 1956 as a Private Limited Company with the Name “GRE Electronics Private Limited”. Accordingly, partnership firm was converted into Private Limited Company in the name and style of “GRE Electronics Private Limited on October 24, 2008 pursuant to Part IX of the Companies Act, 1956 vide certificate of incorporation issued by Registrar of Companies, Gujarat, Dadra and Nagar Haveli. Further the name of the Company was changed from “GRE Electronics Private Limited” to “GRE Renew Enertech Private Limited” pursuant to special resolution passed by the shareholders at the Extra Ordinary General Meeting of the Company held on Thursday 1st June 2023 consequently to name change a fresh Certificate of Incorporation was granted to our Company on 6th July 2023 by the Registrar of Companies, Ahmedabad. Subsequently our Company was converted into a Public Company vide special resolution passed by the Shareholders at the Extra Ordinary General Meeting held on 28th May 2024, and consequently, the name of our Company was changed from “GRE Renew Enertech Private Limited” to “GRE Renew Enertech Limited” and a Fresh Certificate of Incorporation dated July 24, 2024 issued by the Registrar of Companies, Ahmedabad.

Business Overview

GRE is an emerging player in the field of Rooftop and ground mount solar solutions. GRE Renew Enertech Limited is a company that specializes in providing solar energy solutions to industrial and commercial customers. We offer green energy solutions by installing on-site solar projects. Our business operations are primarily divided into two segments: Capital Expenditure (CAPEX) and Renewable Energy Service Company (RESCO). Under the CAPEX model, we offer Engineering, Procurement, construction, and operation of solar projects. In this model, customers invest in the Capital Expenditure at their own and our Company does Engineering, Procurement, Construction, and Operation on behalf of the client. Under the RESCO model, agreement is entered into with roof-top owners. The rooftop owners may consume the electricity generated, for which they have to pay a pre decided tariff to us as RESCO developer for the tenure of the agreement. In this model the assets (solar panels and installations) belong to Our Company. Under RESCO model, we may also develop ground mount project, in which case land for the project is owned by our Company, either on freehold or leasehold, as developer of the RESCO Project. Our Company in the past has not developed any major ground-mount project under RESCO model. However, under the RESCO Model, our object is to implement a 7.20 MW (AC) / 9.99 MW (DC) Ground Mounted Solar Power Plant in GRE Renew Enertech Limited.

Our Company is also an Indian manufacturer of Light Emitting Diode (“LED”) lighting solutions. However, since last few years the prime focus of our Company is in the Solar Energy segment only. The turnover from lighting business is less than 5% of the total turnover of our Company as per the last audited financial statements for the Financial Year ended March 31, 2025.

As an ISO 9001:2015 certified company, we are not only installing solar plants but also providing innovative solutions to optimize its production output. A skilled group of solar architects and engineers who create sophisticated installations as per the best practices in the industry. In this way, we endeavor to achieve the optimum efficiency of electricity generation. We also provide the maintenance services that make sure our solar investment continues to give high volumes of electricity units in the long run. Customers are trusting us with their investments, and therefore, GRE is committed to being the most trusted solar installation service provider by ensuring that the projects we undertake are completed upto the customer’s expectations.

Along with solar, the GRE goes further in the field of manufacturing of **LED lighting applications**. Being a credible manufacturer and provider of indoor and outdoor LED lights, we incorporate technology for lighting up environments while still, embracing power conservation and environmental conservation as well. Our line of LED lights has established its dominance in industrial facilities, homes, and other places and provide a range of products to consumers who wants to utilize an efficient and effective lighting system.

There are three divisions in the Company viz; Solar Segment, LED Segment and Export (primarily DK USA inc.). Details of division wise revenue breakup for the last three financial fiscals on the basis of consolidated financial statement as follows:

Particular	Segment Bifurcation			
	September 30, 2025	March 31, 2025	March 31, 2024	March 31, 2023
Revenue				
Solar	4,012.35	7716.09	7,241.65	2,930.30
% of Revenue from operation	91.60%	92.17%	80.16%	56.12%
LED	83.76	249.78	316.43	467.15
% of Revenue from operation	1.91%	2.98%	3.50%	8.95%
Export	284.34	405.86	1,475.93	1,824.45
% of Revenue from operation	6.49%	4.85%	16.34%	34.94%

We also hold a Foreign Subsidiary Company DK USA Inc. (hereinafter referred as “Foreign Subsidiary”) established in 2010 as per the provision prevailing in United States of America. This foreign Subsidiary is primarily engaged in the Departmental Stores, Convenience Store, Gas Station. For Details of financial highlights of the foreign subsidiary please refer the chapter “History and Certain Corporate Matter” on page no. 168 of this Red Herring prospectus.

Although we have two different segments but our more than 90% of the total revenue is generated from the Solar Services. Our present business operations are mostly spread in the state of Gujarat; however, we plan to spread our business in the other states also in future. As a **reliable solar installation company**, we, at GRE Renew Enertech Limited, highly value our customers in our Solar and LED manufacturing and installation services. Our products have been tried and tested at various challenging conditions to ensure their strength.

We **GRE Renew Enertech Limited** – where creativity and professionalism coexist, here we collectively approach towards these goals and create new benchmarks in **Solar and LED technologies** to embrace a brighter and greener world.

With our proficiency and know-how regarding the manufacturing and installation of the solar power, we, at GRE, look forward to catering to customer needs while upholding sustainability at the same time. We plan to contribute to generating clean energy through solar power and help the world to become a better place to breathe in.

Our vision is to become the leading provider of top-quality solar power solutions, making solar energy the preferred choice for Industrial and commercial use, and building a sustainable future for all.

ABOUT GRE SOLAR

GRE is a company that specializes in providing solar energy solutions to industrial and commercial customers. We offer low carbon energy solutions by installing on-site solar projects such as rooftop and ground-mounted systems. Our business operations are primarily divided into two segments: Capital Expenditure (CAPEX) and Renewable Energy Service Company (RESCO).

Our Business Model:

We offer two types of models for our services

- a. CAPEX Model (EPC)
- b. RESCO Model (Opex)

CAPEX Model (EPC) (Engineering, Procurement and Construction)

CAPEX stands for Capital Expenditure. The CAPEX model is the most employed model in India. In this model, consumers own the system, fund it, and consume the energy generated throughout the project life, so the consumer is responsible for the risks associated with the operation, management, and maintenance of the system. Often the consumer finances this through bank funding. The consumer (who is the owner of the project) can apply for the capital subsidy provided through the CFA (Central Financial Assistance) and additional subsidies provided by the respective state governments. However, in this model, the consumer has the maximum risk. This model has several advantages, including a fast payback period, risk-accommodative returns, and sole ownership structure. However, it has several loopholes, such as high risks for consumers, delays in subsidy disbursement, and risks in the export of additional energy to the utility. This model is common in the residential and industrial sectors, where the consumers pay the entire cost upfront.

EPC refers to companies that deal with the Engineering, Procurement, Construction and Commissioning of solar systems. The EPC service provider is responsible for delivering a complete Photovoltaic (PV) power plant to the consumer, handling all aspects from seeking authorisation for the construction to commissioning and securing a grid connection.

EPC Projects can be divided into the following Phases:

1. Engineering Phase: The Engineering phase starts as a basic technical concept, the engineering design is itself a process that evolves and is constantly refined as the project development advances into a detailed execution design blueprint, issued for construction. Once construction and commissioning are completed, a detailed set of “as built” documents is handed over to the O&M (Operation and Maintenance) service provider.

2. Procurement Phase: The Procurement phase covers the selection and purchase of components such as PV modules and inverters, and the identification and mitigation of risks through suitable inspection, testing and qualification mechanisms. It also involves supplier onboarding, and inspections and tests until the end of the procurement process.

3. Construction Phase: In the Construction phase, the solar power plant is installed based on installation manuals provided by suppliers. Construction works involve civil works (mounting structures) and electro-mechanical works (modules, inverters, etc.) and supervisory and monitoring equipment. Some parts of the construction may be subcontracted by the EPC service provider.

4. Commissioning Phase: System commissioning closes the construction phase of the solar power plant and begins the commercial operation period. Commissioning includes performance and reliability tests to ensure that the solar power plant is built according to international standards, best industry practice, and complies with the Owner's requirements and grid specifications.

BENEFITS OF EPC MODEL

a) Single point of contact:

With EPC, there is a single point of contact for the entire project, which helps to streamline communication and decision-making. This can help to reduce delays and improve overall project efficiency.

b) Accountability:

The EPC contractor is responsible for the entire project, from design and engineering to procurement and construction. This means that they are accountable for meeting project deadlines, staying within budget, and ensuring that the project meets all specifications.

c) Cost savings:

EPC contractors often have strong relationships with suppliers and can negotiate bulk discounts on materials and equipment. This can help to lower project costs and maximize value for the project owner.

d) Reduced risk:

With an EPC contract, the project owner transfers the risk of the project to the EPC contractor. This means that the contractor is responsible for managing any risks associated with the project, such as design errors or construction delays.

e) Quality assurance:

EPC contractors are responsible for ensuring that the project meets all relevant standards and regulations. This helps to ensure that the completed project is of high quality and meets all necessary requirements. Overall, the EPC contracting model can help to reduce project risks, improve project efficiency, and maximize value for project owners and stakeholders.

The salient features of the Capex (EPC) Model as follows:

- Investment in Solar Power Plants is also subjected to accelerated depreciation which is an added incentive.
- Real time Monitoring of Generation data through weekly analytical reports.

OPERATION AND MAINTENANCE:

As one of the emerging solar power companies, GRE is dedicated to providing reliable and efficient solar energy solutions to its clients. In addition to providing state-of-the-art solar power plants, we also specialize in operation and maintenance (O&M) services. Our O&M services are tailored to meet the unique needs of each solar power plant, ensuring reliable and efficient operation.

Our business model for O&M services involves a fixed annual fee for the plant's capacity. This provides a reliable source of income while also ensuring we provide quality services to our clients.

Our team of highly-skilled professionals ensures that our clients receive the most reliable and efficient O&M services. With our expertise, we can identify and resolve issues before they escalate, which reduces downtime and maximizes energy output. By offering customized services that meet the needs of each solar plant, GRE establishes a sustainable long-term revenue model. This not only creates a more predictable revenue stream for our clients but also ensures the long-term profitability and success of the solar power plant. At GRE, we are dedicated to providing our clients with the most reliable and efficient solar energy solutions.

RESCO Model (Opex)

The RESCO model (also known as the OPEX model or BOOT (Build, own, operate, transfer or IPP (Independent Power Producer)) involves an energy company, RESCO, arranging the necessary capital for the projects and bearing all of its associated risks. Under this model, agreement is entered into with roof-top owners. The rooftop owners may consume the electricity generated, for which they have to pay a pre decided tariff to us as RESCO developer for the tenure of the agreement. In this model the assets (solar panels and installations) belong to Our Company. Under RESCO model, we may also develop ground mount project, in which case land for the project is owned by our Company, either on freehold or leasehold, as developer of the RESCO Project.

In case of roof top projects, Solar Energy Corporation of India (SECI) has been inviting bids on behalf of government department, public sector organizations for the purpose of installation of solar panels on the roof of their buildings. In case, pursuant to the invitation of Bid any work order is issued by government department or PSU; work order is issued and also power purchase agreement (PPA) is executed. The rooftop owners may consume the electricity generated, for which they have to pay a pre decided tariff to RESCO developer, i.e., our Company, on a monthly basis for the tenure of the agreement. In this model the Assets (i.e., solar panels and installations), belong to our Company and it gives annuity Income. In case of ground mount project, land for the project is owned by our Company, either on freehold or leasehold, as developer of the RESCO Project. The Developer of the project is our Company only and thereafter Power Purchase Agreement (PPA) is executed with industrial consumers, for which they have to pay a pre decided tariff to us, i.e., our Company, on a monthly basis for the tenure of the agreement. In this model the Assets (i.e., the land rights and the solar panels and installations) belong to our Company and it gives annuity Income.

However, under the RESCO Model, our object is to implement a 7.20 MW (AC) / 9.99 MW (DC) Ground Mounted Solar Power Plant in GRE Renew Enertech Limited. As per the Object of the issue, this project would be ground mounted and the land rights and the solar project shall be owned by our company GRE Renew Enertech Limited.

This model is increasingly becoming attractive, and its share has increased over the years. However, the challenge is mobilizing low-cost capital for meeting the requirements of system deployment.

The salient features of the RESCO Model as follows;

- BOOT (Build, own, operate, transfer) Model.

- Developer takes complete ownership and responsibility for the operations and maintenance of the system for the agreed duration of its lifetime.
- EPC Company take cares of everything including Operation & Management.
- Cost Per Unit Varies from INR 4.00–INR 6.00.
- Power Purchase Agreements (PPA) binds the Purchaser & the Power Producer

Details of Products and services offered by GRE in the Solar Segment

Solar energy is a resource that is not only sustainable for energy consumption, it is indefinitely renewable. Solar power is the conversion of the energy from the sun to usable electricity. Solar PV systems utilize photovoltaic cells to convert sunlight into electricity. Thus solar PV systems reduce our consumption of fossil fuels used in conventional power generation and help us to reduce our impact on the environment- greenhouse emissions into the atmosphere and depletion of natural resources. PV panels are silent, producing no noise at all; consequently, they are a perfect solution for urban areas and for residential, commercial & industrial applications.

Benefits of Technology

- Accelerated Depreciation Benefit.
- Manifold appreciation in the value of land at the end of 25 years.
- More than 50% saving in Electricity Bill.
- 25 Years Long Lasting Life of Solar PV Module.
- 4 To 5 of Years Project Payback.
- Fulfil CSR Responsibilities.
- High efficiency, almost nil maintenance.
- Protects you against annual rises in electricity costs.
- Saving in transmission and distribution losses.
- Rooftop, No requirement of additional land.
- Reduces greenhouse gas emission.

1.	<p>EPC: Our EPC offering includes turnkey installation ranging from design to commissioning, followed by operation and maintenance (O&M) as required by our customer.</p> <p>Description: GRE is a fully forward-integrated and comprehensive EPC solutions provider. We deploy world-class technology for designing, installing and commissioning benchmark solar</p>	

projects.

The company, over the years, has developed an accredited expertise in engineering and technology with a highly skilled and dedicated solar professional team. GRE specifies turnkey EPC projects for solar PV installations on land as well as the rooftop.

Types of EPC

- Our EPC offering includes turnkey installation ranging from design to commissioning, followed by operation and maintenance (O&M) as required by our customer.

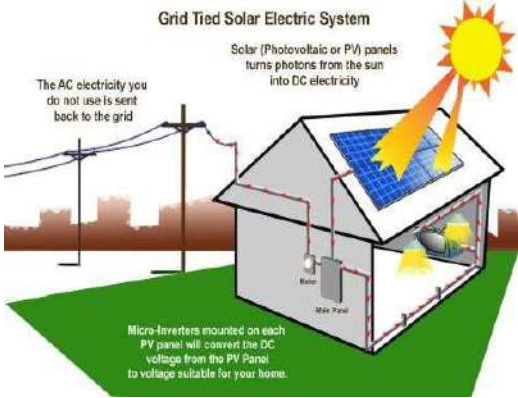

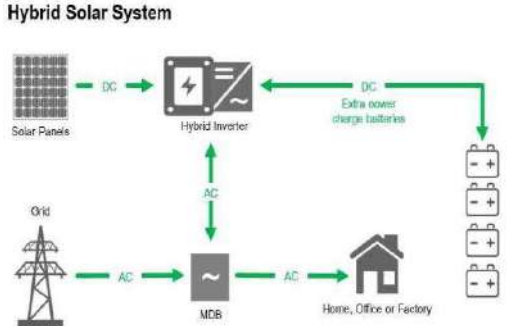

Key Features

- We install and commission the PV system. Further, we operate and maintain it as per the customer's need.
 - Customer gets government subsidies, tax benefits, etc., whichever is applicable.
 - Customer's monthly payment is towards EMI if a bank loan is availed.
 - Customer's savings are based on reduced purchase of electricity from the distribution company.
2. We directly or indirectly (through our investors) own the rooftop PV solar system and sell the solar-generated electricity to our customers at a mutually decided rate.

Key Features

- Customer does not bear the upfront cost of the PV System.
- We will own and directly oversee the performance of the PV system.
- While we (or our investors) can claim the tax benefits, our customers can indirectly enjoy these benefits by paying a lower rate of solar electricity.
- Customer's monthly payment is towards the solar electricity consumed.

<p>2. Rooftop Systems (On-Grid)</p> <p>Description: On-grid systems are also known as GRID-TIED Systems. An on-grid System operates in parallel with an electric utility.</p> <p>Working Principle During the daylight hours, the solar system generates power, offsetting the consumption of electricity from the utility and reducing electric bills. The balance of the kWh required is automatically drawn from the Mains. If the PV panels are producing more electricity than you are using, the system will feed the surplus energy to the utility and if you are using more electricity than generated, it will draw power from the utility.</p> <p>Key Features One Time Investment. Saving Electricity Bill. Low maintenance and Eco-friendly system. Cheaper Power than a grid with faster ROI (Return on Investment) / Payback period. Uninterrupted Power supply available.</p>	
<p>3. Solar Rooftop Systems (Hybrid)</p> <p>Description: The solar Hybrid system converts sunlight into electricity and it is a hybrid of solar PV modules, batteries & grid access. These are also ideal for areas without public grid access. Hybrid solar rooftop system includes storage solution in the form of batteries. The supply from the battery is converted into AC by the inverter to provide electrical supply to appliances in the absence of sunlight. The system can give power if grid access is given in the absence of sunlight & battery backup.</p> <p>Key Features</p> <ul style="list-style-type: none"> • One-time Investment. • Saving in Electricity bill. • Low Maintenance & Eco- Friendly system. • Pure sinewave output available. • Freedom from Power failure.

OUR COMPETITIVE STRENGTH

1. Experience Management Team:

We have an experienced management team led by our Promoters, Mr. Kamleshkumar Dahyalal Patel, Mr Kirtikumar Kantilal Suthar and Mr Mukeshkumar Prahladbhai Trivedi each of whom has work experience in diverse sectors including the manufacturing and research and development of LED lighting and solar business. We believe that our management team is well qualified with significant industry experience and has been responsible for the growth of our operations. For further details regarding the educational qualifications and experience of our promoter directors and key management team please see “Our Management” beginning on page 180 of this Red Herring prospectus

2. Training and Skill development programs to strengthen Operation & Maintenance Team

Our in-house team of experts takes care of every part of the project. From customizing system design, sourcing, warehousing, engineering, installation and ongoing system maintenance and monitoring. Our operational team have close to 38 peoples, to deliver the assignments. We believe that the experience and relationships that our management team has, have extended our operating capabilities, improved the quality of our services and facilitated access to our clients. To ensure that our O&M team remains up to date with industry best practices, we conduct regular training to sharpen their technical, safety and behavioural skills. We organize workshops which cover, among others, technical skills. Further, GRE has been providing training to their employees for skill development in their respective departments which will benefit them in their career ahead in life.

3. Existing number, visible order book and favourable national policy support

We had an EPC project portfolio of more than 61 MW across India which combined 52+ MW of projects under ground-mounted and 9 MW+ projects in rooftop. In the Union Budget 2022-23, the government allocated Rs. 19,500 crore (US\$ 2.57 billion) for a PLI scheme to boost the manufacturing of high-efficiency solar modules. India launched the Mission Innovation Clean Tech Exchange, a global initiative that will help accelerate clean energy innovation. As per the Central Electricity Authority (CEA) estimates, by 2029-30, the share of renewable energy generation would increase from 18% to 44%, while that of thermal is expected to reduce from 78% to 52%.

4. 24/7 Premium Support System:

We have a unique way to support the client and maximize the Solar yield through our dedicated remote monitoring and analytic platform. Our continuous monitoring by the in-house O&M team enables the client to have optimum O&M cost and reduce downtime.

5. ESG (Environment, Social and Governance):

The purpose of our company is to protect the environment by reducing carbon footprints by using more and more of the most abundant sources of energy- The SUN. Our company help to protect the environment by powering with 100% renewable energy. We believe we can make a difference to this world, to this very earth on which we live. We have been destroying the forests for whatever reasons for many years. GRE Renew is trying to bridge the gap by providing renewable energy solutions provider that are revolutionizing.

OUR BUSINESS STRATEGY

We ensure to maintain strong relationships with Suppliers and clients and work closely with them to understand their views and expectations and obtain feedback on our deliveries to further align our project execution, marketing and pricing strategies with demand. We intend to continue to provide high-quality deliveries to our customers and grow our business by leveraging our strengths and implementing the following strategies.

1. Enhance customer base by entering new geographies

Today we have a presence in 13 states and 2 overseas countries. Further, we intend to cater to the increasing demand of our existing clients and also to increase our existing customer base by enhancing our geographical reach. Enhancing our presence in additional regions will enable us to reach out to a larger market and have direct access to the suppliers and clients which will allow us to have a better understanding of their concept and

ideas. Further, our Company believes in maintaining long-term relationships with our customers. We aim to achieve this by maintaining the high quality of O & M Services, and Customer Support.

EXPORT OBLIGATION

Our Company does not have any export obligation, as on date of this Red Herring prospectus.

TECHNICAL COLLABORATION

As on this Red Herring prospectus, our Company has not entered into any technical or financial collaboration agreements.

INSURANCE

Our operations are subject to various risks associated with our industry. Accordingly, we maintain IFFCO TOKIO Bharat Sookshma Udyam Suraksha Policy to insure our registered office. We also maintain insurance policies for our vehicles. We, are also required to take appropriate insurance for our projects under the terms of our contracts. We believe that our insurance coverage is in accordance with industry custom, including the terms of and the coverage provided by such Insurances. Our policies are subject to standard limitations. Therefore, insurance might not necessarily cover all losses incurred by us and we cannot provide any assurance that we will not incur losses or suffer claims beyond the limits of, or outside the relevant coverage of our insurance policies.

KEY INDUSTRY REGULATIONS AND POLICIES

The following is a brief overview of certain Indian laws and regulations which are relevant to our Company's business. The information detailed below has been obtained from various legislations, including rules and regulations promulgated by regulatory bodies that are available in the public domain. The overview set out below is not exhaustive and is only intended to provide general information, and is neither designed, nor intended, to be a substitute for professional legal advice. For details of government approvals obtained by our Company in compliance with these regulations, please see the section entitled "Government and Other Approvals" beginning on page 231. The statements below are based on the current provisions of Indian law, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions.

Electricity Act, 2003

The Electricity Act is the central legislation which covers, among others, generation, transmission, distribution, trading and use of electricity. Under the Electricity Act, the transmission, distribution and trade of electricity are regulated activities that require licenses from the Central Electricity Regulatory Commission (—CERC), the State Electricity Regulatory Commissions (—SERCs) or a joint commission (constituted by an agreement entered into by two or more state governments or the central government in relation to one or more state governments, as the case may be).

The generating company is required to establish, operate and maintain generating stations, tie-lines, sub-stations and dedicated transmission lines. Further, the generating company may supply electricity to any licensee or even directly to consumers, subject to availing open access to the transmission and distribution systems and payment of transmission charges, including wheeling charges and open access charges, as may be determined by the relevant electricity regulatory commission. In terms of the Electricity Act, open access means the non-discriminatory provision for the use of transmission lines or distribution system or associated facilities with such lines or system, by any licensee or consumer or a person engaged in generation in accordance with the regulations specified by the relevant electricity regulatory commission.

Under the Electricity Act, the appropriate commission shall specify the terms and conditions for the determination of tariff, and one of the guiding factors in doing so shall be the promotion of co-generation and generation of electricity from renewable sources of energy. The SERCs under the Electricity Act are also required to promote co-generation and generation of electricity from renewable sources of energy by providing suitable measures for connectivity with the grid and sale of electricity to any person, and also specify, for purchase of electricity from such sources, a percentage of the total consumption of electricity in the area of a distribution license.

National Renewable Energy Act, 2015

MNRE released the draft National Renewable Energy Act, 2015 on July 17, 2015. The draft Act provides for a framework to facilitate and promote the use of renewable energy. It aims to address issues that are not adequately covered under the Electricity Act, 2003, as amended ("Electricity Act") or its amendments with respect to renewable energy such as the principles of grid planning and operation and the concept of national targets and its compliance by utilities. It proposes provisions for facilitating generation of renewable energy through sound institutional structure, supportive eco-system, viable economic and financial framework and promotion of renewable energy applications including distributed and grid connected renewable electricity. Among other things, the Act proposes to empower the GoI and State Governments to establish national renewable energy funds and state green funds respectively, in order to meet the expenses of implementing the national renewable energy policy and national renewable energy plan.

The Ministry of New and Renewable Energy ("MNRE")

The MNRE is the nodal ministry of the Government of India at the national level for all matters relating to non-conventional sources of energy and renewable energy. The mandate of MNRE includes research, development,

commercialization and deployment of renewable energy systems or devices for various applications in rural, urban, industrial and commercial sector.

Draft Electricity (promoting renewable energy through Green Energy Open Access) Rules, 2022 (“Draft Electricity Rules 2022”)

The Ministry of Power (“MoP”) circulated the Draft Electricity Rules 2022 in August 2022 and is seeking public comments. The Draft Electricity Rules 2022 have been proposed for the purchase and consumption of green energy, including the energy from waste-to-energy plants. It will provide in detail for renewable purchase obligation (RPO), green energy open access, nodal agencies, procedure for the grant of green energy open access, banking and cross-subsidy surcharge. It also provides for tariff for green energy which shall be determined by the appropriate commission.

MNRE Circular on imposition of Basic Customs Duty (BCD) on Solar PV Cells & Modules/ Panels

On March 9, 2021, MNRE issued a circular (ref. no. 283/3/2018- GRID SOLAR) in relation to imposition of BCD on solar cells and modules. According to the circular, no BCD will be charged on solar cells and modules upto March 31, 2022. From April 1, 2022, 25% and 40 % BCD will be charged on solar cells and solar modules, respectively.

Bureau of Indian Standards Act, 2016 (the “BIS Act”) and the Solar Photovoltaics, Systems, Devices and Components Goods (Requirements for Compulsory Registration) Order, 2017 (“Compulsory Registration Order”)

The Bureau of Indian Standards Act, 2016 provides for the establishment of bureau for the standardization, marking and quality certification of goods. Functions of the bureau include, inter alia, (a) recognizing as an Indian standard, any standard established for any article or process by any other institution in India or elsewhere; (b) specifying a standard mark which shall be of such design and contain such particulars as may be prescribed to represent a particular Indian standard; and (c) conducting such inspection and taking such samples of any material or substance as may be necessary to see whether any article or process in relation to which the standard mark has been used conforms to the Indian Standard or whether the standard mark has been improperly used in relation to any article or process with or without a license. A person may apply to the bureau for grant of license or certificate of conformity, if the articles, goods, process, system or service conforms to an Indian Standard.

The Compulsory Registration Order issued by MNRE was published on August 30, 2017 and was scheduled to come into effect on the expiry of one year from the date of such publication. In terms of the Compulsory Registration Order, any manufacturer who, inter alia, manufactures, stores for sale, sells or distributes; (a) utility interconnected photovoltaic inverters, (b) power converters for use in PV power system, (c) PV modules (wafer and thin film) (d) thin film terrestrial PV modules; and (e) crystalline silicon terrestrial PV modules (collectively the “Goods”) would require registration from the Bureau of Indian Standards for use of the Standard Mark as specified in the Schedule of the Compulsory Registration Order. The Compulsory Registration Order seeks to prohibit the manufacture or storage for sale, import, or distribution of the Goods which do not conform to the standard specified under the Compulsory Registration Order. However, pursuant to the notifications of MNRE dated April 16, 2018 and October 12, 2018, considering the time taken for tests and the framing of the guidelines for such tests, manufacturers of SPV modules and inverters were permitted in the interim to continue operations by submitting a self-certification that their products conform to the relevant Indian standards or their IEC counterparts along with proof of submission of samples to laboratories with the expected date of completion of testing. With respect to SPV modules ((c), (d) and (e) above), the timeline for submission of such self-certification together with samples for a test lab recognized by BIS pending results was January 1, 2019. However, pursuant to a subsequent notification dated January 4, 2019 of the MNRE, manufacturers of inverters ((a) and (b) above) have been permitted to continue operations by only submitting self-certification by June 30, 2019 without submission of samples to test labs till the series guidelines for submission of samples was under preparation, provided that the manufacturers have valid IEC corresponding to the Indian Standard.

The Jawaharlal Nehru National Solar Mission

The Jawaharlal Nehru National Solar Mission (JNNSM), or the National Solar Mission, was an initiative of the Government of India and State Governments to promote solar power in India. Inaugurated in January 2010, the JNNSM had revised a target of 100 GW of solar PV in the year 2022.

Renewable Purchase Obligations

The Electricity Act promotes the development of renewable sources of energy by requiring the relevant electricity regulatory commission to ensure grid connectivity and the sale of electricity generated from renewable sources. In addition, it requires the relevant electricity regulatory commission to specify, for the purchase of electricity from renewable sources, a percentage of the total consumption of electricity within the area of a distribution licensee, which are known as renewable purchase obligations (“**RPOs**”). Pursuant to this mandate, most of the relevant electricity regulatory commission have specified solar and non-solar RPOs in their respective states. In terms of the RPO regulations, RPOs are required to be met by obligated entities (that is, distribution licensees, captive power plants and open access consumers) by purchasing renewable energy, either by entering into PPAs with renewable energy power producers or by purchasing renewable energy certificates.

Pursuant to the order dated June 14, 2018 (no. 23/03/2016-R&R) issued by the Ministry of Power, Government of India (the “**MoP**”), the MoP has notified the long-term growth trajectory of renewable purchase obligations for solar and non-solar, uniformly for all states/Union Territories for a period of three years i.e., Fiscal 2020 to 2022.

Further, pursuant to the order dated January 15, 2021 (no. 23/12/2016-R&R) issued by the Ministry of Power, 111

Government of India (the “**MoP**”), the MoP has notified Waiver of Inter-State Transmission charges and losses on transmission of electricity generated from solar and wind sources of energy.

Further, pursuant to the order dated June 21, 2021 (no. 23/12/2016-R&R Part-(1) [239444]) read with the order dated January 15, 2021 (no. 23/12/2016-R&R) issued by the Ministry of Power, Government of India (the “**MoP**”), the MoP has notified Waiver of Inter-State Transmission charges and losses on transmission of electricity generated from solar and wind sources of energy – **Amendment thereof**.

Renewable Energy Certificates Regulations (“**REC Regulations**”)

The Central Electricity Regulatory Commission notified the REC Regulations on January 29, 2020 which has been amended from time to time. REC Regulations was enacted to develop the market in electricity from non-conventional energy sources by issuance of transferable and saleable credit certificates (“**REC Mechanism**”). The REC Mechanism provides a market-based instrument which can be traded freely and provides means for fulfilment of RPOs by the distribution utilities/consumers. Under the REC Regulations, there are two categories of certificates, i.e., solar certificates issued to eligible entities for generation of electricity based on solar as renewable energy source and non-solar certificates issued to eligible entities for generation of electricity based on renewable energy sources other than solar. The REC Regulations determine the quantum of such certificates to be issued to the eligible entities and the method of dealing in the certificates.

The National Load Despatch Centre is the central agency which oversees the REC Mechanism, including, inter alia, registration of eligible entities, issuance of certificates, maintaining and settling accounts in respect of certificates, acting as repository of transactions in certificates and such related functions of the REC Mechanism as may be assigned by the CERC. There are certain conditions which are now imposed on electricity generating company, distribution licensee and captive generation plant to be eligible to apply for REC.

Ujjwal Discom Assurance Yojana (“UDAY”)

The Ministry of Power, GoI, notified on November 20, 2015. It provides for the financial turnaround and revival of power distribution companies (“DISCOMs”). The scheme is applicable only to State-owned DISCOMs including combined generation, transmission and distribution undertakings. The State Government, DISCOMs and the GoI are required to enter into agreements which shall stipulate responsibilities of the entities towards achieving the operational and financial milestones under the scheme. One of the features of this scheme is that the States shall take over 75% of the debt of the DISCOMs as of September 30, 2015 over a period of two years — 50% of the DISCOM debt in 2015-16 and 25% in 2016-17 as per the mechanism provided for in the scheme.

Pradhan Mantri Kisan Urja Suraksha evam Utthaan Mahabhiyan Scheme 2019 (“PM-KUSUM”)

The PM-KUSUM scheme was implemented by the MNRE in 2019 with three components:

- (i) For setting up of 10,000 MW of decentralized grid connected renewable energy power plants on barren land. Under this component, renewable energy-based power plants (“REPP”) of capacity 500 KW to 2 MW will be set up by individual farmers / group of farmers / cooperatives / panchayats / farmer producer organisations (“FPO”) / water user associations (“WUA”) on barren land. The power generated will be purchased by state electricity distribution companies (“DISCOMs”) at pre-fixed tariff;
- (ii) For installation of 1.75 million standalone solar agriculture pumps. Individual farmers will be supported to install standalone solar agriculture pumps of capacity up to 7.5 HP for replacement of existing diesel agriculture pumps / irrigation systems in off- grid area, where grid supply is not available; and
- (iii) For solarization of 10 lakh grid connected agriculture pumps. Under this component, individual farmers having grid connected agriculture pumps will be supported to solarize pumps. The farmers will be able to use the generated solar power to meet their irrigation needs and excess power will be sold to DISCOMs at pre-fixed tariff.

The scope of this scheme was expanded in 2021, with 20 lakh farmers to now be provided with assistance to install standalone solar pumps, and another 15 lakh farmers to be assisted with solarising their grid-connected pump sets. The scheme aims to add solar and other renewable energy capacity of 25,750 MW by 2022.

Integrated Energy Policy 2006

The Integrated Energy Policy, 2006, (“Policy”) is a report of an expert committee constituted by the Government of India, to explore alternative technologies and possible synergies that would increase energy system efficiency and meet 112

the requirement for energy services. The aims and objectives of this Policy include, amongst others, providing appropriate fiscal policies to take care of externalities, tax measures, transparent and targeted subsidies, promoting energy efficiency, providing incentive for renewable energy production by linking the incentive to not just the outlay but also the output. The Policy also provides for the respective power regulators to mandate feed-in-laws for renewable energy, as may be appropriate and as provided under the Electricity Act.

Net Metering Regulations

These regulations have been formulated by various states to promote the generation of electricity from renewable energy sources in respect of the grid connected solar rooftop photovoltaic systems. These regulations regulate the supply of excess electricity from an eligible consumer allowing the consumer to export the excess quantum of electricity produced from his premises to the distribution licensee. Under these regulations, the eligible consumer can avail the benefit of the excess quantum supplied to be carried forward to the next billing cycle as credited units of electricity.

Grid Connected Solar Rooftop Programme

The aim of this initiative is to achieve a cumulative capacity of 40,000 MW from the rooftop solar projects by 2022. Phase-II of the Grid Connected Solar Rooftop Programme was approved by the Cabinet Committee on Economic Affairs (“CCEA”) and provides for central financial assistance for residential rooftop solar installations upto 40% for rooftop systems up to a capacity of 3 kW and 20% for those with a capacity of 3-10 kW. The Phase- II also focuses on increasing the incentives for DISCOMs based on achievement of certain installed capacity.

The Government of India has approved the PM Surya Ghar: Muft Bijli Yojana on 29th February, 2024 to increase the share of solar rooftop capacity and empower residential households to generate their own electricity. The scheme has an outlay of Rs 75,021 crore and is to be implemented till FY 2026-27. The scheme will be implemented by a National programme Implementation Agency (NPIA) at the National level and by the State Implementation Agencies (SIAs) at the state level. The Distribution Utility (DISCOMs or Power/Energy Departments, as the case may be) shall be the State Implementation Agencies (SIA) at the State/UT level. c) Under the scheme, the DISCOMs shall be required to put in place several facilitative measures for promotion of rooftop solar in their respective areas such as availability of net meters, timely inspection and commissioning of installations, vendor registration and management, interdepartmental convergence for solarizing government building etc. The scheme provides for a subsidy of 60% of the solar unit cost for systems up to 2kW capacity and 40 percent of additional system cost for systems between 2 to 3kW capacity. The subsidy has been capped at 3kW capacity. At current benchmark prices, this will mean Rs 30,000 subsidy for 1kW system, Rs 60,000 for 2kW systems and Rs 78,000 for 3kW systems or higher.

Integrated Power Development Scheme

The Integrated Power Development Scheme (“IPD Scheme”) was launched pursuant to the Office Memorandum of the Ministry of Power, GoI, dated December 3, 2014, by the Prime Minister of India on June 28, 2015 for urban areas, to ensure 24/7 power for all. The objective of the IPD Scheme is to (i) strengthen sub-transmission and distribution network in the urban areas; (ii) meter distribution transformers/feeders/consumers in urban areas; and (iii) enable IT of the distribution sector and to strengthen the distribution network as per CCEA approval dated June 21, 2013 for completion of targets laid down under the Restructured Accelerated Power Development and Reforms Programme (“RAPDRP”) for the 12th and 13th Five Year Plans by carrying forward the approved outlay for RAPDRP to IPD Scheme. It aims to help in the reduction of AT&C losses, the establishment of IT enabled energy accounting/auditing system, improvement in billed energy based on metered consumption and improvement in collection efficiency.

Foreign Investment Regulations

In terms of the Consolidated FDI Policy, 2020, issued by the Department for Promotion of Industry and Internal Trade (formerly, Department of Industrial Policy and Promotion), 100% foreign investment is permitted under automatic route in the manufacturing sector.

Special Economic Zones Act, 2005, rules and amendments thereof (“SEZ Act”)

The SEZ Act provides for the establishment, development and management of the special economic zones for the promotion of exports and for other connected matters. The SEZ Act provides various incentives in duties, tariffs and applicability of commercial laws, mainly to encourage investment and create employment. In a special economic zone, the economic laws are more liberal than the typical application of such economic laws in the country, to purport development, promote rapid economic growth by providing tax and business incentives. Such incentives are governed by the provisions of the SEZ Act.

As one of our existing manufacturing facilities is within a special economic zone, we are governed by the provisions of the SEZ Act and receive various incentives and subsidies within it.

Public Procurement Policy

Public Procurement Policy for Micro and Small Enterprises (“MSE”) was notified on November 9, 2018 under section 11 of Micro, Small and Medium Enterprises Development Act, 2006. The objective of Policy is promotion and development of Micro and Small Enterprises by supporting them in marketing of products produced and services rendered by them. However, the policy rests upon core principle of competitiveness, adhering to sound procurement practices and execution of supplies in accordance with a system which is fair, equitable, transparent, competitive and cost effective.

Under the Policy, every Central Ministry /Department / PSUs need to set an annual target for 25% procurement from MSE Sector. A sub-target of 4% out of 25% target of annual procurement is required to be earmarked for procurement from MSEs 113 owned by SC/ST entrepreneurs. The Policy provides special provisions for Micro and Small Enterprise owned by women. Out of the total annual procurement from Micro and Small Enterprises, 3 per cent from within the 25 per cent target needs to be earmarked for procurement from Micro and Small Enterprises owned by women. Ministry /Department/CPSUs are required to prepare their annual procurement plan for uploading on their official website.

Central Public Sector Undertakings (“CPSU”)

The Ministry of New and Renewable Energy (“MNRE”) issued amendments for setting up 12 GW of solar projects with viability gap funding (“VGF”) by CPSUs for self-use or use by government entities. The total cost of the projects under this program is estimated to be ₹480 billion.

As per an earlier amendment, the Indian Renewable Energy Development Agency (“IREDA”) was made the implementing agency on behalf of the MNRE, including conducting the bidding through the VGF route. In 2021, IREDA floated a tender to set up 5 GW of grid-connected solar projects in India (Tranche III) under the CPSU program (Phase II). IREDA capped the tariff under this tender at ₹2.20/kWh. Following the announcement, Telecommunications Consultants India Limited issued an expression of interest to select partners for setting up solar projects under this program.

State solar policies

Various states in India have from time to time, announced administrative policies and regulations in relation to solar power projects and related matters. These state-specific policies and regulations have material effects on our business because PPAs between project developers and state off takers are entered into in accordance with the relevant state policies and regulations. Accordingly, these PPAs are standard form contracts and the project developers have no flexibility in negotiating the terms of the PPAs.

For instance, in the states of Gujarat, our projects are subject to certain state policies as discussed below.

Gujarat

The Gujarat Energy Development Agency is responsible for promotion and development of renewable energy in Gujarat. The government of Gujarat formulated the Gujarat Solar policy on August 13, 2015, operative till March 31, 2020. Solar power generators installed and commissioned during the operative period of the Gujarat Solar policy shall become eligible for the benefits and incentives declared under such policy for a period of twenty-five years from their date of commissioning or for the lifespan of the solar power generators, whichever is earlier. Under the provisions of the Gujarat Solar policy, solar power projects set up for sale of power to distribution companies shall retain 100% of the clean development mechanism benefits and are exempted from payment of electricity duty, cross-subsidy surcharge and additional surcharge on the generated solar power.

Nodal agency of Gujarat launch the Gujarat solar policy 2021 to rapidly scale up the solar energy capacity in order to contribute to India’s overall renewable targets. Subsequently, Government releases the 'Gujarat Renewable Energy Policy-2023' for all the renewable generation sources. In addition, GERC releases Terms and Conditions for Green Energy Open Access Regulations, 2024 & Framework for Procurement of Power by Distribution licensees and others from Solar Power Projects for State of Gujarat policy to promote the renewable energy. State Government also launched the SSDSP – 2019 & PM-KUSUM C models for sale to DISCOM to

promote the solar energy generation to achieve the net zero emission.

ENVIRONMENTAL LAWS

The Environment (Protection) Act, 1986 (“EPA”)

The EPA has been enacted for the protection and improvement of the environment. It stipulates that no person carrying on any industry, operation or process shall discharge or emit or permit to be discharged or emit any environmental pollutant in excess of such standards as may be prescribed. Further, no person shall handle or cause to be handled any hazardous substance except in accordance with such procedure and after complying with such safeguards as may be prescribed. EPA empowers the Central Government to take all measures necessary to protect and improve the environment such as laying down standards for emission or discharge of pollutants, providing for restrictions regarding areas where industries may operate and generally to curb environmental pollution.

Water (Prevention and Control of Pollution) Act, 1974 (“Water Act”)

The Water Act aims to prevent and control water pollution as well as restore water quality by establishing and empowering the relevant state pollution control boards. Under the Water Act, any individual, industry or institution discharging industrial or domestic waste into water must obtain the consent of the relevant state pollution control board, which is empowered to establish standards and conditions that are required to be complied with.

Air (Prevention and Control of Pollution) Act, 1981 (“Air Act”)

Under the Air Act, the relevant state pollution control board may inspect any industrial plant or manufacturing process and give orders, as it may deem fit, for the prevention, control and abatement of air pollution. Further, industrial plants and manufacturing processes are required to adhere to the standards for emission of air pollutants laid down by the relevant state pollution control board, in consultation with the Central Pollution Control Board. The relevant state pollution control board is also empowered to declare air pollution control areas. Additionally, consent of the state pollution control board is required prior to establishing and operating an industrial plant. The consent by the state pollution control board may contain provisions regarding installation of pollution control equipment and the quantity of emissions permitted at the industrial plant.

TAX RELATED LAWS

The Income Tax Act, 1961

The Income-tax Act, 1961 (—IT Act) is applicable to every Company, whether domestic or foreign whose income is taxable under the provisions of this Act or Rules made there under depending upon its —Residential Status and —Type of Income involved. As per the provisions of Income Tax Act, the rates at which they are required to pay tax is calculated on the income declared by them or assessed by the authorities, after availing the deductions and concessions accorded under the Income Tax Act. Filing of returns of income is compulsory for all assesses. Furthermore, it requires every taxpayer to apply to the assessing officer for a permanent account number.

The Professional Tax

The professional tax slabs in India are applicable to those citizens of India who are either involved in any profession or trade. The State Government of each State is empowered with the responsibility of structuring as well as formulating the respective professional tax criteria and is also required to collect funds through professional tax. The professional taxes are charged on the incomes of individuals, profits of business or gains in vocations. The professional tax is charged as per the List II of the Constitution. The professional taxes are classified under various tax slabs in India. The tax payable under the State Acts by any person earning a salary

or wage shall be deducted by his employer from the salary or wages payable to such person before such salary or wages is paid to him, and such employer shall, irrespective of whether such deduction has been made or not when the salary and wage is paid to such persons, be liable to pay tax on behalf of such person and employer has to obtain the registration from the assessing authority in the prescribed manner. Every person liable to pay tax under these Acts (other than a person earning salary or wages, in respect of whom the tax is payable by the employer), shall obtain a certificate of enrolment from the assessing authority.

The Goods and Services Tax (“GST”)

The GST is applicable on the supply of goods or services as against the present concept of tax on the manufacture and sale of goods or provision of services. It is a destination-based consumption tax. It is dual GST with the Central and State Governments simultaneously levying it on a common tax base. The GST to be levied by the Centre on intra-State supply of goods and / or services is called the Central GST (CGST) as provided by the CGST Act and that to be levied by the States is called the State GST (SGST) as given under the SGST Acts. An Integrated GST (IGST) under the IGST Act is to be levied and collected by the Centre on inter-State supply of goods and services. The CGST and SGST is to be levied at rates to be jointly decided by the Centre and States.

Every person liable to take registration under these Acts shall do so within a period of 30 days from the date on which he becomes liable to registration. The Central/State authority shall issue the registration certificate upon receipt of application. The Certificate shall contain fifteen-digit registration numbers known as Goods and Service Tax Identification Number (GSTIN). In case a person has multiple business verticals in multiple locations in a state, a separate application will be made for registration of each and every location. The registered assessee is then required to pay GST as per the rules applicable thereon and file the appropriate returns as applicable thereon.

There are indirect taxes that are levied and collected by the Central and State Government which are now subsumed under GST. Some of the taxes which were applicable to the Company are as follows:

- Service Tax
- Value Added tax
- The Central Sales Tax Act, 1956

The Customs Act, 1962

The provisions of the Customs Act, 1962 and rules made thereunder are applicable at the time of import of goods i.e., bringing into India from a place outside India or at the time of export of goods i.e. taken out of India to a place outside India. Any Company requiring to import or export any goods is first required to get itself registered and obtain an Importer Exporter Code.

CORPORATE LAWS

The Companies Act, 2013

The Companies Act, 2013, has replaced the Companies Act, 1956 in a phased manner. The Act received the assent of President of India on 29th August 2013. At present almost all the provisions of this law have been made effective except a very few. The Ministry of Corporate Affairs, has also issued rules complementary to the Companies Act, 2013 establishing the procedure to be followed by companies in order to comply with the substantive provisions of the Companies Act, 2013.

The Companies Act primarily regulates the formation, financing, functioning and restructuring of separate legal entity as Companies. The Act provides regulatory and compliance mechanism regarding all relevant aspects including organizational, financial and managerial aspects of companies. The provisions of the Act state the eligibility, procedure and execution for various functions of the company, the relation and action of the management and that of the shareholders. The law laid down transparency, corporate governance and protection of shareholders & creditors.

In the functioning of the corporate sector, although freedom of companies is important, protection of the investors and shareholders, on whose funds they flourish, is equally important. The Companies Act plays the balancing role between these two competing factors, namely, management autonomy and investor protection.

GENERAL LEGISLATIONS

The Indian Contract Act, 1872

The Indian Contract Act, 1872 (—Contract Act) codifies the way in which a contract may be entered into, executed, implementation of the provisions of a contract and effects of breach of a contract. A person is free to contract on any terms he chooses. The Contract Act also provides for circumstances under which contracts will be considered as ‘void’ or ‘voidable’. The Contract Act contains provisions governing certain special contracts, including indemnity, guarantee, bailment, pledge, and agency.

The Competition Act, 2002

The Competition Act, 2002 prohibits anti-competitive agreements, abuse of dominant positions by enterprises and regulates —combinations in India. The Competition Act also established the Competition Commission of India (the—CCI) as the authority mandated to implement the Competition Act. Combinations which are Likely to cause an appreciable adverse effect on competition in a relevant market in India are void under the Competition Act. The obligation to notify a combination to the CCI falls upon the acquirer in case of an acquisition, and on all parties to the combination jointly in case of a merger or amalgamation.

Transfer of Property Act, 1882 (“TP Act”)

The Transfer of Property Act, 1882 (the —TP Act) establishes the general principles relating to transfer of property in India. It forms a basis for identifying the categories of property that are capable of being transferred, the persons competent to transfer property, the validity of restrictions and conditions imposed on the transfer and the creation of contingent and vested interest in the property. Transfer of property is subject to stamping and registration under the specific statutes enacted for that purpose.

The Indian Stamp Act, 1899

Under the Indian Stamp Act, 1899, stamp duty is payable on instruments evidencing a transfer or creation or extinguishment of any right, title or interest in immovable property. Stamp duty must be paid on all instruments specified under the Stamp Act at the rates specified in the schedules to the Stamp Act. The applicable rates for stamp duty on instruments chargeable with duty vary from state to state.

The Registration Act, 1908

The purpose of the Registration Act, amongst other things, is to provide a method of public registration of documents so as to give information to people regarding legal rights and obligations arising or affecting a particular property, and to perpetuate documents which may afterwards be of legal importance, and also to prevent fraud.

Negotiable Instruments Act, 1881

In India, the laws governing monetary instruments such as cheques are contained in the Negotiable Instruments Act, 1881. The Act provides effective legal provision to restrain people from issuing cheques without having sufficient funds in their account or any stringent provision to punish them in the event of such cheque not being honoured by their bankers and returned unpaid. Section 138 of the Act, creates statutory offence in the matter of dishonour of cheques on the ground of insufficiency of funds in the account maintained by a person with the banker which is punishable with imprisonment for a term which may extend to two year, or with fine which may extend to twice the amount of the cheque, or with both.

Information Technology Act, 2000 (as amended by Information Technology Amendment Act, 2008):

The Information Technology Act, 2000 (the IT Act) is an Act of the Indian Parliament notified on October 17, 2000. It is the primary law in India dealing with cybercrime and electronic commerce. It was enacted with the purpose of providing legal recognition to electronic transactions and facilitating electronic filing of documents. The IT Act further provides for civil and criminal liability including fines and imprisonment for various cyber-crimes, including unauthorized access to computer systems, unauthorized modification to the contents of computer systems, damaging computer systems, the unauthorized disclosure of confidential information and computer fraud.

Other Applicable Laws

In addition to the above, our Company is required to comply with the provisions of the Indian Contract Act, 1872, Companies Act, Transfer of Property Act, 1882, Foreign Exchange Management Act, 1999, the Copyright Act, 1957, the Trade Marks Act, 1999, Prevention of Corruption Act, 1988, SEBI Listing Regulations, RBI guidelines, IBC and other applicable laws and regulations imposed by the central and state governments and other authorities for its day-to-day operations.

DETAILS OF BUSINESS OF OUR COMPANY

GRE Renew Enertech Limited is a company that specializes in providing solar energy solutions to industrial and commercial customers. We offer green energy solutions by installing on-site solar projects. Our business operations are primarily divided into two segments: Capital Expenditure (CAPEX) and Renewable Energy Service Company (RESCO). Under the CAPEX model, we offer Engineering, Procurement, construction, and operation of solar projects. In this model, customer invest in the Capital Expenditure at their own and our Company does Engineering, Procurement, Construction, and Operation on behalf of the client. Under the RESCO model, agreement is entered into with roof-top owners. The rooftop owners may consume the electricity generated, for which they have to pay a pre decided tariff to us as RESCO developer for the tenure of the agreement. In this model the assets (solar panels and installations) belong to Our Company. Under RESCO model, we may also develop ground mount project, in which case land for the project is owned by our Company, either on freehold or leasehold, as developer of the RESCO Project. Our Company in the past has not developed any major ground-mount project under RESCO model. Our Company is also an Indian manufacturer of Light Emitting Diode (“LED”) lighting solutions. However, since last few years the prime focus of our Company is in the Solar Energy segment only. The turnover from lighting business is less than 5% of the total turnover of our Company as per the last audited financial statements for the Financial Year ended March 31, 2025.

B. Significant Accounting Policies & Disclosures

1. Basis for Preparation of Financial Statement

The Restated Standalone Statement of Assets and Liabilities of the Company for the year/period ended on 30th September, 2025, 31st March 2025, 31st March 2024, and 31st March 2023 and the Restated Standalone Statement of Profit and Loss and Restated Standalone Statements of Cash Flows for the year/period ended on 30th September 2025, 31st March 2025, 31st March 2024, and 31st March 2023 and the annexure thereto (collectively, the “Restated Standalone Financial Statements”) have been extracted by the management from the Audited Financial Statements of the Company.

The financial statements of the company have been prepared and presented in accordance with the Generally Accepted Accounting Principles (GAAP). GAAP comprises the Accounting Standards notified under the Companies Act, 2013. The accounting policies have been framed, keeping in view the fundamental accounting assumptions of Going Concern, Consistency and Accrual, as also basic considerations of Prudence, Substance over form, and Materiality. These have been applied consistently, except where a newly issued accounting standard is initially adopted or a revision in the existing accounting standards require a revision in the accounting policy so far in use. The need for such a revision is evaluated on an ongoing basis.

2. Foreign currency translation reserve

For the purposes of presenting these consolidated financial statements, the assets and liabilities of the Group's entities whose functional currency is other than Indian rupees are translated into Currency Units using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the period, Exchange differences arising, if any, are recognized in Profit & Loss Accounts.

3. Use of Estimates and Judgements

The preparation of financial statements is in conformity with generally accepted accounting principles requires management to make assumptions and estimates, which it believes are reasonable under the circumstances that affect the reported amounts of assets and liabilities on the date of financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates. Difference between the actual results and estimates are recognized in the period in which the results are known/materialized. Such estimates generally include determining useful life of asset, realization of receivable etc.

4. Property, Plant and Equipment

Fixed assets are stated at historical cost less accumulated depreciation and impairment losses. Cost includes purchase price and all other attributable cost to bring the assets to its working condition for the intended use. Subsequent expenditures related to an item of tangible asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

5. Capital Work in Progress

Directly and indirectly attributable Expenditure related to and incurred during implementation of capital projects to get the assets ready for intended use and for a qualifying asset is included under "Capital Work in Progress". The same is allocated to the respective items of property plant and equipment on completion of construction (development of project) / erection of the capital project / property plant and equipment. Capital work in progress is stated at cost.

6. Depreciation and Amortization

Depreciation on fixed assets will be calculated using the Written down value (WDV) method, which involves applying depreciation rates and useful lives as prescribed under Schedule II to the Companies Act 2013 to the carrying amount of the asset. Except in respect of following category of assets, in whose case the life of the assets has been assessed based on technical assessment, taking into account the nature of asset, the estimate usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, maintenance, etc.

For following tangible fixed assets Depreciation provided on Straight Line Method (SLM):

Particular of Tangible Assets	Useful Life	Method of Depreciation
Solar 250KW	25 Years	SLM
Solar 550KW	25 Years	SLM
SECI AHMDABAD (100RAF CRPF)-480KW DC	25 Years	SLM
SECI GANDHINAGAR (FTR HQ BSF GUJ)-480KW- DC	25 Years	SLM
SECI AJMER (GC-1 CRPF)-172KW DC	25 Years	SLM
SECI AJMER (GC-2 CRPF)-300KW DC	25 Years	SLM
SECI JAIPUR (8TH RB CISF)-480KW DC	25 Years	SLM
SECI JODHPUR (FTR HQ BSF)-480KW DC	25 Years	SLM
SECI JODHPUR (STC BSF)-240KW DC	25 Years	SLM

The carrying amount is reduced each year by the amount of depreciation charged. Depreciation methods, useful lives, and residual values are reviewed periodically, including at each financial year end.

7. Impairment of Assets

An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of amount.

8. Borrowing Costs

Borrowing costs include interest, amortization of ancillary costs incurred. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated and utilized for qualifying assets pertaining to the period from commencement of activities relating to construction / development of the qualifying asset up to the date of capitalization of such asset are included in the cost of the assets.

9. Inventories

- (i) Raw Material, Packaging Material, Tools and Consumables, and Finished Goods are valued at lower of Cost or net realizable value.
- (ii) Work in Progress at various level is valued at lower of cost or net realizable value. The Management estimates the work in progress according to stage of completion. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads incurred in bringing them to their respective present location and condition.
- (iii) Finished goods have been valued lower of cost or NRV.

10. Investments

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments. On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

11. Employees Benefits

- i) The company does not carry forward the balance of earned leave balance of employees, balance earned leave is paid to the employees according to the policy of company.

- ii) Company's contribution to Provident Fund and other Funds for the year is accounted on accrual basis and charged to the Statement of Profit & Loss for the year.
- iii) Retirement benefits in the form of Gratuity are considered as defined benefit obligations and are provided on the basis of the actuarial valuation as at the date of the Balance Sheet.

12. Revenue Recognition

The sales are recorded when supply of goods takes place in accordance with the terms of sales and on charge of title in the goods.

The Company follows Percentage completion method for EPC contracts. Under this method, revenue is recognized in proportion of cost incurred to date with estimated total contract cost.

We have not billed certain parties before September in respect of Government and other related expense incurred on the project and as same is disclosed under the Head Other current assets.

Revenue from sale of power on distribution of electricity is accounted when energy is delivered at the metering point in terms of the Power Purchase Agreements.

Other Income:

Interest income is accounted on an accrual basis considering certainty in realization. Dividend income is accounted for when the right to receive it is established.

13. Earnings Per Share

In determining the Earnings Per share, the company considers the net profit after tax which does not include any post tax effect of any extraordinary / exceptional item. The number of shares used in computing basic earnings per share is the weighted average number of shares outstanding during the period.

14. ACCOUNTING FOR TAXES ON INCOME

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

- (i) Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.
- (ii) Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

The carrying amount of deferred tax assets are reviewed at each reporting date. The company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

15. Contingent Liabilities and Provisions

Provisions are recognized only when there is a present obligation as a result of past events and when a reliable estimate of the amount of obligation can be made.

Contingent Liability is disclosed for:

- (i) Possible obligation which will be confirmed only by future events not wholly within the control of the Company or
- (ii) Present obligations arising from the past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.
- (iii) Contingent Assets are not recognized in the financial statements since this may result in the recognition of income that may never be realized

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.

C. Changes in Accounting Policies in the years covered in the Restated Consolidated Financials

ANNEXURE – E : STATEMENT OF MATERIAL ADJUSTMENT TO THE RESTATED CONSOLIDATED FINANCIAL STATEMENT

1 Material Regrouping

Appropriate adjustments have been made in the Restated Consolidated Financial Statements of Assets and Liabilities, Profit and Losses and Cash Flows, wherever required, by reclassification of the corresponding items of income, expenses, assets and liabilities in order to bring them in line with the regroupings as per the audited financial statements of the company and the requirements of SEBI Regulations.

2. Material Adjustments :

The Summary of results of restatement made in the Audited Financial Statements for the respective years and its impact on the profit/(loss) of the Company is as follows:

(Amount in Lacs except Units in Actual Numbers)				
Particulars	As at September 30, 2025	As at March 31, 2025	As at March 31, 2024	As at March 31, 2023

3. Notes on Material Adjustments pertaining to prior years

(1) Adjustment of Gratuity Expenses

Company had accounted gratuity on cash basis, however during the restatement, Company has complied with the requirement of AS – 15 (Revised) “Employee Benefits” and accordingly booked Gratuity expenses basis of actuarial valuation report.

(2) Adjustment on account of Provision of Deferred Tax Assets:

Due to Provision for Gratuity (Employee benefits), Difference of WDV of Fixed Assets as per Companies Act, 2013 and Income Tax Act, 1961 during the period of restatement, The Company has recalculated the deferred tax liability and deferred tax assets at the end of respective year ended at the rate of normal Tax rate applicable at the end of relevant year. For more details, refer table of Reconciliation of Statement of Profit and loss as above.

(3) Provision of Income Tax (Current/Prior Period):

During the restatement, the Income tax provision was recalculated on restated Profit/(Loss) of respective year as per the prevailing tax rates, accordingly the effect of revised income tax provision has been made in the Restated Statement of Profit and Loss account. Short/(Excess) provision has adjusted in respective year/period. For More details, refer Annexure AA enclosed with the Restated Financial Statement.

(4) Accounting of Depreciation on Property, Plant and Equipment:

During the restatement, Company has observed that in few cases for the purpose of calculation of depreciation on additional assets the number of days was taken as 366 instead of 365 in the FY: 2022-23. Further, it has observed that in the FY: 2023-24 depreciation amount of new computer purchased was included both in Tangible or Intangible assets. Therefore, the depreciation was calculated revised and the difference short/(Excess) has been restated and necessary effect is given in Schedule of Property, Plant & Equipment and Opening retained earnings.

** Units are in division of Lakhs for the purpose of Ratio calculations

Notes :

- 1) The effect of bonus shares are considered for calculation of EPS in respect of shares outstanding as on Balance Sheet date.
- 2) The ratios have been calculated as below:
 - a) Basic Earnings Per Share (Rs.) = Restated Consolidated PAT attributable to Equity Shareholders/ Weighted Average Number of Equity Shares outstanding during the year.
 - b) Diluted Earnings Per Share (Rs.) = Restated Consolidated PAT attributable to Equity Shareholders/ Weighted Average Number of Diluted Potential Equity Shares outstanding during the year.
 - c) Return on Net Worth (%) = Restated Consolidated PAT attributable to Equity Shareholders/ Net Worth X 100
 - d) Restated Consolidated Net Asset Value per equity share (Rs.) = Restated Consolidated Net Worth as at the end of the year/ Total Number of Equity Shares outstanding during the year.
- 3) Weighted Average Number of equity shares is the number of equity shares outstanding at the beginning of the year adjusted by the number of equity shares issued during the year multiplied by the time weighting factor. Further, number of shares are after considering impact of the bonus shares.
- 4) Earnings Per Share calculation are in accordance with Accounting Standard 20- Earnings Per Share, notified under the Companies (Accounting Standards) Rules 2006, as amended.
- 5) Net Worth = Equity Share Capital + Reserve and Surplus (including surplus in the Statement of Profit & Loss) - Preliminary Expenses to the extent not written-off.
- 6) The figures disclosed above are based on the Restated Consolidated Financial Statements of the Company.

BUSINESS OVERVIEW

Our Company was originally carrying on co-partnership business in name and style of "M/s. G.R.E. Electronics" in the terms and conditions contained in the Partnership Deed dated April 1, 1999. Further various amendment made in the aforesaid partnership deed dated April 1, 2005, April 1, 2007, February 5, 2008. Thereafter deed of Co-Partnership was entered on April 24, 2008, between all the partners of M/s. GRE Electronics, where all the parties hereto for the sake of smooth working and better and effective management and improvement and advancement of business, have agreed to register the said Joint Stock Company under Part IX of the Companies Act, 1956 as a Private Limited Company with the Name "GRE Electronics Private Limited". Accordingly, the partnership firm was converted into Private Limited Company in the name and style of "GRE Electronics Private Limited" on October 24, 2008 pursuant to Part IX of the Companies Act, 1956 vide certificate of incorporation issued by Registrar of Companies, Gujarat, Dadra and Nagar Haveli. Subsequently our Company was converted into a Public Company vide special resolution passed by the Shareholders at the Extra Ordinary General Meeting held on 28th May 2024, and consequently, the name of our Company was changed from "GRE Renew Enertech Private Limited" to "GRE Renew Enertech Limited" and a Fresh Certificate of Incorporation dated July 24th, 2024 issued by the Registrar of Companies, Ahmedabad.

However various amendments in the name of the company took place between the said period, to know more about such amendments please refer to "Our History and Certain Corporate Matters" at page no. 168.

GRE Renew Enertech Limited is a company that specializes in providing solar energy solutions to industrial and commercial customers. We offer green energy solutions by installing on-site solar projects. Our business operations are primarily divided into two segments: Capital Expenditure (CAPEX) and Renewable Energy Service Company (RESCO). Under the CAPEX model, we offer Engineering, Procurement, construction, and operation of solar projects. In this model, customer invest in the Capital Expenditure at their own and our Company does Engineering, Procurement, Construction, and Operation on behalf of the client. Under the RESCO model, agreement is entered into with roof-top owners. The rooftop owners may consume the electricity generated, for which they have to pay a pre decided tariff to us as RESCO developer for the tenure of the agreement. In this model the assets (solar panels and installations) belong to Our Company. Under RESCO model, we may also develop ground mount project, in which case land for the project is owned by our Company, either on freehold or leasehold, as developer of the RESCO Project. Our Company in the past has not developed

any major ground-mount project under RESCO model. Our Company is also an Indian manufacturer of Light Emitting Diode (“LED”) lighting solutions. However, since last few years the prime focus of our Company is in the Solar Energy segment only. The turnover from lighting business is only less than 5% of the total turnover of our Company as per the last audited financial statements for the Financial Year ended March 31, 2024.

For detailed information on the business of our Company please refer to “Our Business” beginning on page numbers 130 of this Red Herring prospectus.

FISCAL YEAR ENDED MARCH 31, 2025 COMPARED WITH THE FISCAL YEAR ENDED MARCH 31, 2024 ON THE BASIS OF RESTATED CONSOLIDATED FINANCIAL STATEMENT**Total Revenue**

Total revenue has decreased by 8.44% from ₹ 9,215.40 lakhs in the financial year ended March 31, 2024 to ₹ 8,437.38 lakhs in the financial year ended March 31, 2025, The decrease is mainly due to decrease in total revenue of subsidiary company business.

Revenue from operations

Total revenue from operation has decreased by 7.33% from ₹9,034.01 lakhs in the financial year ended March 31, 2024 to ₹8371.73 lakhs in the financial year ended March 31, 2025. The decrease is mainly due to decrease in Revenue from operation of subsidiary company business.

Other Income

Total Other Income has decreased by 63.82% from ₹181.39 lakhs in the financial year ended March 31, 2024 to ₹65.64 lakhs in the financial year ended March 31, 2025. The decrease was primarily attributable to the absence of non-recurring items recognized in the previous year such as profit on sale of fixed assets, sale of asset – Kn One Step and profit on sale of plot. Additionally, Air Machine income and foreign exchange gain reduced significantly, while rental income and export duty drawback recorded in financial year ended March

31, 2024 were not available in the current year. Despite higher interest income and contributions from commission-based earnings, the absence of these exceptional items led to an overall reduction in Other Income.

Total expenses

Total expense has decreased by 5.80% from ₹7,952.05 lakhs in the financial year ended March 31, 2024 to ₹ 7,490.87 lakhs in the financial year ended March 31, 2025, primarily due to decrease in the Cost of Materials Consumed and finance cost of the company.

Purchase of Services

Total cost of material consumed has decreased by 9.21% from ₹6,984.16 lakhs in the financial year ended March 31, 2024 to ₹6,340.71 lakhs in the financial year ended March 31, 2025. Such decrease was mainly due to lower procurement of stock-in-trade and LED raw materials, while purchases in the solar segment continued to remain higher in line with operational requirements.

Change in Inventories of WIP, Finished Goods & Stock in Trade

Total cost of change in Inventories of WIP, Finished Goods & Stock in Trade has increase by 499.71% from ₹6.12 lakhs in the financial year ended March 31, 2024 to ₹ 36.71 lakhs in the financial year ended March 31, 2025. The decrease is mainly due to increase in Change in Inventories of WIP, Finished Goods & Stock in Trade of subsidiary company business

Employee Benefit Expense

Total employee benefit expense has increased by 35.32% from ₹217.66 lakhs in the financial year ended March 31, 2024 to ₹294.52 lakhs in the financial year ended March 31, 2025. The increase is majorly due to increase in Director Remuneration, Staff Salary and Staff Welfare.

Finance Costs

Total finance cost has increased by 17.75% from ₹38.90 lakhs in the financial year ended March 31, 2024 to ₹31.99 lakhs in the financial year ended March 31, 2025. The decrease is marginal in value terms by ₹6.91 lakhs only.

Depreciation and Amortization Expense

Depreciation and Amortization expense has increased by 31.23% from ₹27.01 lakhs in the financial year ended March 31, 2024 to ₹35.44 lakhs in the financial year ended March 31, 2025. The increase is mainly due to addition of Solar Plant and Completion of CWIP in Current Year.

Other Expenses

Other expense has increased by 10.79% from ₹678.21 lakhs in the financial year ended March 31, 2024 to ₹751.49 lakhs in the financial year ended March 31, 2025. The increase is mainly due to higher solar direct expenses, solar project indirect expenses, administration & other expenses (LED), audit fees, advertisement expense, exchange difference expense, CSR expense and director sitting fees.

Profit before Tax

Profits before tax has decreased by 25.08 % from ₹1,263.35 lakhs in the financial year ended March 31, 2024 to ₹946.51 lakhs in the financial year ended March 31, 2025. The Decrease is mainly due to decrease in the revenue from operations and expenses not reducing in same proportion.

Profit after Tax

For the various reasons discussed above, we recorded a Decrease of 29.06% in profit after tax from ₹990.52 lakhs in financial year ended March 31, 2024 to ₹702.64 lakhs in financial year ended March 31, 2025.

Purchase of Services

Total cost of purchase of services has increase by 57.24% from ₹4,441.73 lakhs in the financial year ended March 31, 2023 to ₹ 6,984.15 lakhs in the financial year ended March 31, 2024. Such increase was due to increase in purchase of raw material related with Solar in line with increase in sales.

Change in Inventories of WIP, Finished Goods & Stock in Trade

Total cost of change in Inventories of WIP, Finished Goods & Stock in Trade has decrease by 78.93% from ₹29.10 lakhs in the financial year ended March 31, 2023 to ₹ 6.13 lakhs in the financial year ended March 31, 2024. Such decrease was due to decrease in closing stock of finished goods and WIP (LED).

Employee Benefit Expense

Total employee benefit expense has decreased by 3.28% from ₹225.02 lakhs in the financial year ended March 31, 2023 to ₹217.65 lakhs in the financial year ended March 31, 2024. The decrease is marginal and due to decrease in staff salary of LED Business.

Finance Costs

Total finance cost has increased by 25.84% from ₹30.91 lakhs in the financial year ended March 31, 2023 to ₹38.90 lakhs in the financial year ended March 31, 2024. The increase is marginal in value terms by ₹7.99 lakhs only.

Depreciation and Amortization Expense

Depreciation and Amortization expense has decreased by 27.60% from ₹37.30 lakhs in the financial year ended March 31, 2023 to ₹27.01 lakhs in the financial year ended March 31, 2024. The decrease is mainly due to decrease in depreciation of subsidiary company business.

Other Expenses

The Equity Share have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States and may not be issued or sold within the United States or to, or for the account or benefit of, —U.S. persons (as defined in Regulation S), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are being issued and sold only outside the United States in off-shore transactions

in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those issues and sales occur.

Further, the Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Nomination Facility to the Investor

In accordance with Section 72 of the Companies Act, 2013, read with Companies (Share Capital and Debentures) Rules, 2014, the sole Applicant, or the first Applicant along with other joint Applicants, may nominate any one person in whom, in the event of the death of sole Applicant or in case of joint Applicants, death of all the Applicants, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to equity share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of Equity Share(s) by the person nominating. A buyer will be titled to make afresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or Corporate Office or to the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act shall upon production of such evidence, as may be required by the Board, elect either:

- i. To register himself or herself as the holder of the equity shares;
- ii. To make such transfer of the equity shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the equity shares, and if the notice is not complied with within a period of ninety (90) days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the equity shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized form, there is no need to make a separate nomination with our Company. Nominations registered with respective depository participant of the applicant would prevail. If the Applicants require changing of their nomination, they are requested to inform their respective depository participant.

Our Company shall comply with such disclosure and accounting norms as may be specified by SEBI from time to time.

Restrictions, if any on Transfer and Transmission of Equity Shares

Except for the lock-in of the pre-Issue capital of Promoters, Promoter Group, Public as provided in —Capital Structure on page 70 of this Red Herring prospectus and except as provided in the Articles of Association there are no restrictions on transfer of Equity Shares. Further, there are no restrictions on the transmission of shares/debentures and on their consolidation/splitting, except as provided in the Articles of Association. For details, please refer —Main Provisions of Articles of Association on page 316 of this Red Herring prospectus.

The above information is given for the benefit of the Applicants. The Applicants are advised to make their own enquiries about the limits applicable to them. Our Company and the Lead Manager do not accept any responsibility for the completeness and accuracy of the information stated herein above. Our Company and the Lead Manager are not liable to inform the investors of any amendments or modifications or changes in applicable laws or regulations, which may occur after the date of the Red Herring prospectus. Applicants are

advised to make their independent investigations and ensure that the number of Equity Shares Applied for do not exceed the applicable limits under laws or regulations.

Application by Eligible NRIs, FPIs, or VCFs registered with SEBI

It is to be understood that there is no reservation for Eligible NRIs, FPIs or VCF registered with SEBI. Such Eligible NRIs, FPIs or VCF registered with SEBI will be treated on the same basis with other categories for the purpose of Allocation.

NRIs, FPIs/FIIs and foreign venture capital investors registered with SEBI are permitted to purchase shares of an Indian company in a public Issue without the prior approval of the RBI, so long as the price of the equity shares to be issued is not less than the price at which the equity shares are issued to residents. The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the FIPB or the RBI, provided that (i) the activities of the investee company are under the automatic route under the foreign direct investment (“FDI”) Policy and the non -resident shareholding is within the sectoral limits under the FDI policy; and (ii) the pricing is in accordance with the guidelines prescribed by the SEBI/RBI.

The current provisions of the Foreign Exchange Management (Transfer or Offer of Security by a Person Resident outside India) Regulations, 2000, provides a general permission for the NRIs, FPIs and foreign venture capital investors registered with SEBI to invest in shares of Indian companies by way of subscription in an IPO. However, such investments would be subject to other investment restrictions under the Foreign Exchange Management (Transfer or Offer of Security by a Person Resident outside India) Regulations, 2000, RBI and/or SEBI regulations as may be applicable to such investors.

The Allotment of the Equity Shares to Non-Residents shall be subject to the conditions, if any, as may be prescribed by the Government of India/RBI while granting such approvals.

As per the extant Guidelines of the Government of India, OCBs cannot participate in this Issue

The current provisions of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2000, provides a general permission for the NRIs, FPIs and foreign venture capital investors registered with SEBI to invest in shares of Indian companies by way of subscription in an IPO. However, such investments would be subject to other investment restrictions under the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2000, RBI and/or SEBI regulations as may be applicable to such investors.

The Allotment of the Equity Shares to Non-Residents shall be subject to the conditions, if any, as may be prescribed by the Government of India/RBI while granting such approvals.

Public Announcement

In accordance with SEBI ICDR Regulation 247 (2) The issuer shall, within two working days of filing the draft offer document with the SME Exchange, make a public announcement in one English national daily newspaper with wide circulation, one Hindi national daily newspaper with wide circulation and one regional language newspaper with wide circulation at the place where the registered office of the issuer is situated, disclosing the fact of filing of the draft offer document with the SME exchange and inviting the public to provide their comments to the SME exchange, the issuer or the lead manager(s) in respect of the disclosures made in the draft offer document.

Pre Issue Advertisement

Subject to the provision of the Companies Act, 2013 our Company shall, after registering the Red Herring prospectus with the ROC publish a pre-issue and price band advertisement, at least two working days prior to the opening of the issue in the format and containing the disclosures as specified in Part A of Schedule X of the SEBI (ICDR) Regulations, as amended.

New Financial Instruments

There are no new financial instruments such as deep discount Bond, debentures, warrants, secured premium notes etc. issued by our Company.

Withdrawal of the Issue

Our Company in consultation with the BRLM, reserve the right not to proceed with the Issue at any time before the Bid/Issue Opening Date without assigning any reason thereof.

If our Company withdraw the Issue any time after the Bid/ Issue Opening Date but before the allotment of Equity Shares, a public notice within 2 (two) working days of the Bid/ Issue Closing Date, providing reasons for not proceeding with the Issue shall be issued by our Company. The notice of withdrawal will be issued in the same newspapers where the pre-Issue and price band advertisements have appeared and the Stock Exchange will also be informed promptly. The BRLM, through the Registrar to the Issue, will instruct the SCSBs to unblock the ASBA Accounts within 1 (one) working Day from the day of receipt of such instruction.

If our Company withdraw the Issue after the Bid/Issue Closing Date and subsequently decides to proceed with an Issue of the Equity Shares, our Company will have to file a fresh Red Herring prospectus with the stock exchange where the Equity Shares may be proposed to be listed.

Notwithstanding the foregoing, the Issue is subject to obtaining (i) the final listing and trading approvals of the Stock Exchange with respect to the Equity Shares issued through the Red Herring prospectus, which our Company will apply for only after Allotment; and (ii) filing of Red Herring Prospectus/ Prospectus with Registrar of Companies.

(2) Our Company may, in consultation with the BRLM, consider closing the Bid/Issue Period for QIBs one Working Day prior to the Bid/Issue Closing Date in accordance with the SEBI ICDR Regulations.

(3) UPI mandate end time and date shall be at 5:00 pm IST on Bid/ Issue Closing Date, i.e. Friday, 16 January, 2026.

***In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding three Working Days from the Bid/Issue Closing Date, the Bidder shall be compensated at a uniform rate of ₹ 100 per day for the entire duration of delay exceeding three Working Days from the Bid/Issue Closing Date by the intermediary responsible for causing such delay in unblocking. The BRLM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. For the avoidance of doubt, the provisions of the SEBI circular dated March 16,*

2021, as amended pursuant to SEBI circular dated June 2, 2021 shall be deemed to be incorporated in the agreements to be entered into by and between the Company and the relevant intermediaries, to the extent applicable.

The above timetable is indicative and does not constitute any obligation on our Company or the Book Running Lead Manager.

While our Company shall ensure that all steps for the completion of the necessary formalities for the listing and commencement of trading of the Equity Shares on the Stock Exchange are taken within three Working Days of the Bid/Issue Closing Date or such other period as may be prescribed by the SEBI, the timetable may be extended due to various factors, such as extension of the Bid/Issue Period by our Company in consultation with the BRLM, revision of the Price Band or any delay in receiving the final listing and trading approval from the Stock Exchange. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

The SEBI is in the process of streamlining and reducing the post Issue timeline for initial public offerings. Any circulars or notifications from the SEBI after the date of the Red Herring prospectus may result in changes to the abovementioned timelines. Further, the Issue procedure is subject to change to any revised circulars issued by the SEBI to this effect.

In accordance with SEBI ICDR Regulations, All Applicants are not allowed to withdraw or lower the size of their application (in terms of the quantity of the Equity Shares or the Application amount) at any stage.

The BRLM will be required to submit reports of compliance with listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

In terms of the UPI Circulars, in relation to the Issue, the BRLM will submit a report of compliance with T+3 listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

Submission of Bids

Bid/Issue Period (except the Bid/Issue Closing Date)

Submission and Revision in Bids: Only between 10.00 a.m. and 5.00 p.m. (Indian Standard Time ("IST"))

Bid/Issue Closing Date

Submission and Revision in Bids: Only between 10.00 a.m. and 3.00 p.m. IST

On the Bid/Issue Closing Date, the Bids shall be uploaded until:

- i. 4.00 p.m. IST for all Bidders, and
- ii. until 4.00 p.m. IST or such extended time as permitted by the Stock Exchange, in case of Bids by Individual Bidders (Who applies for minimum application size).

On the Bid/Issue Closing Date, extension of time may be granted by the Stock Exchange only for uploading Bids received from Individual Bidders (Who applies for minimum application size) after taking into account the total number of Bids received and as reported by the BRLM to the Stock Exchange.

To avoid duplication, the facility of re-initiation provided to Syndicate Members, if any shall preferably be allowed only once per Bid/batch and as deemed fit by the Stock Exchange, after closure of the time for uploading Bids.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is

not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to limitation of time available for uploading the Bids on the Bid/Issue Closing Date, Bidders are advised to submit their Bids one day prior to the Bid/Issue Closing Date. Any time mentioned in this Red Herring prospectus is Indian Standard Time. Bidders are cautioned that, in the event a large number of Bids are received on the Bid/Issue Closing Date, as is typically experienced in public offerings, some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded will not be considered for allocation under the Issue. Bids will be accepted only during Monday to Friday (excluding any public holiday). None among our Company or any Member of the Syndicate shall be liable for any failure in (i) uploading the Bids due to faults in any software/ hardware system or blocking of application amount by the SCSBs on receipt of instructions from the Sponsor Bank on account of any errors, omissions or non-compliance by various parties involved in, or any other fault, malfunctioning or breakdown in, or otherwise, in the UPI Mechanism.

In case of any discrepancy in the data entered in the electronic book vis -a-vis data contained in the physical Bid cum Application Form, for a particular Bidder, the details of the Bid file received from the Stock Exchanges may be taken. Our Company in consultation with the BRLM, reserves the right to revise the Price Band during the Bid/Issue Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in the Price Band shall not exceed 20% on either side, i.e. the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly. The Floor Price shall not be less than the face value of the Equity Shares.

In case of any revision to the Price Band, the Bid/Issue Period will be extended by at least three additional Working Days following such revision of the Price Band, subject to the Bid/Issue Period not exceeding a total of 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company in consultation with the BRLM, for reasons to be recorded in writing, extend the Bid/Issue Period for a minimum of one Working Days, subject to the Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/Issue Period, if applicable, will be widely disseminated by notification to the Stock Exchange, by issuing a public notice, and also by indicating the change on the respective websites of the BRLM and the terminals of the Syndicate Members, if any and by intimation to SCSBs, other Designated Intermediaries and the Sponsor Bank, as applicable. In case of revision of Price Band, the Bid Lot shall remain the same.

Minimum Subscription

This Issue is not restricted to any minimum subscription level and is 100% underwritten. As per Section 39 of the Companies Act, 2013, if the stated minimum amount has not been subscribed and the sum payable on application is not received within a period of 30 days from the date of the Prospectus, the application money has to be returned within such period as may be prescribed.

If our Company does not receive the 100% subscription of the issue through the Issue Document including devolvement of Underwriters, if any, within sixty (60) days from the date of closure of the issue, our Company shall forthwith refund the entire subscription amount received. If there is a delay beyond four days after our Company becomes liable to pay the amount, our Company and every officer in default will, on and from the expiry of this period, be jointly and severally liable to repay the money, with interest or other penalty as prescribed under the SEBI Regulations, the Companies Act 2013 and applicable law.

In accordance with Regulation 260(1) of the SEBI (ICDR) Regulations, our Issue shall be hundred per cent underwritten. Thus, the underwriting obligations shall be for the entire hundred per cent of the issue including through the Red Herring prospectus/Prospectus and shall not be restricted to the minimum subscription level.

Further, in accordance with Regulation 268(1) of the SEBI (ICDR) Regulations, our Company shall ensure that the number of prospective allottees to whom the Equity Shares will allotted will not be less than 200 (Two Hundred).

Further, in accordance with Regulation 267(2) of the SEBI (ICDR) Regulations, our Company shall ensure that the minimum application size shall be two lots which shall be more than ₹ 2,00,000/- (Rupees two Lakh).

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

ARRANGEMENTS FOR DISPOSAL OF ODD LOTS

The trading of the Equity Shares will happen in the minimum contract size of 1200 shares in terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012. However, the Market Maker shall buy the entire shareholding of a shareholder in one lot, where value of such shareholding is less than the minimum contract size allowed for trading on the BSE SME.

RESTRICTIONS, IF ANY ON TRANSFER AND TRANSMISSION OF EQUITY SHARES

The SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for UPI Bidders applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019.

Subsequently, for applications by Retail Individual Investors through Designated Intermediaries, the process of physical movement of forms from Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism with existing timeline of T+6 days is applicable for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”), with effect from July 1, 2019, by SEBI circular (SEBI/HO/CFD/DIL2/CIR/P/2019/76) dated June 28, 2019, read with circular (SEBI/HO/CFD/DIL2/CIR/P/2019/85) dated July 26, 2019. Further, as per the SEBI circular (SEBI/HO/CFD/DCR2/CIR/P/2019/133) dated November 8, 2019, the UPI Phase II had been extended until March 31, 2020. However, due to the outbreak of COVID-19 pandemic, UPI Phase II has been further

extended by SEBI until further notice, by its circular (SEBI/HO/CFD/DIL2/CIR/P/2020/50) dated March 30, 2020. Thereafter, the final reduced timeline of T+3 days may be made effective using the UPI Mechanism for applications by Retail Individual Investor (“UPI Phase III”), as may be prescribed by SEBI. Further, SEBI, vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, and circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular is effective for initial public offers opening on or after May 1, 2021, except as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, and the provisions of this circular are deemed to form part of this Red Herring prospectus. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all individual Investors in initial public offerings (opening on or after May 1, 2022) whose application sizes are up to ₹ 500,000 shall use the UPI Mechanism.

Furthermore, SEBI vide press release bearing number 12/2023 has approved the proposal for reducing the time period for listing of shares in public issue from existing 6 working days to 3 working days from the date of the closure of the issue. The revised timeline of T+3 days shall be made applicable in two phases i.e. voluntary for all public issues opening on or after September 1, 2023 and mandatory on or after December 1, 2023. Further, SEBI has vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 reduced the time taken for listing of specified securities after the closure of a public issue to three Working Days. Accordingly, the Issue will be made under UPI Phase III on a mandatory basis, subject to any circulars, clarification or notification issued by the SEBI from time to time.

Phased implementation of Unified Payments Inter face

SEBI has issued a circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 and circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019 circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 June 28, 2019, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 and circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 08, 2019 (collectively the “UPI Circulars”) in relation to streamlining the process of public issue of equity shares and convertibles. Pursuant to the UPI Circulars, UPI will be introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIBs through intermediaries with the objective to reduce the time duration from public issue closure to listing from six working days to up to three working days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI Mechanism, the UPI Circular proposes to introduce and implement the UPI Mechanism in three phases in the following manner:

Phase I: This phase has become applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever is later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, a Individual Applicant had the option to submit the Application Form with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.

Phase II: This phase has commenced with effect from July 01, 2019 and will continue for a period of three months or floating of five main board public issues, whichever is later. Under this phase, submission of the Bid cum Application Form by a Retail Individual Bidder through intermediaries to SCSBs for blocking of funds has been discontinued and has been replaced by the UPI Mechanism. However, the time duration from public issue closure to listing continues to be six Working Days during this phase. SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice.

Phase III: *This phase has become applicable on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 ("T+3 Notification"). In this phase, the time duration from public issue closure to listing has been reduced to three Working Days. The Issue shall be undertaken pursuant to the processes and procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarification or notification issued by the SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.*

Pursuant to the UPI Circular, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one day from the date on which the Basis of Allotment is finalized. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors' complaints in this regard, the relevant SCSB as well as the post – Issue BRLM will be required to compensate the concerned investor.

All SCSBs offering the facility of making applications in public issues shall also provide the facility to make application using UPI. The Company will be required to appoint one of the SCSBs as a Sponsor Bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and/or payment instructions of the Individual Bidders (who applies for minimum application size) using the UPI.

The processing fees for applications made by Retail Individual Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI Circular No: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 read with SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021.

The list of Banks that have been notified by SEBI as Issuer Banks for UPI are provided on <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=40>.

For further details, refer to the “General Information Document” available on the websites of the Stock Exchange and the BRLM.

Please note that the information stated/covered in this section may not be complete and/or accurate and as such would be subject to modification/change. Our Company and BRLM do not accept any responsibility for the completeness and accuracy of the information stated in this section and the General Information Document. Our Company and Book Running Lead Manager would not be able to include any amendment, modification or change in applicable law, which may occur after the date of Prospectus. Further, our Company, the Promoters and the Members of the Syndicate are not liable for any adverse occurrences consequent to the implementation of the UPI Mechanism for application in the Issue.

Book Building Procedure

In terms of Rule 19(2)(b) of the Securities Contracts (Regulation) Rules, 1957, as amended (the “SCRR”) read with Regulation 252 of SEBI ICDR Regulations, 2018, the Issue is being made for at least 25% of the post-Issue paid-up Equity Share capital of our Company. The Issue is being made under Regulation 229(2) of Chapter IX of SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 via book building process wherein not more than 50% of the Issue shall be allocated on a proportionate basis to QIBs, provided

that our Company and may, in consultation with the BRLM, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations, of which one-third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription, or non-allocation in the Anchor Investor Portion, the balance EquityShares shall be added to the QIB Portion. Further, 5% of the QIB Portion (excluding the Anchor Investor Portion) shall be available for allocation on a proportionate basis only to Mutual Funds, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIBs (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Issue shall be available for allocation on a proportionate basis to Non-Institutional Investors and not less than 35% of the Issue shall be available for allocation to Individual Bidders in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Issue Price.

Subject to valid Bids being received at or above the Issue Price, undersubscription, if any, in any category, except the QIB Portion, would be allowed to be met with spill-over from any other category or a combination of categories at the discretion of our Company in consultation with the BRLM, and the Designated Stock Exchange. However, under- subscription, if any, in the QIB Portion will not be allowed to be met with spillover from other categories or a combination of categories.

The Equity Shares, on Allotment, shall be traded only in the dematerialised segment of the Stock Exchanges.

Investors should note that the Equity Shares will be Allotted to all successful Bidders only in dematerialized form. The Bid cum Application Forms which do not have the details of the Bidders' depository account, including DP ID, Client ID, PAN and UPI ID, as applicable, shall be treated as incomplete and will be rejected. Bidders will not have the option of being Allotted Equity Shares in physical form. However, they may get the Equity Shares rematerialized subsequent to Allotment of the Equity Shares in the Issue, subject to applicable laws.

Bidders are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

METHOD OF BIDDING PROCESS

Our Company, in consultation with the BRLM will decide the Price Band and the minimum Bid lot size for the Issue and the same shall be advertised in all editions of the English national newspaper, all editions of Hindi National newspaper and Regional newspaper with wide circulation where the Registered Office of our Company is situated, each with wide circulation at least two Working Days prior to the Bid / Issue Opening Date. The BRLM and the SCSBs shall accept Bids from the Bidders during the Bid / Issue Period.

- a) The Bid / Issue Period shall be for a minimum of three Working Days and shall not exceed 10 Working Days. The Bid/ Issue Period maybe extended, if required, by an additional three Working Days, subject to the total Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid / Issue Period, if applicable, will be published in all editions of the English national newspaper Financial Express, all editions of Hindi national newspaper Jansatta, with wide circulation, and all editions of Financial Express Gujrati, the regional language of Gujarat, where our registered office is located and also by indicating the change on the websites of the Book Running Lead Manager.
- b) During the Bid/ Issue Period, Individual Bidders, should approach the BRLM or their authorized agents to register their Bids. The BRLM shall accept Bids from Anchor Investors and ASBA Bidders in Specified Cities and it shall have the right to vet the Bids during the Bid/ Issue Period in accordance with the terms of the Red Herring Prospectus. ASBA Bidders should approach the Designated Branches or the BRLM (for the Bids to be submitted in the Specified Cities) to register their Bids.
- c) Each Bid cum Application Form will give the Bidder the choice to Bid for up to three optional prices (for details refer to the paragraph titled “Bids at Different Price Levels and Revision of Bids” below) within the Price Band and specify the demand (i.e., the number of Equity Shares Bid for) in each option. The price and demand options submitted by the Bidder in the Bid cum Application Form will be treated as optional demands from the Bidder and will not be cumulated. After determination of the Issue Price, the maximum number of Equity Shares Bid for by a Bidder/Applicant at or above the Issue Price will be considered for allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, will become automatically invalid.
- d) The Bidder / Applicant cannot Bid through another Bid cum Application Form after Bids through one Bid cum Application Form have been submitted to a BRLM or the SCSBs. Submission of a second Bid cum Application Form to either the same or to another BRLM or SCSB will be treated as multiple Bid and is liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the allocation or Allotment of Equity Shares in this Issue. However, the Bidder can revise the Bid through the Revision Form, the procedure for which is detailed under the paragraph “Buildup of the Book and Revision of Bids”.
- e) Except in relation to the Bids received from the Anchor Investors, the BRLM/the SCSBs will enter each Bid option into the electronic bidding system as a separate Bid and generate a Transaction Registration Slip, (“TRS”), for each price and demand option and give the same to the Bidder. Therefore, a Bidder can receive up to three TRSs for each Bid cum Application Form
- f) The BRLM shall accept the Bids from the Anchor Investors during the Anchor Investor Bid/ Issue Period i.e. one working day prior to the Bid/ Issue Opening Date. Bids by QIBs under the Anchor Investor Portion and the QIB Portion shall not be considered as multiple Bids.
- g) Along with the Bid cum Application Form, Anchor Investors will make payment in the manner described in “Escrow Mechanism - Terms of payment and payment into the Escrow Accounts” in the section “Issue Procedure” beginning on page 274 of this Red Herring Prospectus
- h) Upon receipt of the Bid cum Application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB shall verify if sufficient funds equal to the Bid Amount are available

in the ASBA Account, as mentioned in the Bid cum Application Form, prior to uploading such Bids with the Stock Exchange.

- i) If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB shall reject such Bids and shall not upload such Bids with the Stock Exchange.
- j) If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Bid Amount mentioned in the Bid cum Application Form and will enter each Bid option into the electronic bidding system as a separate Bid and generate a TRS for each price and demand option. The TRS shall be furnished to the ASBA Bidder on request.
- k) The Bid Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the Bid cum Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Bidders to the Public Issue Account. In case of withdrawal/failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Issue.

BIDS AT DIFFERENT PRICE LEVELS AND REVISION OF BIDS

- a. Our Company in consultation with the BRLM, and without the prior approval of, or intimation, to the Bidders, reserves the right to revise the Price Band during the Bid/ Issue Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in Price Band shall not exceed 20% on the either side i.e. the floor price can move up or down to the extent of 20% of the floor price disclosed. If the revised price band decided, falls within two different price bands than the minimum application lot size shall be decided based on the price band in which the higher price falls into.
- b. Our Company in consultation with the BRLM, will finalize the Issue Price within the Price Band, without the prior approval of, or intimation, to the Bidders.
- c. The Bidders can Bid at any price within the Price Band. The Bidder has to Bid for the desired number of Equity Shares at a specific price.
- d. The price of the specified securities Issued to an anchor investor shall not be lower than the price Issued to other applicants.

Participation by Associates /Affiliates of BRLM and the Syndicate Members

The BRLM and the Syndicate Members, if any, shall not be allowed to purchase in this Issue in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the BRLM and the Syndicate Members, if any, may subscribe the Equity Shares in the Issue, either in the QIB Category or in the Non-Institutional Category as may be applicable to such Bidders, where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients.

- 11) The BRLM, our Promoters, Promoter Group or any person related to them (except for Mutual Funds sponsored by entities related to the BRLM) will not participate in the Anchor Investor Portion. The parameters for selection of Anchor Investors will be clearly identified by the BRLM and made available as part of the records of the BRLM for inspection by SEBI.
- 12) Bids made by QIBs under both the Anchor Investor Portion and the QIB Portion will not be considered multiple Bids.
- 13) Anchor Investors are not permitted to Bid in the Issue through the ASBA process.

BIDS BY HUFs

Bids by Hindu Undivided Families or HUFs should be made in the individual name of the Karta. The Bidder should specify that the Bid is being made in the name of the HUF in the Bid cum Application Form/Application Form as follows: "Name of sole or first Bidder: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta". Bids/Applications by HUFs will be considered at par with Bids/Applications from individuals.

BIDS BY MUTUAL FUNDS

With respect to Bids by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserve the right to reject any Bid without assigning any reason thereof.

Bids made by asset management companies or custodians of Mutual Funds shall specifically state names of the concerned schemes for which such Bids are made.

In case of a Mutual Fund, a separate Bid can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund will not be treated as multiple Bids provided that the Bids clearly indicate the scheme concerned for which the Bid has been made.

No Mutual Fund scheme shall invest more than 10.00% of its net asset value in equity shares or equity related instruments of any single company provided that the limit of 10.00% shall not be applicable for investments in case of index funds or sector or industry specific schemes. No Mutual Fund under all its schemes should own more than 10.00% of any company's paid-up share capital carrying voting rights.

BIDS BY ELIGIBLE NRIS:

Eligible NRIs may obtain copies of Bid cum Application Form from the offices of the BRLM and the Designated Intermediaries. Eligible NRI Bidders bidding on a repatriation basis by using the Non- Resident Forms should authorize their SCSB to block their Non-Resident External ("NRE") accounts, or Foreign Currency Non-Resident ("FCNR") ASBA Accounts, and eligible NRIBidders bidding on a non-repatriation basis by using Resident Forms should authorize their SCSB to block their Non- Resident Ordinary ("NRO") accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form.

In accordance with the FEMA Rules, the total holding by any individual NRI, on a repatriation basis, shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or shall not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the members of the Indian company in a general meeting.

NRIs will be permitted to apply in the Issue through Channel I or Channel II (as specified in the UPI Circular). Further, subject to applicable law, NRIs may use Channel IV (as specified in the UPI Circular) to apply in the Issue, provided the UPI facility is enabled for their NRE/ NRO accounts.

NRIs applying in the Issue using UPI Mechanism are advised to enquire with the relevant bank whether their bank account is UPI linked prior to making such application. For details of investment by NRIs, see "Restrictions on Foreign Ownership of Indian Securities" beginning on page 313. Participation of eligible NRIs shall be subject to FEMA NDI Rules.

BIDS BY FPI INCLUDING FII'S:

In terms of the SEBI FPI Regulations, any qualified foreign investor or FII who holds a valid certificate of registration from SEBI shall be deemed to be an FPI until the expiry of the block of three years for which fees have been paid as per the SEBI FPI Regulations. An FII or a sub-account may participate in this Issue, in accordance with Schedule II of the FEMA Regulations, until the expiry of its registration with SEBI as an FII or a sub-account. An FII shall not be eligible to invest as an FII after registering as an FPI under the SEBI FPI Regulations.

In case of Bids made by FPIs, a certified copy of the certificate of registration issued by the designated depository participant under the FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason. An FII or subaccount may, subject to payment of conversion fees under the SEBI FPI Regulations, participate in the Issue, until the expiry of its registration as a FII or sub-account, or until it obtains a certificate of registration as FPI, whichever is earlier. Further, in case of Bids made by SEBI-registered FIIs or sub-accounts, which are not registered as FPIs, a certified copy of the certificate of registration as an FII issued by SEBI is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason.

In terms of the SEBI FPI Regulations, the Issue of Equity Shares to a single FPI or an investor group (which means the same set of ultimate beneficial owner(s) investing through multiple entities) must be below 10%

of our post- Issue Equity Share capital. Further, in terms of the FEMA Regulations, the total holding by each FPI shall be below 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together shall not exceed 24% of the paid-up Equity Share capital of our Company. The aggregate limit of 24% may be increased up to the sectorial cap by way of a resolution passed by the Board of Directors followed by a special resolution passed by the Shareholders of our Company and subject to prior intimation to RBI. In terms of the FEMA Regulations, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs as well as holding of FIIs (being deemed FPIs) shall be included. The existing individual and aggregate investment limit an FII or sub account in our Company is 10% and 24% of the total paid-up Equity Share capital of our Company, respectively.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 22 of the SEBI FPI Regulations, an FPI, other than Category III foreign portfolio and unregulated broad based funds, which are classified as Category II foreign portfolio investor by virtue of their investment manager being appropriately regulated, may issue or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by an FPI against securities held by it that are listed or proposed to be listed on any recognized stock exchange in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only to persons who are regulated by an appropriate regulatory authority; and (ii) such offshore derivative instruments are issued after compliance with know your client norms. An FPI is also required to ensure that no further issue or transfer of any offshore derivative instrument is made by or on behalf of it to any persons that are not regulated by an appropriate foreign regulatory authority.

FPIs who wish to participate in the Issue are advised to use the Bid cum Application Form for Non-Residents (blue in colour).

BIDS BY SEBI REGISTERED VCF'S, AIF'S AND FVCI'S:

The SEBI FVCI Regulations and the SEBI AIF Regulations inter-alia prescribe the investment restrictions on the VCFs, FVCIs and AIFs registered with SEBI. Further, the SEBI AIF Regulations prescribe, among others, the investment restrictions on AIF's.

However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid up share capital of such investee company, subject to prior approval of the RBI if (i) the investee company is engaged in nonfinancial activities permitted for banking companies in terms of Section 6(1) of the Banking Regulation Act; or (ii) the additional acquisition is through restructuring of debt, or to protect the banking company's interest on loans/investments made to a company. The bank is required to submit a time bound action plan to the RBI for the disposal of such shares within a specified period. The aggregate investment by a banking company along with its subsidiaries, associates or joint ventures or entities directly or indirectly controlled by the bank; and mutual funds managed by asset management companies controlled by the bank, more than 20% of the investee company's paid-up share capital engaged in non-financial services. However, this cap doesn't apply to the cases mentioned in (i) and (ii) above. The aggregate equity investments made by a banking company in all subsidiaries and other entities engaged in financial services and non-financial services, including overseas investments shall not exceed 20% of the bank's paid-up share capital and reserves.

In terms of the Master Circular on Basel III Capital Regulations dated July 1, 2014, as amended (i) a bank's investment in the capital instruments issued by banking, financial and insurance entities should not exceed 10% of its capital funds; (ii) banks should not acquire any fresh stake in a bank's equity shares, if by such acquisition, the investing bank's holding exceeds 5% of the investee bank's equity capital; (iii) equity investment by a bank in a subsidiary company, financial services company, financial institution, stock and other exchanges should not exceed 10% of the bank's paid -up share capital and reserves; (iv) equity investment by a bank in companies engaged in non-financial services activities would be subject to a limit of 10% of the investee company's paid - up share capital or 10% of the bank's paid-up share capital and reserves, whichever is less; and (v) a banking company is restricted from holding shares in any company, whether as pledgee, mortgagee or absolute owner, of an amount exceeding 30% of the paid-up share capital of that company or 30% of its own paid-up share capital and reserves, whichever is less. For details in relation to the investment limits under Master Direction – Ownership in Private Sector Banks, Directions, 2016, see “Key Industry Regulations” beginning on page 158.

BIDS BY SCSB'S:

SCSBs participating in the Issue are required to comply with the terms of the SEBI circulars dated September 13, 2012 and January 2, 2013. Such SCSBs are required to ensure that for making Bid cum Applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making Bid cum application in public issues and clear demarcated funds should be available in such account for such Bid cum applications.

ISSUANCE OF A CONFIRMATION NOTE ("CAN") AND ALLOTMENT IN THE ISSUE:

1. Upon approval of the basis of allotment by the Designated Stock Exchange, the BRLM or Registrar to the Issue shall send to the SCSBs a list of their Bidders who have been allocated Equity Shares in the Issue.
2. The Registrar will then dispatch a CAN to their Bidders who have been allocated Equity Shares in the Issue. The dispatch of a CAN shall be deemed a valid, binding and irrevocable contract for the Bidder.

Issue Procedure for Application Supported by Blocked Account (ASBA) Bidders

In accordance with the SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 all

the Bidders have to compulsorily apply through the ASBA Process. Our Company and the Book Running Lead Manager are not liable for any amendments, modifications, or changes in applicable laws or regulations, which may occur after the date of this Red Herring Prospectus. ASBA Bidders are advised to make their independent investigations and to ensure that the ASBA Bid Cum Application Form is correctly filled up, as described in this section.

The lists of banks that have been notified by SEBI to act as SCSB (Self Certified Syndicate Banks) for the ASBA Process are provided on <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>. For details on designated branches of SCSB collecting the Bid Cum Application Form, please refer the above-mentioned SEBI link.

Terms of payment

The entire Issue price of ₹ [•] per share is payable on application. In case of allotment of lesser number of Equity Shares than the number applied, the Registrar shall instruct the SCSBs to unblock the excess amount paid on Application to the Bidders.

SCSBs will transfer the amount as per the instruction of the Registrar to the Public Issue Account, the balance amount after transfer will be unblocked by the SCSBs.

The Bidders should note that the arrangement with Bankers to the Issue or the Registrar is not prescribed by SEBI and has been established as an arrangement between our Company, Banker to the Issue and the Registrar to the Issue to facilitate collections from the Bidders.

Payment mechanism

The Bidders shall specify the bank account number in their Bid Cum Application Form and the SCSBs shall block an amount equivalent to the Application Amount in the bank account specified in the Bid Cum Application Form. The SCSB shall keep the Application Amount in the relevant bank account blocked until withdrawal/ rejection of the Application or receipt of instructions from the Registrar to unblock the Application Amount. However, Non-Individual Bidders shall neither withdraw nor lower the size of their applications at any stage. In the event of withdrawal or rejection of the Bid Cum Application Form or for unsuccessful Bid Cum Application Forms, the Registrar to the Issue shall give instructions to the SCSBs to unblock the application money in the relevant bank account within one day of receipt of such instruction. The Application Amount shall remain blocked in the ASBA Account until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the Application by the ASBA Bidder, as the case may be.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self-Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Individual Investors applying in public Issue have to use UPI as a payment mechanism with Application Supported by Blocked Amount for making application.

Payment into Escrow Account for Anchor Investors

All the investors other than Anchor Investors are required to bid through ASBA Mode. Anchor Investors are requested to note the following:

Our Company in consultation with the Book Running Lead Manager, in its absolute discretion, will decide

the list of Anchor Investors to whom the CAN will be sent, pursuant to which the details of the Equity Shares allocated to them in their respective names will be notified to such Anchor Investors. For Anchor Investors, the payment instruments for payment into the Escrow Account should be drawn in favour of:

- a. In case of resident Anchor Investors: — “[•]”
- b. In case of Non-Resident Anchor Investors: — “[•]”

Bidders should note that the escrow mechanism is not prescribed by SEBI and has been established as an arrangement between our Company, the Syndicate, the Escrow Collection Bank and the Registrar to the Issue to facilitate collections from the Anchor Investors.

14. The SCSBs shall initiate not later than 9.30 am and shall complete before 2.00 pm on next working day from issue closer date i.e. T+2 day to send confirmation of Funds blocked (Final certificate) to the Registrar to the Issue.
15. The details uploaded in the online IPO system shall be considered as final and Allotment will be based on such details for applications.

Build of the Book

- a) Bids received from various Bidders through the Designated Intermediaries may be electronically uploaded on the Bidding Platform of the Stock Exchange on a regular basis. The book gets built up at various price levels. This information may be available with the BRLM at the end of the Bid/ Issue Period.
- b) Based on the aggregate demand and price for Bids registered on the Stock Exchange Platform, a graphical representation of consolidated demand and price as available on the websites of the Stock Exchange may be made available at the Bidding centers during the Bid/ Issue Period.

Withdrawal of Bids

- a) RIIs can withdraw their Bids until Bid/ Issue Closing Date. In case a RII wishes to withdraw the Bid during the Bid/ Issue Period, the same can be done by submitting a request for the same to the concerned Designated Intermediary who shall do the requisite, including unblocking of the funds by the SCSB in the ASBA Account.
- b) The Registrar to the Issue shall give instruction to the SCSB for unblocking the ASBA Account on the Designated Date. QIBs and NIIs can neither withdraw nor lower the size of their Bids at any stage.

Price Discovery and Allocation

- a) Based on the demand generated at various price levels, our Company in consultation with the BRLM, shall finalize the Issue Price and the Anchor Investor Issue Price.
- b) The SEBI ICDR Regulations, 2018 specify the allocation or Allotment that may be made to various categories of Bidders in an Issue depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the RHP. For details in relation to allocation, the Bidder may refer to

the RHP.

c) Under-subscription in any category (except QIB Category) is allowed to be met with spillover from any other category or combination of categories at the discretion of the Issuer and the in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations. Unsubscribed portion in QIB Category is not available for subscription to other categories.

d) In case of under subscription in the Issue, spill-over to the extent of such under-subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an undersubscription applicable to the Issuer, Bidders may refer to the RHP.

e) In case if the Individual Investor category is entitled to more than the allocated portion on proportionate basis, the category shall be allotted that higher percentage.

f) Allocation to Anchor Investors shall be at the discretion of our Company and in consultation with the BRLM, subject to compliance with the SEBI Regulations.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Issuer, in consultation with the BRLM, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

- Third party confirmation of applications to be completed by SCSBs on T+1 day.
- RTA prepares the list of final rejections and circulate the rejections list with BRLM/ Company for their review/ comments.
- Post rejection, the RTA submits the basis of allotment with the Designated Stock Exchange (DSE).
- The Designated Stock Exchange (DSE), post verification approves the basis and generates drawal of lots wherever applicable, through a random number generation software.
- The RTA uploads the drawal numbers in their system and generates the final list of allottees as per process mentioned below:

Process for generating list of allottees: -

- Instruction is given by RTA in their Software System to reverse category wise all the application numbers in the ascending order and generate the bucket /batch as per the allotment ratio. For example, if the application number is 78654321 then system reverses it to 12345687 and if the ratio of allottees to applicants in a category is 2:7 then the system will create lots of 7. If the drawal of lots provided by Designated Stock Exchange (DSE) is 3 and 5 then the system will pick every 3rd and 5th application in each of the lot of the category and these applications will be allotted the shares in that category.

- In categories where there is proportionate allotment, the Registrar will prepare the proportionate working based on the oversubscription times.
- In categories where there is undersubscription, the Registrar will do full allotment for all valid applications. On the basis of the above, the RTA will work out the allottees, partial allottees and non-allottees, prepare the fund transfer letters and advise the SCSBs to debit or unblock the respective accounts.

BASIS OF ALLOTMENT

a. For Individual Bidders

Bids received from the Individual Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all the successful Individual Bidders will be made at the Issue Price.

The Issue size less Allotment to Non-Institutional and QIB Bidders shall be available for Allotment to Individual Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Issue Price, full Allotment shall be made to the Individual Bidders to the extent of their valid Bids.

If the aggregate demand in this category is greater than [●] Equity Shares at or above the Issue Price, the Allotment shall be made on a proportionate basis up to a minimum of 2,000 Equity Shares and in multiples of 2,000 Equity Shares thereafter. For the method of proportionate Basis of Allotment, refer below.

b. For Non-Institutional Bidders

Bids received from Non-Institutional Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all successful Non- Institutional Bidders will be made at the Issue Price.

The Issue size less Allotment to QIBs and Individual shall be available for Allotment to Non- Institutional Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Issue Price, full Allotment shall be made to Non-Institutional Bidders to the extent of their demand.

In case the aggregate demand in this category is greater than [●] Equity Shares at or above the Issue Price, Allotment shall be made on a proportionate basis up to a minimum of [●] _Equity Shares and in multiples of ___[●]Equity Shares thereafter. For the method of proportionate Basis of Allotment refer below.

c. For QIBs

For the Basis of Allotment to Anchor Investors, Bidders/Applicants may refer to the SEBI ICDR Regulations or RHP / Prospectus. Bids received from QIBs Bidding in the QIB Category (net of Anchor Portion) at or above the Issue Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Issue Price. Allotment may be undertaken in the following manner: Allotment shall be undertaken in the following manner:

a) In the first instance allocation to Mutual Funds for 5% of the QIB Portion shall be determined as follows:

- In the event that Bids by Mutual Fund exceeds 5% of the QIB Portion, allocation to Mutual Fund shall

be done on a proportionate basis for 5% of the QIB Portion.

- In the event that the aggregate demand from Mutual Funds is less than 5% of the QIB Portion then all Mutual Funds shall get full Allotment to the extent of valid Bids received above the Issue Price.
- Equity Shares remaining unsubscribed, if any, not allocated to Mutual Funds shall be available for Allotment to all QIB Bidders as set out in (b) below;

b) In the second instance Allotment to all QIBs shall be determined as follows:

- In the event that the oversubscription in the QIB Portion, all QIB Bidders who have submitted Bids above the Issue Price shall be allotted Equity Shares on a proportionate basis, up to a minimum of 2,000 Equity Shares and in multiples of 2,000 Equity Shares thereafter for 95% of the QIB Portion.
- Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for by them, are eligible to receive Equity Shares on a proportionate basis, upto a minimum of 2,000 Equity Shares and in multiples of 2,000 Equity Shares thereafter, along with other QIB Bidders.
- Under-subscription below 5% of the QIB Portion, if any, from Mutual Funds, would be included for allocation to the remaining QIB Bidders on a proportionate basis. The aggregate Allotment to QIB Bidders shall not be more than [•].
- Equity Shares.

d. ALLOTMENT TO ANCHOR INVESTOR (IF APPLICABLE)

- a) Allocation of Equity Shares to Anchor Investors at the Anchor Investor Allocation Price will be at the discretion of the Issuer, in consultation with the BRLM, subject to compliance with the following requirements:
- b) not more than 60% of the QIB Portion will be allocated to Anchor Investors;
- c) one-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the price at which allocation is being done to other Anchor Investors; and
- d) allocation to Anchor Investors shall be on a discretionary basis and subject to:
 - a maximum number of two Anchor Investors for allocation up to ₹ 2 crores;
 - a minimum number of two Anchor Investors and maximum number of 15 Anchor Investors for allocation of more than ₹ 2 crores and up to ₹ 25 crores subject to minimum allotment of ₹ 1 crore per such Anchor Investor; and
 - in case of allocation above twenty-five crore rupees; a minimum of 5 such investors and a maximum of 15 such investors for allocation up to twenty-five crore rupees and an additional 10 such investors for every additional twenty-five crore rupees or part thereof, shall be permitted, subject to a minimum allotment of one crore rupees per such investor.
- e) A physical book is prepared by the Registrar on the basis of the Anchor Investor Application Forms received from Anchor Investors. Based on the physical book and at the discretion of the Issuer, in consultation with the BRLM, selected Anchor Investors will be sent a CAN and if required, a revised CAN.

f) In the event that the Issue Price is higher than the Anchor Investor Allocation Price:

Anchor Investors will be sent a revised CAN within one day of the Pricing Date indicating the number of Equity Shares allocated to such Anchor Investor and the pay-in date for payment of the balance amount. Anchor Investors are then required to pay any additional amounts, being the difference between the Issue Price and the Anchor Investor Allocation Price, as indicated in the revised CAN within the pay-in date referred to in the revised CAN. Thereafter, the Allotment Advice will be issued to such Anchor Investors.

a) In the event the Issue Price is lower than the Anchor Investor Allocation Price:

Anchor Investors who have been Allotted Equity Shares will directly receive Allotment Advice.

b) Basis of Allotment for QIBs (other than Anchor Investors) and NIIs in case of Over Subscribed Issue:

In the event of the Issue being Over-Subscribed, the Issuer may finalize the Basis of Allotment in consultation with the BSE (The Designated Stock Exchange). The allocation may be made in marketable lots on proportionate basis as set forth hereunder:

- a) The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e., the total number of Shares applied for in that category multiplied by the inverse of the oversubscription ratio (number of Bidders in the category multiplied by number of Shares applied for).
- b) The number of Shares to be allocated to the successful Bidders will be arrived at on a proportionate basis in marketable lots (i.e., Total number of Shares applied for into the inverse of the over subscription ratio).
- c) For Bids where the proportionate allotment works out to less than 2,000 equity shares the allotment will be made as follows:
 - Each successful Bidder shall be allotted 2,000 equity shares; and
 - The successful Bidder out of the total bidders for that category shall be determined by draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (b) above.
- d) If the proportionate allotment to a Bidder works out to a number that is not a multiple of 2,000 equity shares, the Bidder would be allotted Shares by rounding off to the nearest multiple of 2,000 equity shares subject to a minimum allotment of 2,000 equity shares.
- e) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Bidders in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Bidder in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising Bidder applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of 2,000 Equity Shares, results in the actual allotment being higher than the shares Issued, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the Issue specified under the Capital Structure mentioned in this Red Herring Prospectus.

Individual Investor/Bidder' means an Individual investor (including HUFs applying through their Karta and Eligible NRI Bidders), who applies or bids for the 2 lots with minimum application size of above ₹2,00,000. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with Stock Exchange.

The Executive Director / Managing Director of BSE - the Designated Stock Exchange in addition to Book Running Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

Issuance of Allotment Advice

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and Foreign Exchange Management Act, 1999 ("FEMA"). While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are the Reserve Bank of India ("RBI") and Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India ("DPIIT").

The Government of India, from time to time, has made policy pronouncements on Foreign Direct Investment ("FDI") through press notes and press releases. The DPIIT, has issued consolidated FDI Policy Circular of 2020 ("FDI Policy 2020"), effective from October 15, 2020, which consolidates and supersedes all previous press notes, press releases and clarifications on FDI Policy issued by the DIPP that were in force. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Policy 2020 will be valid until the DIPP issues an updated circular.

The RBI also issues Master Circular on Foreign Investment in India every year. Presently, FDI in India is being governed by Master Circular on Foreign Investment dated July 01, 2015 as updated from time to time by RBI and Master Direction – Foreign Investment in India (updated upto March 08, 2019). In terms of the Master Circular, an Indian company may issue fresh shares to people resident outside India (who is eligible to make investments in India, for which eligibility criteria are as prescribed). Such fresh issue of shares shall be subject to inter-alia, the pricing guidelines prescribed under the Master Circular and Master Direction. The Indian company making such fresh issue of shares would be subject to the reporting requirements, inter-alia with respect to consideration for issue of shares and also subject to making certain filings including filing of Form FC-GPR.

In case of investment in sectors through Government Route, approval from competent authority as mentioned in Chapter 4 of the FDI Policy 2020 has to be obtained.

The transfer of shares between an Indian resident to a non-resident does not require the prior approval of the RBI, subject to fulfilment of certain conditions as specified by DIPP / RBI, from time to time.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue and in accordance with the extant FDI guidelines on sectoral caps, pricing guidelines etc. as amended by Reserve bank of India, from time to time. Investors are advised to confirm their eligibility under the relevant laws before investing and / or subsequent purchase or sale transaction in the Equity Shares of our Company. Investors will not Issue, sell, pledge or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines. Our Company, the Underwriters and their respective directors, officers, agents, affiliates and representatives, as applicable, accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire Equity Shares of our Company.

Investment conditions/restrictions for overseas entities

Under the current FDI Policy 2020 and amendments from time to time thereupon, the maximum amount of Investment (sectoral cap) by foreign investor in an issuing entity is composite unless it is explicitly provided otherwise including all types of foreign investments, direct and indirect, regardless of whether it has been made for FDI, FPI, NRI/OCI, LLPs, FVCI, Investment Vehicles and DRs under Schedule 1, 2, 3, 6, 7, 8, 9, 10 and 11 of FEMA (Transfer or Issue of Security by Persons Resident outside India) Regulations, 2017

as amended from time to time. Any equity holding by a person resident outside India resulting from conversion of any debt instrument under any arrangement shall be reckoned as foreign investment under the composite cap.

Portfolio Investment upto aggregate foreign investment level of 49% or sectoral /statutory cap, whichever is lower, will not be subject to either Government approval or compliance of sectoral conditions, if such investment does not result in transfer of ownership and/or control of Indian entities from resident Indian citizens to non-resident entities. Other foreign investments will be subject to conditions of Government approval and compliance of sectoral conditions as per FDI Policy. The total foreign investment, direct and indirect, in the issuing entity will not exceed the sectoral /statutory cap.

Investment by FPIs under Portfolio Investment Scheme (PIS)

With regards to purchase/sale of capital instruments of an Indian company by an FPI under PIS the total holding by each FPI or an investor group as referred in SEBI (FPI) Regulations, 2014 shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or less than 10% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all FPIs put together shall not exceed 24% of paid-up equity capital on fully diluted basis or paid-up value of each series of debentures or preference shares or share warrants. The said limit of 10% and 24% will be called the individual and aggregate limit, respectively. However, this limit of 24 % may be increased up to sectoral cap/statutory ceiling, as applicable, by the Indian company concerned by passing a resolution by its Board of Directors followed by passing of a special resolution to that effect by its general body.

Investment by NRI or OCI on repatriation basis:

The purchase/sale of equity shares, debentures, preference shares and share warrants issued by an Indian company (hereinafter referred to as "Capital Instruments") of a listed Indian company on a recognized stock exchange in India by Non- Resident Indian (NRI) or Overseas Citizen of India (OCI) on repatriation basis is allowed subject to certain conditions under Schedule 3 of the FEMA (Transfer or Issue of security by a person resident outside India) Regulations, 2017 as amended from time to time. The total holding by any individual NRI or OCI shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or should not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants; provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the Indian company.

Investment by NRI or OCI on non-repatriation basis

As per current FDI Policy 2020, schedule 4 of FEMA (Transfer or Issue of Security by Persons Resident outside India) Regulations – Purchase/ sale of Capital Instruments or convertible notes or units or contribution to the capital of an LLP by a NRI or OCI on non- repatriation basis – will be deemed to be domestic investment at par with the investment made by residents. This is further subject to remittance channel restrictions.

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended ("US Securities Act") or any other state securities laws in the United States of America and may not be sold or Issued within the United States of America, or to, or for the account or benefit of "US Persons" as defined in Regulation S of the U.S. Securities Act, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of US Securities Act and applicable state securities laws.

Accordingly, the equity shares are being Issued and sold only outside the United States of America in an offshore transaction in reliance upon Regulation S under the US Securities Act and the applicable laws of the jurisdiction where those Issues and sale occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be Issued or sold, and Application may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company and the Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them and do not exceed the applicable limits under the laws and regulations.

Subject to the provisions of the Act and these Articles, the shares in the capital of the company shall be under the control of the Directors who may issue, allot or otherwise dispose of the same by way of right issue, bonus issue, preferential allotment, private placement or otherwise to such persons, in such proportion and on such terms and conditions and either at a premium or at par and at such time as they may from time to time think fit.
2. (i) Every person whose name is entered as a member in the register of members shall be entitled to receive within two months after incorporation, in case of subscribers to the memorandum or after allotment or within one month after the application for the registration of transfer or transmission or within such other period as the conditions of issue shall be provided,-
 - (a) One certificate for all his shares without payment of any charges; or
 - (b) Several certificates, each for one or more of his shares, upon payment of twenty rupees or without payment of any charge, for each certificate after the first, as the Board decided.
- (ii) Every certificate shall be under the seal and shall specify the shares to which it relates and the amount paid-up thereon.

(iii) In respect of any share or shares held jointly by several persons, the company shall not be bound to issue more than one certificate, and delivery of a certificate for a share to one of several joint holders shall be sufficient delivery to all such holders.

3. (i) If any share certificate be worn out, defaced, mutilated or torn or if there be no further space on the back for endorsement of transfer, then upon production and surrender thereof to the company, a new certificate may be issued in lieu thereof, and if any certificate is lost or destroyed then upon proof thereof to the satisfaction of the company and on execution of such indemnity as the company deem adequate, a new certificate in lieu thereof shall be given. Every certificate under this Article shall be issued on payment of twenty rupees or without payment of any charge, as the Board decided.

(ii) The provisions of Articles (5) and (6) shall mutatis mutandis apply to debentures of the company.

4. Except as required by law, no person shall be recognized by the company as holding any share upon any trust, and the company shall not be bound by, or be compelled in any way to recognize (even when having notice thereof) any equitable, contingent, future or partial interest in any share, or any interest in any fractional part of a share, or (except only as by these regulations or by law otherwise provided) any other rights in respect of any share except an absolute right to the entirety thereof in the registered holder.

5. The company may exercise the powers of paying commissions conferred by sub-section (6) of section 40, provided that the rate per cent or the amount of the commission paid or agreed to be paid shall be disclosed in the manner required by that section and rules made thereunder.

(ii) The rate or amount of the commission shall not exceed the rate or amount prescribed in rules made under sub-section (6) of section 40.

(iii) The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in the one way and partly in the other.

6. (i) If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, subject to the provisions of section 48, and whether or not the company is being wound up, be varied with the consent in writing of the holders of three-fourths of the issued shares of that class, or with the sanction of a special resolution passed at a separate meeting of the holders of the shares of that class.

(ii) To every such separate meeting, the provisions of these regulations relating to general meetings shall mutatis mutandis apply, but so that the necessary quorum shall be at least two persons holding at least one-third of the issued shares of the class in question.

7. The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking *pari passu* therewith.

8. Subject to the provisions of section 55, any preference shares may be issued on the terms that they are to be redeemed on such terms and in such manner as the company before the issue of the shares may, by special resolution, determine.

LIEN

9. (i) The company shall have a first and paramount lien—

(a) on every share (not being a fully paid share), for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and

(b) on all shares (not being fully paid shares) standing registered in the name of a single person, for all monies presently payable by him or his estate to the company:

Provided that the Board of directors may at any time declare any share to be wholly or in part exempt from the provisions of this clause.

(ii) The company's lien, if any, on a share shall extend to all dividends payable and bonuses declared from time to time in respect of such shares.

10. The company may sell, in such manner as the Board thinks fit, any shares on which the company has a lien:

Provided that no sale shall be made—

(a) unless a sum in respect of which the lien exists is presently payable; or

(b) until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.

11. (i) To give effect to any such sale, the Board may authorize some person to transfer the shares sold to the purchaser thereof.

(ii) The purchaser shall be registered as the holder of the shares comprised in any such transfer.

(iii) The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.

12. (i) The proceeds of the sale shall be received by the company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable.

(ii) The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.

CALLS ON SHARES

13. (i) The Board may, from time to time, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times:

Provided that no call shall exceed one-fourth of the nominal value of the share or be payable at less than one month from the date fixed for the payment of the last preceding call.

(ii) Each member shall, subject to receiving at least fourteen days' notice specifying the time or times and place of payment, pay to the company, at the time or times and place so specified, the amount called on his shares.

(iii) A call may be revoked or postponed at the discretion of the Board.

14. A call shall be deemed to have been made at the time when the resolution of the Board authorizing the call was passed and may be required to be paid by installments.

15. The joint holders of a share shall be jointly or severally liable to pay all calls in respect thereof.

16. (i) If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at ten per cent. per annum or at such lower rate, if any, as the Board may determine.

(ii) The Board shall be at liberty to waive payment of any such interest wholly or in part.

17. Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these

regulations, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable. In case of non-payment of such sum, all the relevant provisions of these regulations as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.

18. The Board

- a) may, if it thinks fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him; and
- b) upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the company in general meeting shall otherwise direct, twelve percent per annum, as may be agreed upon between the Board and the member paying the sum in advance.

TRANSFER OF SHARES

19. (i) The instrument of transfer of any share in the company shall be executed by or on behalf of both the transferor and transferee.

(ii) The shareholder desiring to sell any of his shares must notify to the board of directors of the number of shares, name of the proposed transferee.

(iii) The Board of Directors must Issue to the other proposed transferee and if the Issue is accepted, the shares shall be transferred to the acceptor.

(iv) The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.

20. The Board may, subject to the right of appeal conferred by section 58 declines to register—

- (a) The transfer of a share, not being a fully paid share, to a person of whom they do not approve; or (b) Any transfer of shares on which the company has a lien.

21. The Board may decline to recognize any instrument of transfer unless—

- (a) the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of section 56;
- (b) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and
- (c) the instrument of transfer is in respect of only one class of shares.

22. On giving not less than seven days' previous notice in accordance with section 91 and rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:

Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.

TRANSMISSION OF SHARES

23. (i) On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognized by the company as having any title to his interest in the shares.

(ii) Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.

24. (i) Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either—
(a) to be registered himself as holder of the share; or
(b) to make such transfer of the share as the deceased or insolvent member could have made.
(ii) The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.

25. (i) If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the company a notice in writing signed by him stating that he so elects.
(ii) If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.
(iii) All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.

26. A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company: Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.

27. In case of a One Person Company on the death of the sole member the person nominated by such member shall be the person recognised by the company as having title to all the shares of the member the nominee on becoming entitled to such shares in case of the members death shall be informed of such event by the Board of the company such nominee shall be entitled to the same dividends and other rights and liabilities to which such sole member of the company was entitled or liable on becoming member such nominee shall nominate any other person with the prior written consent of such person who shall in the event of the death of the member become the member of the company.

FORFEITURE OF SHARES

28. If a member fails to pay any call, or installment of a call, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or installment remains unpaid, serve a notice on him requiring payment of so much of the call or installment as is unpaid, together with any interest which may have accrued.

29. The notice aforesaid shall—

- (a) name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and
- (b) state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.

30. If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.

31. (i) A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the Board thinks fit.

(ii) At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.

32. (i) A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the company all monies which, at the date of forfeiture, were presently payable by him to the company in respect of the shares.

(ii) The liability of such person shall cease if and when the company shall have received payment in full of all such monies in respect of the shares.

33. (i) A duly verified declaration in writing that the declarant is a director, the manager or the secretary, of the company, and that a share in the company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share;

(ii) The company may receive the consideration, if any, given for the share on any sale or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of;

(iii) The transferee shall thereupon be registered as the holder of the share; and

(iv) The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.

34. The provisions of these regulations as to forfeiture shall apply in the case of nonpayment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

ALTERATION OF CAPITAL

35. The company may, from time to time, by ordinary resolution, alter its memorandum in its general meeting to increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution.

36. Subject to the provisions of section 61, the company may, by ordinary resolution,—

(a) consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;

(b) convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination;

(c) sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the memorandum;

(d) cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person.

37. Where shares are converted into stock, -

(a) the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit:

Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.

(b) the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.

(c) such of the regulations of the company as are applicable to paid-up shares shall apply to stock and the words “share” and “shareholder” in those regulations shall include “stock” and “stock-holder” respectively.

38. The company may, by special resolution, reduce in any manner and with, and subject to, any incident authorized and consent required by law,—

- (a) its share capital;
- (b) any capital redemption reserve account; or
- (C) any share premium account.

CAPITALIZATION OF PROFITS

39. (i) The company in general meeting may, upon the recommendation of the Board, resolve—

(a) that it is desirable to capitalize any part of the amount for the time being standing to the credit of any of the company's reserve accounts, or to the credit of the profit and loss account, or otherwise available for distribution; and

(b) that such sum be accordingly set free for distribution in the manner specified in clause (ii) amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions.

(ii) The sum aforesaid shall not be paid in cash but shall be applied, subject to the provision contained in clause (iii), either in or towards—

(A) paying up any amounts for the time being unpaid on any shares held by such members respectively;

(B) paying up in full, unissued shares of the company to be allotted and distributed, credited as fully paid-up, to and amongst such members in the proportions aforesaid;

(C) partly in the way specified in sub-clause (A) and partly in that specified in sub-clause (B);

(D) A securities premium account, a capital redemption reserve account and free reserves of the company may, for the purposes of this regulation, be applied in the paying up of unissued shares to be issued to members of the company as fully paid bonus shares;

(E) The Board shall give effect to the resolution passed by the company in pursuance of this regulation.

40. (i) Whenever such a resolution as aforesaid shall have been passed, the Board shall—

(a) make all appropriations and applications of the undivided profits resolved to be capitalized thereby, and all allotments and issues of fully paid shares if any; and

(b) generally do all acts and things required to give effect thereto.

(ii) The Board shall have power—

(a) to make such provisions, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of shares becoming distributable in fractions; and

(b) to authorise any person to enter, on behalf of all the members entitled thereto, into an agreement with the company providing for the allotment to them respectively, credited as fully paid-up, of any further shares to which they may be entitled upon such capitalisation, or as the case may require, for the payment by the company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalised, of the amount or any part of the amounts remaining unpaid on their existing shares;

(iii) Any agreement made under such authority shall be effective and binding on such members.

BUY-BACK OF SHARES

41. Notwithstanding anything contained in these articles but subject to the provisions of sections 68 to 70 and any other applicable provision of the Act or any other law for the time being in force, the company may purchase its own shares or other specified securities.

GENERAL MEETINGS

42. All general meetings other than annual general meeting shall be called extraordinary general meeting.

43. (i) The Board may, whenever it thinks fit, call an extraordinary general meeting.

(ii) If at any time directors capable of acting who are sufficient in number to form a quorum are not within India, any director or any two members of the company may call an extraordinary general meeting in the same manner, as nearly as possible, as that in which such a meeting may be called by the Board.

(iii) A general meeting of a company may be called by giving not less than clear twenty-one days notice either in writing or through electronic mode or may be called after giving a shorter notice before the General Meeting, if consent is given in writing or by electronic mode by not less than ninety-five percent of the members entitled to vote at such meeting.

PROCEEDINGS AT GENERAL MEETINGS

44. (i) No business shall be transacted at any general meeting unless a quorum of members is present at the time when the meeting proceeds to business.

(ii) Minimum two members personally present, shall be the quorum for a meeting of the company.

45. The chairperson, if any, of the Board shall preside as Chairperson at every general meeting of the company.

46. If there is no such Chairperson, or if he is not present within fifteen minutes after the time appointed for holding the meeting, or is unwilling to act as chairperson of the meeting, the directors present shall elect one of their members to be Chairperson of the meeting.

47. If at any meeting no director is willing to act as Chairperson or if no director is present within fifteen minutes after the time appointed for holding the meeting, the members present shall choose one of their members to be Chairperson of the meeting.

48. i) At any general meeting, a resolution put to the vote of the meeting shall, unless a poll is demanded under section 109 or the voting is carried out electronically, be decided on a show of hands.

ii) A declaration by the Chairman of the meeting of the passing of a resolution or otherwise by show of hands and an entry to that effect in the books containing the minutes of the meeting of the company shall be conclusive evidence of the fact of passing of such resolution or otherwise.

iii) In case of an equality of votes, the Chairperson of the meeting, shall have a second or casting vote.

ADJOURNMENT OF MEETING

49. (i) The Chairperson may, with the consent of any meeting at which a quorum is present, and shall, if so directed by the meeting, adjourn the meeting from time to time and from place to place.

(ii) No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

(iii) When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting.

(iv) Save as aforesaid, and as provided in section 103 of the Act, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.

VOTING RIGHTS

50. Subject to any rights or restrictions for the time being attached to any class or classes of shares,—
(a) on a show of hands, every member present in person shall have one vote; and
(b) on a poll, the voting rights of members shall be in proportion to his share in the paid-up equity share capital of the company.

51. A member may exercise his vote at a meeting by electronic means in accordance with section 108 and shall vote only once.

52. (i) In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders.

(ii) For this purpose, seniority shall be determined by the order in which the names stand in the register of members.

53. A member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or other legal guardian, and any such committee or guardian may, on a poll, vote by proxy.

54. Any business other than that upon which a poll has been demanded may be proceeded with, pending the taking of the poll.

55. No member shall be entitled to vote at any general meeting unless all calls or other sums presently payable by him in respect of shares in the company have been paid.

56. (i) No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting at which the vote objected to is given or tendered, and every vote not disallowed at such meeting shall be valid for all purposes.

(ii) Any such objection made in due time shall be referred to the Chairperson of the meeting, whose decision shall be final and conclusive.

PROXY

57. The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarized copy of that power or authority, shall be deposited at the registered office of the company not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, or, in the case of a poll, not less than 24 hours before the time appointed for the taking of the poll; and in default the instrument of proxy shall not be treated as valid.

58. An instrument appointing a proxy shall be in the form as prescribed in the rules made under section 105.

59. A vote given in accordance with the terms of an instrument of proxy shall be valid, notwithstanding the previous death or insanity of the principal or the revocation of the proxy or of the authority under which the proxy was executed, or the transfer of the shares in respect of which the proxy is given:

Provided that no intimation in writing of such death, insanity, revocation or transfer shall have been received by the company at its office before the commencement of the meeting or adjourned meeting at which the proxy is used.

(ii) Notice in writing of every meeting should be given to every Director by hand or by post or by facsimile or by e-mail or by any other electronic mode. Where a Director specifies a particular mode, the Notice should be given to him by such mode.

(i) Save as otherwise expressly provided in the Act, questions arising at any meeting of the Board shall be decided by a majority of votes.

(ii) In case of an equality of votes, the Chairperson of the Board, if any, shall have a second or casting vote.

72. (i) A committee may elect a Chairperson of its meetings.

(ii) If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the members present may choose one of their members to be Chairperson of the meeting.

73. (i) A committee may meet and adjourn as it thinks fit.

(ii) Questions arising at any meeting of a committee shall be determined by a majority of votes of the members present, and in case of an equality of votes, the Chairperson shall have a second or casting vote.

74. All acts done in any meeting of the Board or of a committee thereof or by any person acting as a director, shall, notwithstanding that it may be afterwards discovered that there was some defect in the appointment of any one or more of such directors or of any person acting as aforesaid, or that they or any of them were disqualified, be as valid as if every such director or such person had been duly appointed and was qualified to be a director.

75. Save as otherwise expressly provided in the Act, a resolution in writing, signed by all the members of the Board or of a committee thereof, for the time being entitled to receive notice of a meeting of the Board or committee, shall be valid and effective as if it had been passed at a meeting of the Board or committee, duly convened and held.

76. The Company, may by ordinary resolution, of which special notice has been given in accordance with the provisions of the Section 115 of the Act, remove any Director including the Managing Director, if any, before the expiration of the period of his office, notwithstanding anything contained in these regulations or in any agreement between the Company and such Director, such removal shall be without prejudice to any contract of service between him and the Company.

The Board of Directors of a company shall exercise the powers given under the provisions of section 179 on behalf of the company by means of resolutions passed at meetings of the Board.

Moreover, the Board may, by a resolution passed at a meeting, delegate any power to any committee of directors, the managing director, the manager or any other principal officer of the company

CHIEF EXECUTIVE OFFICER, MANAGER, COMPANY SECRETARY OR

CHIEF FINANCIAL OFFICER

77. Subject to the provisions of the Act,—

(i) A chief executive officer, manager, company secretary or chief financial officer may be appointed by the Board for such term, at such remuneration and upon such conditions as it may think fit; and any chief executive officer, manager, company secretary or chief financial officer so appointed may be removed by means of a resolution of the Board;

(ii) A director may be appointed as chief executive officer, manager, company secretary or chief financial officer.

78. A provision of the Act or these regulations requiring or authorizing a thing to be done by or to a director and chief executive officer, manager, company secretary or chief financial officer shall not be satisfied by its being done by or to the same person acting both as director and as, or in place of, chief executive officer, manager, company secretary or chief financial officer.

THE SEAL

79. (i) The Board shall provide for the safe custody of the seal.

(ii) The seal of the company shall not be affixed to any instrument except by the authority of a resolution of the Board or of a committee of the Board authorised by it in that behalf, and except in the presence of at least two directors and of the secretary or such other person as the Board may appoint for the purpose; and those two directors and the secretary or other person aforesaid shall sign every instrument to which the seal of the company is so affixed in their presence.

DIVIDENDS AND RESERVE

80. The company in general meeting may declare dividends, but no dividend shall exceed the amount recommended by the Board.

81. Subject to the provisions of section 123, the Board may from time to time pay to the members such interim dividends as appear to it to be justified by the profits of the company.

82. (i) The Board may, before recommending any dividend, set aside out of the profits of the company such sums as it thinks fit as a reserve or reserves which shall, at the discretion of the

Board, be applicable for any purpose to which the profits of the company may be properly applied, including provision for meeting contingencies or for equalizing dividends; and pending such application, may, at the like discretion, either be employed in the business of the company or be invested in such investments (other than shares of the company) as the Board may, from time to time, think fit.

(ii) The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.

83. (i) Subject to the rights of persons, if any, entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof the dividend is paid, but if and so long as nothing is paid upon any of the shares in the company, dividends may be declared and paid according to the amounts of the shares.

(ii) No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this regulation as paid on the share.

(iii) All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid; but if any share is issued on terms providing that it shall rank for dividend as from a particular date such share shall rank for dividend accordingly.

84. The Board may deduct from any dividend payable to any member all sums of money, if any, presently payable by him to the company on account of calls or otherwise in relation to the shares of the company.

85. (i) Any dividend, interest or other monies payable in cash in respect of shares may be paid by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of that one of the joint holders who is first named on the register of members, or to such person and to such address as the holder or joint holders may in writing direct.

(ii) Every such cheque or warrant shall be made payable to the order of the person to whom it is sent.

86. Any one of two or more joint holders of a share may give effective receipts for any dividends, bonuses or other monies payable in respect of such share.

87. Notice of any dividend that may have been declared shall be given to the persons entitled to share therein in the manner mentioned in the Act.

88. No dividend shall bear interest against the company.

ACCOUNTS

89. (i) The Board shall from time to time determine whether and to what extent and at what times and places and under what conditions or regulations, the accounts and books of the company, or any of them, shall be open to the inspection of members not being directors.

(ii) No member (not being a director) shall have any right of inspecting any account or book or document of the company except as conferred by law or authorized by the Board or by the company in general meeting.

WINDING UP

s90. (i) If the Company shall be wound-up, the liquidator may, with the sanction of a special resolution of the Company and any other sanction required by the Acts, divide amongst the members in specie or in kind, the whole or any part of the assets of the Company, whether they shall consist of property of the same kind or not.

(ii) For the purpose aforesaid, the liquidator may set such value as he deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the members or different classes of members.

(iii) The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the contributories if he considers necessary, but so that no member shall be compelled to accept any shares or other securities whereon there is any liability.

INDEMNITY

91. Every officer of the company shall be indemnified out of the assets of the company against any liability incurred by him in defending any proceedings, whether civil or criminal, in which judgment is given in his favor or in which he is acquitted or in which relief is granted to him by the court or the Tribunal.

OTHERS

Dematerialisation of Shares

92. i) Company shall be entitled to dematerialise its shares, debentures and other securities and to Issue any shares, debentures or other securities proposed to be issued by it for subscription in a dematerialised form and on the same being done, the Company shall further be entitled to maintain a Register of Members/ Debenture holders/ other Security holders with the details of members/ debenture holders/ other security holders holding shares, debentures or other securities both in materialised and dematerialised form in any media as permitted by the Act.
